It is better to have a little child than to have a tall one.  
Your color is not good. Restless one moment, fretful and blue the next. The world's out of joint. You're out of joint with the world. Not temper, not feeling, but weakness. Neglect is unwise. You grow steadily weaker. Get good rich blood, then get more vigor, strength and buoyancy. You will see a dozen things to do; you will do them too, if you use Ferruzone. It sharpens the appetite, and you enjoy your food; you get color, and old-time strength comes back. That's because Ferruzone aids digestion and makes rich blood. Ferruzone is strength for the nerves and vigor for the brain. Be sure of the name, Ferruzone. Sold by all druggists and medicine dealers.

**THE NEW POSTAGE STAMPS.**  
Special interest is attached to the new Canadian stamps with the King as head in that the design for the six was prepared under the personal advice of the Prince of Wales. The King's portrait, said the Birmingham Daily Post, was selected by the King's approval, who decided on a relief upon the reproduction of a good photograph, instead of employing an artist to draw a special likeness. The new Canadian stamps thus bear the best likeness of His Majesty that has yet been produced on labels of this kind, while the addition of the Coronation ribbon on the shoulders is a decided improvement upon the last head and neck applied on English postage stamps. - Canadian Gazette.
