

Itching Skin

Disease by day and night. That's the complaint of those who are so unfortunate as to be afflicted with Eczema or Itch. Eczema and out-ward applications do not cure. They can't.

The source of the trouble is in the blood—makes that good of this itching, burning, itching skin disease will disappear.

"I was taken with an itching on my arms which proved very disagreeable. I consulted Dr. Wood's Sarsaparilla. In two days after taking it I felt better and it was not long before I was cured. I have never had any skin disease since." Mrs. I. K. Ward, Care Yorkville.

Hood's Sarsaparilla cures all impurities and cures all eruptions.

ALPHREDA THOMAS

What is the matter with Alfred? O tell me quickly, do!

He weeps aloud from dawn till dark. And surely you can best him! Hark! "Hoo-hoo! hoo-hoo! hoo-hoo!"

"What is the matter with Alfred? I long to know," said I. "For this is very hard to bear—To see him stand in sorrow there, And cry and wail and cry."

"The fact is, sir," his brother said, "He's in the very best of health. Because mamma has told him true—He's only six and a day or two. And he thought that he was eight."

Even more than church boys he talks promissory Christianity.

When you are tired of the list of cures your friends suggest for bronchitis—try Scott's Emulsion. It is rather mild tasting compared to most attacks on all forms of throat and lung disease.

SAVING ON WOMEN.

The Spanish rhyme has it: "Were a woman as little as she is good, a peep would make her a gown and a hood."

An old English saying: "If a man love a woman and a farthing, he will be sorry he lost the farthing."

The French adage: "A man of straw is worth a woman of gold."

The Scotch say: "Honest men marry women who mean never."

The Arabian declares: "Words are women's shields and men's." The Hindu says a woman's wisdom is under her heel.

The German states that whenever there is mischief brewing a woman is at the bottom of it.

The Persian asserts that women and dragons are best out of the world.

The Corsican says: "Just as a good and a bad horse both need the spur, a good and a bad woman both need the whip."

In proportion to its size a mosquito draws better than the average cigar.

Foundation Principles

First: When we undertake to fill your unsatisfied, we give them our undivided attention and best care. The patient's welfare is our first consideration.

Second: We guarantee our drugs to be of full strength as well as pure and fresh.

Third: Our customers are supplied with just what they ask for, substituting if never allowed.

Fourth: Our customers are supplied with just what they ask for, substituting if never allowed.

Fifth: Our customers are supplied with just what they ask for, substituting if never allowed.

Sixth: Our customers are supplied with just what they ask for, substituting if never allowed.

Seventh: Our customers are supplied with just what they ask for, substituting if never allowed.

Eighth: Our customers are supplied with just what they ask for, substituting if never allowed.

FEMININE FIGURES.

"No," said the woman in the case; "I cannot marry you; the disparity in our ages is an insurmountable barrier."

"But," answered the man who wanted a hubby, "you admit to having celebrated 22 birthday anniversaries, and I am only 10 years your senior."

"True," said the fair one, "but think of the difference in your brains—you will be 52 and I will be 27."

And, being a wise man, he said never a word, but let it go at that.

Of special interest to ladies. Especially Warts can be removed in a few hours, by Putnam's Painless Cream and Wart Extractor. Reliable, safe and sure. Try "Putnam's."

The Whitest Corset says that "some of the Southern dialect has the appearance of a load of ground light-weight knots, and is just what an intelligent Atlanta Constitution."
