

THE CIGARETTE BY-LAW
Introduced by the Council in Res-
ponse to the Requests of Strong
Deputation of Leading Clergymen.

REGULATION OF LIQUOR LICENSES
"MOLDERS LEFT WITH THE
COMMISSIONER."

will be delighted if the Council can back up their efforts by legal enactments, and if they comply with the requests of this strong and representative deputation, surely no one can blame them for any vigilant efforts they may put forth to avert the evils which exist.

Rev. H. A. Macpherson was the last speaker of the deputation and made a strong appeal: "that we have sympathy with each other and a desire to act to preserve Acton's good name. Acton has passed through a great trial and been subjected to a close inspection lately. Many changes and alterations have been made upon the moral condition of the town, and I feel that the adoption by the Council of the proposals placed before them tonight will help our citizens to avert the necessity of a more rigid supervision of the morals of the community, and the engendering of a more wholesome respect for righteous law. If the good reputation, for high moral status which Acton has enjoyed so long is to be restored and maintained."

The members of the Council were all present: Rev. Swackhamer occupying the chair.

The Committee on Finance presented their fourth report and recommended payment of the following account:

Hannigan, English Packing
Cigar supplies..... \$10.00
W. B. Anderson, work at
Cemetery..... 1.50
22.50

Moved by George Hynde, Seconded by John Agnew, that the fourth report of the Committee on Finance be read and adopted.

At this point the deputation composed of the Board of Education—W. H. Kennedy, chairman, H. Grindell, Dr. McKeague, Rev. H. A. Macpherson, and R. B. Johnston—and Rev. A. E. Smith, Dr. J. Macdonald, ex-Rev. Nicklin, John S. Coleman and H. P. Moore, entered the council chamber.

The deputation was introduced by H. P. Moore, J. P., who stated that they felt as citizens that the time had come when concerted action should be taken by the Council and those interested to urge the change.

Major Hamilton presided in his pre-election campaign to do all in his power to limit the influence of the liquor traffic upon the community, and he is fulfilling his pledges in this respect, in all possible ways. He goes at matters in a practical manner and is fortunate in having associated with him a Council which is ready to support him in these moral reforms.

Guelph has had a long succession of excellent mayors, but no one of them grappled with a finer hand such questions as that which was before the City Council last week. All honor to him for his foresight and tenacity.

A very important confection of representatives for municipalities with in reasonable distance of Niagara Falls was held at Berlin last week to consider the feasibility of the transmission of electrical energy from Niagara Falls under the control of a commission appointed by the Government, with a provincial guarantee of the debentures issued to raise funds and Government control of rates. It is estimated that power can be produced and delivered at \$0 to \$10 per horse power. This is much below the cost of power by steam. It will be worth while for this municipality to put itself in touch with the movement. The manufacturers, electric lighting system, etc., require between 400 and 600 horsepower. If the scheme proposed goes through and an electric line is run from Toronto, Guelph and Berlin, it will be profitable for the line to pass through Acton, and would be a boon to all users of power.

GEORGETOWN.

Mrs. Violet Barber, daughter of John R. Barber, M. P. P., has been very ill at St. Margaret's College, Toronto, the past week.

Rev. R. J. Drysdale will preach a sermon on the influence of bad books on the youthful mind, in the Congregational Church on Sunday evening.

Mrs. H. W. Kennedy has this month suffered a double bereavement in the death of both her parents at Southend near Niagara Falls. Her mother, Mrs. F. A. Hutt, died on the tenth inst., and last Wednesday the sad news of her father's death from pleurisy was sent her. General sympathy is felt and expressed for Mrs. Kennedy in this heavy bereavement.

THE SECRET OF HEALTH.

To Pure, Rich, Red Blood and Strong
Nerve.

You can always tell amorous men and women. They are pale, weak and languid—the victims of headaches and toothaches, easily tired and always seem to want to sleep. They cannot eat or sleep well, and when they do they are apt to wake up in the middle of the night and kill sleep; their temper is irritable, their vitality vanishes. And all comes from poor blood and unstrung nerves. You can promptly banish amorous by enriching your blood and toning up your nerves with Dr. Williams' Pink Pills. They bring good appetite, sound sleep, bright spirits and perfect health. They are incomparably the greatest health-giving medicine that science has yet discovered. All over the world, grateful people prove the truth of these statements. Miss A. M. Buckley, Oxford, Ont., says: "I do not know what would have become of me had I not been for Dr. Williams' Pink Pills. My blood seemed to have turned to water, and I was troubled with headaches, dizziness and general prostration. Eventually, I became so weak I could scarcely move about. I tried several medicines, but they did not help. Then I was advised to try Dr. Williams' Pink Pills, and I soon began to find great benefit from them, and after taking them for a few weeks, all my old strength had returned."

"Don't waste time and money experimenting with other medicines, when Dr. Williams' Pink Pills will surely make you well. You can get them from any dealer in medicine, or post paid, at 50c per box, or six boxes for 25c, by writing direct to the Dr. Williams' Medicine Co., Brockville.

The report was adopted.

Councillor Brown—How could we close the hotel at nine o'clock? There are always travellers coming in off the road.

Coun. Hynde—You have been converted then. You favored it reduce-

tion of the by-law.

Rev. H. A. Macpherson—It is a fact that it was hard to get the Council to accept the proposal, but the public will be better off if the by-law is reduced.

Coun. Hynde—It is a fact that it was hard to get the Council to accept the proposal, but the public will be better off if the by-law is reduced.

Rev. H. A. Macpherson—It is a fact that it was hard to get the Council to accept the proposal, but the public will be better off if the by-law is reduced.

Coun. Hynde—It is a fact that it was hard to get the Council to accept the proposal, but the public will be better off if the by-law is reduced.

Rev. H. A. Macpherson—It is a fact that it was hard to get the Council to accept the proposal, but the public will be better off if the by-law is reduced.

Coun. Hynde—It is a fact that it was hard to get the Council to accept the proposal, but the public will be better off if the by-law is reduced.
