

BORN.
Burton—In Acton, on Sunday, Oct. 6th October, 1912, to Mr. and Mrs. George Blackson, a son.
MARRIED.—Mr. and Mrs. Philip G. Coulter, Oct. 6th, by Rev. Mr. John L. Blackson.

NEW ONTARIO'S ATTRACTIONS.

(Continued from page 1)

The members of the Press Association were afforded every opportunity of seeing the country to advantage. On Thursday a steamer trip of some sixty or seventy miles took us to the north end of Lake Temagami and thence up the Blanche River to within half a dozen miles of Tous-Tous.

A short call was made at North Temagami on the Quebec side, a Hudson's Bay post for trapping. The building formerly occupied by the son of Andrew Murray, to Edith G. Denny, daughter of the late Mrs. George Crawford of Montreal.

MURRAY—At the Methodist Parsonage, Rockwood, on Wednesday, 28th Sept., 1912, by Rev. A. J. Bell, rector. Victoria Gladys, daughter of Mr. and Mrs. Andrew Murray, daughter of the late Mrs. George Crawford of Montreal.

EDITORIAL NOTES.

The late Hon. Dr. Landenkin is the sixteenth Senator who has died during the present Parliament. With Senator Landenkin's demise there are now four vacancies in the upper House. The other seats unfilled are those of the late Senator Pinxton, Cochrane and Dickey.

Hon. T. Broome, speaking in Liverpool, referred to his arrival from Canada, and referring particularly to his journey through Manitoba, where he went to view Canada's wheat-growing resources, said: "I am convinced that the Canadian northwest is capable of producing all the wheat the empire needs for generations to come."

The Westminster Gazette, referring to the passing of the Canadian four-cent bank note guaranteed by the Imperial Government, for a million dollars, and the fact that it is not worth a million, says it is very satisfactory in these times of unprofitability for large borrowing operations that one of our colonies is in a position to thus promptly redeem a debt falling due.

MASAGAWEYA FALL FAIR
The Wet Weather Interfered
Locally With Fair and
Attendance.

Good weather is always an important contributory element in the success of the Agricultural Fairs. Without it failure is almost certain. Masagaweya experienced fair Thursday with the exception of a few which, if anything, was unfortunate. The wet weather caused a large shrinkage both in entries and attendance, and Campbellville had not the large crowd of visitors it had made preparations for.

The exhibits of cattle and sheep were good, considering the prevailing conditions. In horses the show was one of the best that has been held for some time. The exhibit of grain and roots was fair and what was shown was up to the mark of former years. In ladies' work and fine arts the samples shown were excellent. The number of entries were small, and considerable vacant space in the building was noticeable. One thing observable about the grounds was the absence of the usual gang of fakirs.

THE MUNICIPAL COUNCIL
Brief Session and Small Booklet of
Business on Monday Evening.

Council met on Monday evening, Members present: H. Swackhamer, Reeve and Councillors: Hynde, Brown and Jones.

The Committee on Finance presented their annual report and recommended payment of accounts as follows:

Moved by George Hynde, seconded by James Brown, that the report of the Finance Committee just read be adopted.—Carried.

The satisfaction of the electric light street extensions; the mode of repair to some streets and other matters were discussed, but no other business was transacted.

Council adjourned at nine o'clock.

LIMELIGHT.

The home of Mr. and Mrs. O'Neill was the scene of a happy event last Wednesday, it being the occasion of the marriage of their oldest daughter, Annie, to Mr. Arthur Cooney, of Toronto. The bride looked charming in a gown of taffeta silk with chiffon trimmings. She wore a veil with orange blossoms and carried a bouquet of roses. The going away gown was steel gray with black lace trimmings and feathers. Mr. and Mrs. Cooney left on the evening train for Toronto where they will reside. They have the best wishes of a host of friends for their happiness.

Quite a large number from here attended the fall show at Georgetown on Tuesday.

ROCKFORD.

A very interesting and somewhat unusual event occurred at the Methodist parsonage on Wednesday morning, Sept. 30th. At nine o'clock in the morning a double wedding was solemnized by Rev. W. H. Gartham, B. D., Mr. Peter Murray, son of Councillor Andrew Murray, 1st line, Rockford, was united in marriage to Miss Edith G. Denny, daughter of Mr. John Denny, of Esquinton, and Mr. Frederick Denny, son of Mr. John Denny, to Miss Edith Murray, daughter of Mr. Andrew Murray. Nature in her sweetest mood on the delightful September morning smiled graciously on the newly-betrothed, a happy augury we trust, of long and happy and prosperous bliss for all concerned. A large circle of friends, with for them all a very successful voyage over the marshy mudflats.

Mr. Charles Jolliffe leaves this week for Burford where he has been engaged for pastoral work for the balance of the Conference year. He will be under the superintendence of Rev. Henry Goldwell, who is well known here. The best wishes of his friends here follow him.

THE INAUGURAL SERMONS.

(Continued from page 1)
Rev. J. C. Wilson, B. A. Greeted by
Very Large Congregations
Last Sabbath.

THE GOSPEL EXPOUNDED IN ABILE DISCOURSES.

It must have been gratifying alike to the new pastor and his people that Knox Church has Sabbath services with both morning and evening services. Rev. Mr. Wilson's first sermon ad eundem. Like a teacher he addressed them and all hearts were won by his manner, though in his new relationship, kind and blessed by the fervent words spoken.

The morning sermon was based upon Romans I: 11, "For I long to see you that I may impart unto you some spiritual gift, to the end ye may be established." This letter was written to the church at Rome, he added, a church that had grown up independent of Paul, and he longed to see it. He did not question their belief in Christ, nor their faith in him, but he longed to see them. His great love for the Saviour caused him to feel that he could be of some use to them, by his presence and teaching and could add to their knowledge of gospel truth. So with every true man, he can help and lift and make richer and better this world, and never rich is the world may be in thought. It may be helped by me. It may be made prouder by my presence. The world needs me and our character, our life may lift up some of our fellowmen. The Apostle greatly desired to impart some spiritual gift, some new vigor of soul, shedding some new light in that great city of Rome.

Proceeding, special reference was made to the new relations of pastor and people. My aim, he said, as I stand before you as pastor, will be to lead men to a higher and nobler life; to impart, as God gives me the grace, spiritual gifts, whereby you will be able to live nearer to Christ. Another desire the Apostle had was that they might be comforted together; by ministering to them and they to him. The teacher who gives very often receives more than he gives. We can, as pastor and people, be helpful to each other. We must have mutual faith in each other, and above all, faith in God, without which we can make no progress. A new relationship now exists between us, and it involves more than I can express.

In the conclusion of his discourse I shall be called upon to be with you in your sorrows, and in your joys. Great trials fall upon me as pastor. When I think of what that involves, I exclaim, "who is sufficient for those things?" One request I have to make: pray for us that I may open my mouth boldly to preach unto the people the innumerable riches of Christ. Pray with and pray for one another—that God's blessing may rest upon our united efforts in this place.

Friday morning a twenty-five mile drive was taken over the wet road up as far as Milton. Hon. Mr. David Johnstone, the author and it was with justification pride that he outlined out the superior character of the Government roads. Halton county has no better roads than those we drove over, and there are some streets in Acton we know of which would be vastly improved if they were constructed upon similar lines and kept in as good condition.

Mr. Miller's 200 feet higher than New Liskeard is a thriving village with church, school, store, saw mill, blacksmith, etc. It is in Kincardine Township—named after our own Col. W. Kincardine, ex-M. P. P. of Burlington, who may well be proud of his name. The country we passed through was nearly all good farming land, and there was not a mile passed through where settlers were not comfortably located. The land is covered with mixed timber, all of which finds a ready market, so that the settler has income from the moment he commences to clear his land. Every industry is well represented, and there are some streets in Acton we know of which would be vastly improved if they were constructed upon similar lines and kept in as good condition.
