Instead it will be observed on May 21. On Monday, the 10th November, however, there will be the usual royal salute fired at all military stations.

Boys Were Picking Apples.
Edward Todd and Robert Conroy, the Godolphin boys who were away from home a week or so ago, were found by their anxious fathers last Wednesday afternoon. The boys were picking apples on the farm of J. T. Marsh, at O'Dell's Corners. They were apparently quite well and being all covered. Both boys were fagged out as a result of their foolish prank - London Free Press.

Incident at Osgoode's Truck.
One evening last week Mrs. J. M. A. McNeill was going along Hill St. she tripped on a rope which some thoughtless or criminal trickster had tied between a tree and a telegraph pole across the pavement opposite the Methodist Church. Falling heavily, she sustained a severe sprain of the left wrist and a painful bruise on the right knee. It is a wonder more serious injuries did not result. The person who did this is a dangerous character and should be jailed and will promptly be given a severe punishment by the authorities if evidence is forthcoming which will convict them.

A Halloween Party Healed.
A Halloween party which took place which may be forgotten but the experience which some of our young people had last Friday evening will be remembered for many moons. About twenty had driven out to Mr. Joseph Albert on the Hill to enjoy a Halloween party. Everything went well until breakfast time when the report was circulated that a wheel of the wagon was missing. Search was made in every direction but in vain, the wheel was not to be seen. The search was brought to a close by one of Mr. Albert's good natured sons, but the gentleman "hoofed it" back. The missing wheel was found in the bush next morning.

The Holy City To-morrow Evening.
A very interesting evening of last week on Friday evening, when the famous Holy City Co. appear here under the auspices of St. Joseph's church. The company is a very high class one and is winning golden opinions everywhere. With the company are Miss Helena Pelletier, prima donna soprano; Grace B. Walton, female baritone; Wm. Patten, tenor; Dorothy Stanhope, pianist; The celebrated Holy City Trio, Gresson, the original money wiser and orchestra. There will be thirty-one life-like tableaux representing the notable events in the life of Christ. All who have seen this splendid entertainment say: "Don't miss it."

The School Board's Good Wishes.
On Wednesday evening of last week Dr. and Mrs. McKeague entertained very hospitably the members of the Board of Education and their ladies, at their residence on Frederick Street. The Dr.'s thoughtful kindness afforded the members an appreciated opportunity of spending a social hour with Rev. J. K. Golden, M. A., whose removal from Acton necessitated his resignation from the Board. After thoroughly enjoying the excellent repast provided Dr. McKeague spoke of the kindly relations which have existed between the members of the Board and the good of the evening and he felt that genuine regret was realized not only by the members of the Board but by our citizens generally at the removal of so worthy and useful a member. Similar references were made by Messrs. H. P. Moore, H. Grinnell, Chairman, Kenney and Rev. H. A. Macpherson, each expressing regret at the removal of Rev. and Mrs. Golden to California, and wishing them abundant good wishes. Rev. H. A. Macpherson, new field, Rev. Mr. Grinnell thanked Dr. and Mrs. McKeague very cordially for their hospitality and the members of the board for their kind words and sincere wishes. He had thoroughly enjoyed the association with the people of Acton during his seven years' residence here, and it has always been a pleasure to exert his will in public and private efforts for the welfare of the community.

Counterfeit \$5 Bills.
Counterfeit \$5 bills of the Bank of Montreal of 1911, which Mr. McNeill has turned up in Toronto lately, the former having first appeared in Lindsay, and as they are apt to travel west it may be well to be on the look out for them.

The Prohibition Campaign.
A highly interesting and well-attended meeting was held in the Methodist school room on Tuesday evening, Nov. 6. Mr. Wm. W. Smith, president of the Ontario Prohibition Association, gave a stirring address lucidly describing his experience in this well-known Currier Street Acton, where he was murdered by a mob of men hired by the liquor interest, because of his activity in the prohibition cause. Mr. Smith also gave a couple of prohibition songs with good effect. A very interesting and enthusiastic speech was made by Rev. A. L. Giggie, of Toronto, who mislaid the date of his lecture in Knox church and came to town to give to the right man, votes for prohibition on the 24th. Mr. Giggie gave important suggestions as to methods of canvass and work to secure best results. His address was very highly appreciated. Brief addresses were made by Rev. W. B. McAlpine, M. A., Rev. A. E. Smith, B. D., and Rev. H. A. Macpherson, the Vice-President and organizer for Acton. A pleasing feature was the rendition of a couple of songs with guitar and mandolin accompaniment by Mr. and Mrs. Davidson, the Royal Templar evangelists.

Ed. F. Davis' Uncle Tom's Cabin.
Company gave their play in the town hall Saturday evening to a crowded house. The audience was much delighted with the play and complimented the company which it thought with intelligent gusto in order to catch the ten o'clock train going east.

ROYAL TEMPLARS' Increasing.

Mr. and Mrs. Davidson, of Stratford, have been working in the interests of the Royal Templars here the past week. Six new members were initiated at the special meeting on Monday evening, and a special meeting will be held this evening when further additions are expected.

The Reception Committee.
The Committee of Eight who last week to consider the proposed recreation scheme with which they had been committed. Consideration of the question in detail showed that it was a big one. A tentative estimate of the cost of building of such character and dimensions as would meet the wants of all who are to be provided for, showed that an expenditure of \$4,000 to \$5,000 would be necessary. The committee is giving the matter careful thought and examining into the proposed scheme.

Acton Branch Consumption Amn.
At a meeting of Acton Branch of the Free Hospital for Consumptives held at the Free Hospital office last week, it was decided to hold a public meeting in the Town Hall early in December, and Dr. McKague, the Secretary, was commissioned to secure the presence of Mr. W. J. Giggie, or Mr. W. J. Robertson, Toronto, for an address at the meeting in addition to address by local physicians and others. A complimentary resolution to Rev. J. K. Golden, who has been President of the Branch since its inception, was passed at the meeting.

A convention of Hellenic Prohibitionists, to complete arrangements for the coming referendum campaign in this county, will be held in the Royal Templars' Hall, Milton, on Saturday, Nov. 18, at 2 o'clock p. m. As the time is very short and there are matters that require immediate attention it is very desirable that those to be large attendants of the workers. The work organizers are especially desired to be present. Mr. Wm. W. Smith, President of Ontario Prohibition Association, will be present and address the meeting.

Crusade Against Post Language.
Toronto police are out on a determined crusade to remove the use of bad language on the streets of Toronto. Within the last two weeks there have been a score of men fined for this offence. The magistrates have material aid to the police. The practice is altogether to condemn on Acton streets. The authorities are however on the alert for offenders and punishment is likely to follow if the illegal habit is persisted in. Constables Graham and Lawson have a list of names of young men who are charged with uttering volumes of blasphemous language at the corner of Mill and Elgin streets on Halloween, just as the congregation of the Baptist church was coming from their social evening. T. Goswami, Esq., Guelph, Ontario, is negotiating with the Toronto Police for the transfer of the stone implement factory, situated at the corner of Rutland and Yorkville Sts. Possession is given on Dec. 1st. Mr. Thomas Gowdy, Sr., is giving up business entirely and will retire. Mr. Joseph Gowdy will spend a year in closing up the Gowdy business. The dropping out of Mr. Thomas Gowdy from the active business life of the city will be regretted though he has more than earned the right to take a rest. At an age when most men are retiring from active service, Mr. Gowdy took hold of this important business and has gradually eased it through the vicissitudes attending the winding up of the smaller agricultural implement business in Canada. - Guelph Mercury.

Smashup at "The Apple Tree."
It is sad to think that an accident occurred on the G. T. R. in this vicinity, but Monday evening saw one that entailed serious damage to three train loads of passengers. About five o'clock a heavy freight, with an engine in front and two shoving in the rear, was ascending the grade half a mile above the Main Street crossing, when a car of lumber jumped the track opposite the private crossing on Mr. Peter McDonald's farm, at the point where "The Apple Tree" is the limit of moonlight. The lumber car, which was loaded with light pine, was derailed and overturned. The rails and ties were torn up for some distance and the lumber was converted into kindling wood. After some effort by the train crew to get it on again, the engine and cars were telegraphed for and arrived about 8 o'clock. After an hour's work the track was cleared and traffic resumed. Several Guelph people were on the train, which arrived here at 5:15 and 6:17. Both these trains were stopped at Acton. The passengers were informed by the conductors, they state, that there would be plenty of time for them to go down to the hotel and have tea. While they were doing this, however, the train moved out to the scene of the wreck, leaving them in town. They had to remain in town all night and felt much annoyed that they were necessarily put to further inconvenience.

MISERABLE NIGHTS.
What to Do When Baby is Fretful and Sleepless.

It is wrong to take up a wailing baby from the cradle and walk it up and down the floor all night. It demoralizes the infant and enslaves the parents. Baby does not cry for the fun of the thing, it cries because it is not well generally, because its stomach is sour, its little bowels congested, its skin hot and feverish. It loves it and it will keep all night, every night growing stronger in proportion. Just what mothers need is told in a little book, "Baby's Own Tablets," written by Dr. Wm. J. Macleod, of Hamilton, Ont., who says: "I cannot say too much in favor of Baby's Own Tablets. They have worked like a charm with my baby, who was very restless at night, but Baby's Own Tablets soon brought him to sleep and he will never be without a box while I have a baby." Baby's Own Tablets cure all those ailments of little ones, and are guaranteed to contain no opiate or other harmful drug. They are sold at 25c. a box by all druggists, or you can get them by mail, post paid by writing direct to the Dr. Williams' Medicine Co., Brockville, Ont., or Schenectady, N. Y.

Contentment may be better than wealth, but the most of us are compelled to jog along without either.

An Ancient Foe

To health and happiness is Scrofula as ugly as ever since time immemorial. It causes blemishes in the neck, disfigures the skin, inflames the mucous membrane, wastes the structure, weakens the bones, reduces the power of resistance to disease and the capacity for recovery, and develops into consumption.

None of my children had scrofula since which kept growing deeper and kept them from going to school for three months. Ointments and medicines did no good until I began giving them Hood's Sarsaparilla. This medicine caused the sores to heal, and the children have shown no signs of scrofula since. - J. W. Morris, Woodstock, Ont.
