New Ontario's Attractions.

The editor of the "Pictorial" returned on Monday with a week's trip through New Ontario which had many enjoyable features and proved a revelation as to the value of the "Ontario" calling district as a travel territory for tourists. This district with its millions of acres of well timbered and well watered lands in the clay belt, is already the home of thousands of contented settlers with very bright prospects. Owing to unusual pressure upon our columns, a long and detailed description of the country and the great trip is crowded out, but will appear next week.

Excellent Apple Crop.

Mr. Adam Cook, who in this year acted as agent for Mr. D. G. Hamilton, the apple expert, states to the "Pictorial" that the apple crop in this vicinity is magnificent. He has already shipped several cars of fruit from this vicinity and before the season ends the output will probably total about 1,000 barrels. This section appears to be decidedly favorable for apple growing and Mr. Cook informs us that if Halton farmers could give a little more attention to their orchards and be more careful of the quality of fruit packed, the country would stand very well in the head of the list both in regard to the yield and quality as an apple producer.

A Pretty and Interesting Town.

In returning from the press trip to New Ontario the editor was struck by the beauty of the country and the great trip is crowded out, but will appear next week.

Thousands of Liver Made Miserable

by a Troublesome Easly Overcome.

Thousands of people throughout this country suffer continually from nervousness—their blood is poor and watery, their nerves unstrung and jaded. They are pale, weak, often troubled with headaches and dizziness, and are exhausted with the slightest exertion, and often feel that life is a burden. There is only one absolutely certain way to get new health and strength, and that is through the use of Dr. Williams' Pink Pills for Pale People. These pills make new, rich, red blood, strengthen the nerves, and bring health, strength and happiness to those who use them. Mr. D. W. Daley, Crystal City, Manitoba, proves the truth of this. He says: "I have had continual Dr. Williams' Pink Pills with wonderful results. Before using them I was weak and nervous; my blood was poor; I was pale and suffered from pains in the region of the heart. Now after the use of eight boxes of these pills, my nerves are strong; my blood is pure and rich; I have a good color and my heart action is regular. I think there is no medicine that can equal Dr. Williams' Pink Pills for these troubles."

This is the verdict of all people who have given the pills a fair trial, and those who are sick can obtain new health and strength through the use of this medicine. Do not waste your money and further endanger your health by taking any substitute. See that the full name, Dr. Williams' Pink Pills for Pale People, is printed on the wrapper around every box. If you cannot get the pills from your dealer they will be sent by mail at 50c a box, or six boxes for \$2.50 by writing to The Dr. Williams' Medicine Co., Brockville, Ont.

If your children are troubled with worms, give them Mother's Gray's Worm Expeller; safe, sure and efficient. Try it, and mark the improvement in your child.
