The Acton Free Press

THURSDAY, NOVEMBER 6, 1922

EDITORIAL NOTES.

The election petition in Ligar, Man., was dismissed last week, and Mr. Stewart, Liberal, is consequently confirmed in his seat.

According to recent investigations regarding the real value of pauperism in Sweden, it is stated that 22 percent of the paupers in that country are habitual drunkards; that in 30 percent of the children cared for in the almshouses and asylums the father is or was a drunkard, and that in a less number of cases both parents were victims of strong drink.

The vote of the prohibitionists of Halton on the 4th December must total 21,700, if we do our share in reaching the necessary 212,000 in the province. The electors polled 4,629 votes in the general election of 1904, as follows: Acton 288, Burlington 238, Georgetown 320, Milton 1002, Oakville 307, Esquinton 1006, Naasagawya 500, Nelson 768, Trafalgar 654.

For the first time since confederation the Post Office Department of Canada is now on a self-sustaining basis. Hon. Wm. Mulock announced at a banquet in his honour at Toronto on Monday evening that "there is this year a surplus of \$5,000,000, and postage has been reduced to two cents since then."

There has been an active demand for hog products for the home markets this fall, and stocks are well cleaned up. The product has lately been selling right up to the smoke house doors, and the consequence is that prices have held very firm. The popularity of Canadian smoked meats was never as great as it is now with the British as well as the domestic trade.—Bridgeman.

The London Standard, the chief British organ of organized publishing, the full text of the Lester-Tarts correspondence, and express service that Mr. Tarts attempts no excuse for his line of action, which is contrary to all traditions of Cabinet government. The Standard says Sir Wilfrid Laurier is wounded with a moderation which would certainly not have been displayed by the Duke of Wellington or Lord Palmerston.

The Provincial License Department has sent out instruction to Licensed Inspectors throughout the Province to put a stop to the use of slot gambling machines in bar rooms. They have reappeared in a form which gives the gambler a chance—should it not be better to bring back the old slot machine? Inspectors will be recognized at the bar in cash or for an expense. Inspectors are instructed to give warning that prosecutions will follow whenever the machine is used.

The grain movement in the West has been very heavy the past week. The railways are busy hauling the grain to the lake to take advantage of the water shipments to the East. It is estimated that the C. P. R. has already hauled this season 18,500,000 bushels. This is about a fifth of the western wheat crop and makes a record for the big Canadian railway. The weather in the West has been fine lately, and has enabled the farmers to engage in harvesting and other fall work. New settlers are busy breaking ground, and the green acreage next year promises to show an astonishing increase.

Four weeks from today the vote on Prohibition takes place throughout the provinces of Ontario. This vote is different to the publics on Prohibition which have been taken in the past. They were taken merely to show the strength of the Prohibition vote. The vote on the 4th December, however, is for the enactment of a distinct and definite prohibitory law. If the prohibitionists of the provinces are loyal now to the question they have so earnestly advocated in the past, and will not let the polls and cast their votes for the 4th December, the liquor laws will have a prohibitory law in force. Every temperance elector who fails to poll his vote is voting most surely for the liquor traffic.

Nutrition In Its Best Form.

MALT BREAKFAST FOOD.

PROMOTES AND MAINTAINS HEALTH AND STRENGTH.

Malt Breakfast Food is a truly health food. No other cereal food gives such scientific concentration of life-giving nutriment. It is the most delicious and appetizing food ever given to the public, and being partially predigested, the weakest stomach easily digests the process and appreciates every particle. Malt Breakfast Food is the only breakfast cereal that has received the approval of the best physicians and the most noted food specialists. Its delicate flavor and great nutritive properties make it a food of wonderful value for invalids and convalescents. Once used, it becomes a necessity in the home. At G rocers sell it.

FAREWELL TO REV. J. K. GODDEN

This much-loved pastor and the Family Gold Goblets to Action on Tuesday.

FAREWELL-GATHERING MONDAY EVENING.

Rev. J. K. Godden, who has for seven and a half years been the faithful and acceptable pastor of St. Alban's church, said goodbye to the congregation last Sunday. There was a large attendance both morning and evening. The sermon in the morning was a loving exhortation to faithful service in the Master's cause. At the evening service Mr. Godden took for his text Rev. Paul's words in II Cor. 13:11, Finally, brethren, farewell. Be perfect, be of good comfort, be of one mind, live in peace, and the God of love and of power shall be with you.

Very warm and fitting words of farewells were spoken and the congregation left, suitably impressed.

On Monday evening the 15th p.m. a train going east was detained here for three hours.

A number of the members of the Methodist Church here attended the communion service at Silvan on Sunday morning.

A car of turpentine recently shipped from Rockwood to Ottawa, Ont., which had so pleased the consignees that a barrel of the same turpentine is ordered to be shipped by the grower, Mr. Geo. Bolton, of Rockwood, to President Roosevelt—McMurray.

AN INTERESTING EVENT OF THE PROCEEDINGS was the presentation of the following address, accompanied by a well-filled purse. The address was read by Mr. Geo. Chapman, Churchwarden:

To Rev. J. K. Godden, M. A.,

DEAR BROTHER: The thanks, through God's providence, for parting but hand and the congregation and friends of St. Alban's church desire to express in some slight degree our great regret at your removal from this parish, and the severance of the ties which have bound us so long.

We have felt the helpfulness of your friendly advice and spiritual counsel; the encouragement of your prayers, your sympathy and your example.

We have always found in both of you a loving and wise sympathy which is so dear to the human heart in times of sorrow and bereavement.

God bless you, dear brother, and faithful work for our beloved Church has been owned and blessed of God. We shall always look back with pleasure at the days when you were with us so long.

Mr. Henry Wilson left last week for a two weeks' visit with friends in Muskoka. He will join in the chase of the antlered monarch of the glen.

Mr. and Mrs. W. Holmes, of Campbellville, visited friends here last week.

Miss Lizzie Keefer has returned to her home. She was found at Mr. J. Scott's Clinganacousy, and returned on Saturday last. It is to be hoped that she now realizes the truth, "There's no place like home."

Hallowe'en passed off very quietly around the Grove.

CHURCHILL.

Mr. Brock Swackhamer held a very successful auction sale last week which was conducted by Wm. Henstreet, the veteran auctioneer. Mr. Swackhamer will remove shortly to Crowsnest Corners. He has lived all his life here and his removal will leave a blank in this vicinity.

Rev. John Ingram Hindley, M. A., Ph. D., the well-known Congregational divine, who was pastor of the Church here during 1901 and 1902, died Wednesday morning of last week after a lengthy illness. He gave up his singular work in the pastorate some time ago and has returned to Guelph.

Rev. J. CHAYMAN, Churchwarden, A. C. CHAYMAN, Churchwarden, Acton, Nov. 3rd, 1902.

Rev. Mr. Godden replied on behalf of Mrs. Godden and himself very fully.

He appreciated very much the kindly spoken words of the address, and the accompanying purse. Referring to his removal Mr. Godden said he felt very keenly the severance of the ties which have been so strong, but he was satisfied that God was leading him. He expressed most cordial wishes for the future prosperity of St. Alban's church and for blessings upon all present.

Kindly words of farewell followed by Rev. H. A. Macpherson, Rev. A. E. Smith, H. D., and D. Henderson, M. P.

A large company went to the depot on Tuesday to bid this estimable family God speed.

PROHIBITIONISTS' MAJORITY THREE DR. SAYER M. P. P. FOR NORTH NORFOLK UNSEATED ON TUESDAY.

SILVERNOV. 4.—North Norfolk has followed the fate of North Parry, and a second Conservative seat has been declared void. Justice MacMahon declared the election of Dr. Bulder, Conservative candidate valid to-day, after the examination of one or two witnesses.

Mr. E. J. Jarvis swore that he paid for the tickets for four electors residing in Brantford out of his own pocket, and as the agency of Mr. Jarvis was admitted, the court was asked to declare the election void, without proceeding farther with investigation. The cost of continuing the investigation would be considerable, but the court ruled that the investigation would be considerably more expensive.

Mr. Jarvis swore that he paid for the tickets for four electors residing in Brantford out of his own pocket, and as the agency of Mr. Jarvis was admitted, the court was asked to declare the election void, without proceeding farther with investigation. The cost of continuing the investigation would be considerably more expensive.

A convention of the prohibitionists of Halton was held in Milton on Saturday afternoon next. Halton has always taken strong grounds on the temperance issue; in fact this county has for thirty years been known as a banner county on this important question. The opportunity has now gone by default—when the cause of temperance could be brought before the public. The Dunkin Bill was put into effect, away back in the fifties. The Scott Act had three contests here. Both the Dominion and the Provincial prohibitionists were given opportunities to speak, but the Provincial Health Board is within reach of all. Every temperance doctor who can do so should attend the convention at Milton on Saturday.

The first Sunday in November was a beautiful bright Indian Summer day.

WINTER ORDERS FOR SPRING DELIVERY.

J. H. Hamilton's Electrical Magnet and W. H. Gough are now manufacturing the new Marlin Monuments to fit in the stone arches.

With the arrival of the cold weather this establishment is about to expand for man and woman work here before, and in order to keep the machinery running steadily very low prices are being given for work ordered now. Call at the shop or drop a card to J. H. Hamilton Guelph.

The side that gets most votes to the polls on December 4th, is the side that will win.
