

Get the Most Out of Your Food
 You don't want to eat your stomach full. A weak stomach does not digest all that is ordinarily taken into it. It gets tired easily, and what it fails to digest is wasted.

Among the signs of a weak stomach are: uneasiness after eating, flat or nervous headache, and disagreeable belching.

Hood's Sarsaparilla
 Strengthens and tones the stomach and the whole digestive system.

CROSSING BRIDGES.
 No doubt that bridge will be safe and strong. When you reach it, so do not fear. Just keep up your smiles, and the cherry song.

Do not keep your eyes on the shining way. Beyond it lie fear and clear. And enjoy the trees and the flowers.

The path in your path, my dear, For the thought will come, with a thrill of pain. That we "may not pass this way again."

But stop if you meet with a burdened soul. And give just a word of cheer. While looking above to the final goal. "Help others to reach it, my dear. And who can tell? That "bridge" may be a blessing disguised both for you and me.

Here is a Point.
 Because you have used Catarrhine is the best reason why you should use it right away. It will cure the Catarrh that makes your breath so heavy and your hearing so poor.

Catarrhine is a scientific cure for Catarrh, Bronchitis and Asthma, recommended by doctors and druggists as a certain cure. Mr. Henry A. Taylor, the oldest druggist in Halifax, says: "Catarrhine gives satisfaction wherever it goes. It is simple and convenient to use, and enjoys a popularity three times the sale of any other Catarrh remedy sold in the city."

Catarrhine is guaranteed to cure, and if it fails you can have your money returned. Price \$1.00 for two months' treatment. Small size 25c. Druggists or Polson & Co., Kingston, Ont.

Don't let a dollar get so large in your sight that you cannot see around it.

There is danger in neglecting a cold. Many who have died of consumption dated their troubles from exposure, followed by a cold which settled on their lungs, and in a short time were beyond the skill of the best physician. Had they used Bickel's Anti-Consumptive Syrup, before it was too late, their lives would have been spared. This medicine has no equal in curing colds, coughs and all affections of the throat and lungs.

Don't waste time in vain regrets if hustling will repair the mistake.

Much distress and sickness in children is caused by worms. Mother Graves' Worm Exterminator gives relief by removing the cause. Give it a trial and be convinced.

Don't live a lie in the expectation that it will never be found out.

Pimples and blotches.
 How unightly, sometimes disgusting, mortifying to the sufferer and unpleasant to all. An evidence of poor blood and lowered vitality of the eliminating organs. They need toning up—the whole system does. You can quickly bring about the improved condition by using Perozone. Poisons are driven out of the blood; organs grow stronger; the blood richer, the nervous system purer. Pimples and blotches disappear, color becomes good. Glad to get out of a box of Perozone.

Don't forget that if you listen to gossip you have no right to complain when you are its subject.

A Clear, Healthy Skin.—Eruptions of the skin and the blotches which blotchy beauty are the result of impure blood caused by unhealthy action of the liver and kidneys. In eradicating this unhealthy action and restoring the organs to their normal condition, Parson's Vegetable Pills will at the same time cleanse the blood, and the blotches and eruptions will disappear without leaving any trace.

A plain woman takes pride in her friends, a beautiful woman in her enemies.

MOTHER AND CHILD
 Scott's Emulsion is cod liver oil made almost as palatable as milk. It is easy and soothing to the weak stomach; it checks the tendencies of children toward thinness.

Scott's Emulsion gives strength to weak mothers because it creates healthy flesh and new blood.

Nursing mothers will find a special value in Scott's Emulsion because it insures a flow of rich, nourishing milk for the baby. More and better than a medicine; Scott's Emulsion is a food.

Well send you a sample free upon request. SCOTT & BOWNE, Toronto, Ont.

BE JUST WITH THE LITTLE ONES.
 Many a woman, who would not think of lightly breaking a promise to a grown-up person, is utterly careless about keeping her word to her children. She promises whatever is convenient at the moment, and apparently thinks that the breaking or keeping of these promises is a matter in which she can please herself, and that her children have no right to consider themselves aggrieved if she does not keep.

A mother who acts thus does her children wrong. She forgets that the sense of justice is strong in quite a little child, and that it is natural and reasonable that he should expect his parents to be as good as their word, and to fulfill their promises, even at the cost of convenience. Promises should not be lightly broken, and the parent who is guilty of this soon loses his children's confidence, which is one of the sweetest things which one little word can give to another.

When boys and girls begin to doubt their parents' truthfulness, they soon learn around for some one else whom they can trust, and on that person they shower their affection and bestow their confidence.

Dr. Low's Pleasant Worm Syrup is a safe death to the worms every time, but harmless to the phlegm, head and child. It contains its own cathartic, so there is no need of giving castor oil or other purgatives afterwards. Price 25c.

Love is like new milk—no matter how sweet, it will turn sour during a storm.

Chest Pelt Blow.
 "I caught a severe cold which made my chest feel raw and tight. I used Dr. Wood's Norway Pine Syrup and it loosened the phlegm, headed the lungs, and made me perfectly well."
 NINA McKEAY, Ripley, Ont.

Death on Coughs.
 Don't let a new cough grow old. Kill it while it is young or it may kill you. Scott's Emulsion can't hurt you but its relief on coughs—new and old.

Why in all the wide world to people say that hullyling is cowardly?

Great Difference in Corn Cures.
 Many are destructive to the flesh and dangerous to use, but the reliable Bataman's Corn Extractor removes Corns, Warts, Bunions, without pain in 24 hours. No pain, no failure, "Putnam's" cure.

When a woman is thoroughly tired, she finds nothing so refreshing as a nice long talk.

Gratitude compels me to acknowledge the great merit of your Vegetable Compound. I have suffered for four years with irregular and painful menstruation, also diarrhoea, pains in the back and lower limbs, and distal sleep. I treated the time to count me satisfied only mean suffering to a few weeks, and was worth more than months under the doctor's care, which really did not benefit me at all. I feel like another person now. My aches and pains have left me. I am satisfied there is no medicine so good for sick women as your Vegetable Compound, and I advocate it to my friends in need of medical help.—Mrs. B. H. ASKIN, 22 Broad St., Nashville, Tenn.—2500 for full original of name, letter proving genuineness can be produced.

When women are troubled with irregular, irregular, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

The normal woman is capable of one and a half babies.

Ho There a Will Windom Points the Way.—The sick man pines for relief, but he dreads getting for a doctor, which means a battle of drugs never consumed. He has no the resolution to load his stomach with compounds that smell villainously and taste worse. But if he has the will to deal honestly with his ailment, wisdom will direct his attention to Parson's Vegetable Pills, which as a specific for indigestion, and disorders of the digestive organs, have no equal.

The Last Hope Healed.
 (From the Montreal, Montreal, Mont.)
 In the first opening of Oklahoma to settlers, the best, the editor of the paper was among the many seeking after fortune who made the big case one fine day in April. During his traveling about and afterwards his rambling upon his claim, he encountered much water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad that he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the diarrhoea was soon arrested and the diarrhoea brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope.
