BORN

HIRE—At Daisy Vardon, Esquesing, on Tuesday, 30th July, to Mr. and Mrs. Lewis Hire, a son.

DIED.

ROAN—At Terinole, in Oakville, on Thursday, August 8th, Hugh Scrabbaim Hamilton Roan, J.P., aged 71 years.

MCDONALD—At the family residence, lot 21, con. 4, Esquesing, on Friday, 9th August, Margery, daughter of the late Alexander McDonald, aged 61 years.

MANN—At the family residence, lot 27, con. 5, Esquesing, on Thursday, 8th August, John Mann, aged 59 years.

The Acton Free Press.

THURSDAY, AUGUST 15, 1907.

EDITORIAL NOTES.

Attorney-General Foy has entered an appeal against the decision of Messrs. Mosher and Baker, J.P.'s of Morrickville, who, two weeks ago, dismissed charges laid by two Government spotters against hotelkeepers, Messrs. Thos. Warren and Robt. Willis, of Kemptville. The appeal will be heard before Judge Reynolds on the 21st.

Despite crop-killing reports which are almost daily coming from Western Canada, it is evident that the outlook for the grain is still about as bright as it has been at any time this year. With the exception of a few storms, which have done some harm locally, the weather has been favorable and the grain is growing well. While there may be a smaller total yield than a year ago the difference in prices is confidently expected to more than make up the deficiency which, in any case, is not likely to be large.—Headstreets.

When approached the other day concerning the number of drunken men allowed to roam the streets daily, the Municipal Officer replied: "I have so many other duties I am not in a position to see this. Men may be drunk and unruly when I am at the cemetery, or at the school, or in some outside point on the streets, and I will have no knowledge of their misdeeds. What Acton should have, if the peace and good order of the town is to be preserved, is a good reliable police constable parading the streets constantly." It may come to this.

It is significant that when the disastrous explosion of dynamite occurred at Essex Centre on Saturday morning, the license inspector ordered all the bars of the town closed till Monday morning. If these bars are the innocent places some interested parties aver, which afford people an opportunity "to have a glass of ale and a social chat," why should they be closed when buildings are wrecked and the public require shelter? They are bad; bad all the time, and evidently worse at times of any excitement. They should be banished entirely. The temper of the people of this town is getting well ready to work strenuously for their permanent closing.

JOHN WALDIE LEFT $457,534.

The foundations for this Handsome Fortune were laid When in Halton.

The estate of Mr. John Waldie, President of the Victoria Harbor Lumber Company, formerly of Burlington, who died early this spring, amounts to $457,534.85. The general description of the property is as follows: Bank stocks and other stocks, $220,055; the details of which are as follows: 100 shares in the bank of Toronto, valued at $241,880; 75 shares in the Landed Banking and Loan Company, valued at $9,075; 114 shares in the Toronto General Trusts Corporation, valued at $15,960; 505 shares in the Victoria Harbor Lumber Company, valued at $202,000; 210 shares in the Magnetawan Tanning Company, valued at $24,000; 114 shares in the Toronto Paper Company, valued at $12,540; 100 shares in the Sun Life Assurance Company, valued at 4,500; 80 shares in the Canada Coating Mills Company, Georgetown, valued at $8,000; 50 shares in Tobey, Limited, valued at $5,000; 41 shares in the Victoria Mercantile Company, Limited, valued at $1,100; and 20 shares in St. Andrew's College Company, Limited, no value.

The real estate, valued at $50,134, consists of the residence known as "Glenhurst," 75 Park Road, Rosedale, valued at $17,000, a farm, "Roseland," in the Township of Nelson, Halton County, valued at $9,000 and equities for small amounts in Nos. 488 and 490 Dufferin street, Toronto.

The life insurance amounts to $35,671; cash in bank and on hand, $32,692.67; miscellaneous assets, $10,000, and household furniture worth $3,000.

TORONTO FAIR IN 11 DAYS.

Preparations in Forward Condition. Entries Close To-Day.

In eleven days the 29th annual Exhibition at Toronto, will be opened by his Excellency the Governor-General, who is expected to arrive on Tuesday morning, and to open the exhibition at 2 o'clock the same afternoon. He will be the guest of the Lieutenant-Governor, and on Wednesday will again visit the exhibition, where he will review the Boys' Brigades of the city. Everything at the grounds is well advanced towards readiness; an extra force has been put upon the work of flooring the basement of the new grand stand, which engineer Rust says will certainly be in readiness for the reception of carriage and harness exhibits.

The horticultural building is practically now ready for occupation, while the railway exhibits building, although not so far advanced as the others, having been commenced a good deal later, will yet be ready for occupation. Altogether some extra speedy work has been done by the contractors on these buildings.

The arrangements this year will be found far more complete and convenient than in previous years.

NASSAGAWEYA.

During his canvass in the interest of Queen's University Endowment Fund, Rev. W. H. MacInnes met with very gratifying success among the members of the Presbyterian congregations here. At Campbellville $380 was contributed and at Nassagaweya $220.

—E. S. Rice is now handling Gibbons' bread, of Georgetown. A trial will convince you that it is all right.

A BRIEF SESSION OF COUNCIL.

Preparations Being Made for the New Pavements to Be Laid.

SMALL DOCKET OF ACCOUNTS.

Council met in regular session on Monday evening. Members present: Reeve Swackhamer and Councillors Speight and Williams.

The Committee on Finance presented their fifteenth report and recommended payment of accounts as follows:

P. T. Martin, work on streets	$24 60
D. McGregor, 180 steel tile ...	8 60
do work on streets and cemetery	15 10
Acton FREE PRESS, printing and adv.	6 82
Globe Printing Co., advertising	92
Mail Printing Co., do	87
	$55 80

The report was adopted.

It was reported that pavement contractors would commence work this week, and that no engineer had been secured to lay out the walks.

Moved by O. C. Speight, seconded by W. Williams, that the clerk be instructed by telephone at once for an engineer. If one cannot be secured in Guelph, then wire for one to Toronto.—Carried.

James McIntosh and R. M. McDonald waited upon the Council to complain that the $1.00 voted by the Council for their services as special constables on July 1st was not satisfactory remuneration for the responsibilities and time required.

The Reeve—Well, gentlemen, we passed the same amount as had previously been paid for similar services.

Mr. McIntosh—But, Mr. Reeve, heretofore our duties have ceased when the proceedings at the park were over. This year, you instructed us at six o'clock that we must stay on duty until the hotel bars were closed.

Mr. McDonald—Yes, Mr. Reeve, we were on the streets until between eleven and twelve o'clock that night to preserve order.

The members of the Council declared they had no previous information as to the facts of the case and the following resolution was carried:

Moved by C. C. Speight, seconded by W. Williams, that the sum of $1.00 extra be paid each of the special constables employed on Dominion Day.—Carried.

Firemen Hurst and Scott waited upon the Council to inform them that the hauling rope on the fire engine was worn out.

The Fire and Light Committee was instructed to secure a new rope at once.

The question of new pavement in front of the Warren Block was referred to. Some expressed the opinion that new pavement should be laid through to the Merchants Bank on the widened street line. This would give only three or four feet of pavement opposite the old buildings which have not been moved back. At all events there must be either a pavement laid here or extensive repairs made. The old plank walk on this block is positively dangerous.

Council adjourned at 9.30 p.m.

New Telephone Lines Proposed.

A meeting of all interested in the proposal to construct new independent telephone lines leading to farmers' homes, and outlying villages, from, Acton, will be held in the town hall on Thursday evening, 29th August. The meeting will be addressed by gentlemen experienced in projects of this character, and all citizens and farmers within a radius of six or eight miles are naturally interested and should attend.

Saturday Night Carousal.

On Saturday night a bunch of young bloods took possession of an old barn on the Carter property near the home of Col. McCrae, and with a goodly supply of liquor, started in to make a night of it. As the liquor disappeared the noise increased, and the crowd started in to play rough house, smashing everything they could lay hands on. After staying over night they got out in the morning and raided a neighboring pea field. The township authorities are working on the case.—Guelph Herald. This reads very much like some of our Friday night orgies here, doesn't it?

Halton's Protective Association.

Perhaps one of the most enthusiastic meetings ever held in Milton was that which was called last night for the protection of property and the arrest and prosecution of all offenders, and more particularly that slippery gent known as the horse thief. Between forty and fifty enrolled their names, paid their subscriptions and signified their readiness to lend a hand to apprehend any thief reported. Arch. McGibbon was unanimously chosen as President, W. J. Clements, vice president; J. H. Peacock, secretary; M. Dice, treasurer. Two directors were selected from each township and three from the town of Milton, with instructions from all present to spare no expense in their efforts to recover any property stolen and to prosecute the thief. This society will constitute itself as a strong vigilance committee and woe betide the thief that comes within its grasp.—Champion.

J. J. Hill's Happy Romance.

In a romantic story of the career of J. J. Hill, the famous railway king, who, as most of our readers know was born at Rockwood about seventy years ago, just published in Tibbits, of London, Eng., the following interesting paragraph appears: "But the best day's work he ever did in his strenuous life was that which secured for him the 'best wife in the world,' whose companionship has brightened his life, and to whose help and encouragement he owes most of his brilliant achievements. Seldom has there been a more ideal union than that of the St. Paul wharf-porter and Mary Mahegan, the lovable maid of the inn. She shared her husband's days of poverty and struggle; now she is chatelaine of a palace which cost $140,000 to build, and from whose windows she and her husband, in their old age, often look down, hand in hand, on the roof of the little hotel which was the cradle of their romance, and on the wharf where the multi-millionaire of to-day found the heaviest load right if he could but catch a glimpse of a pair of roguish eyes and the sunshine of a pair of smiling lips."

Some men propose by post and repent by telephone.

ACTON HIGH SCHOOL'S SUCCESS.

Two Passed Matriculation and Two the Teachers' Examinations

EVEN WITH THE STIFF PAPERS.

The Ontario Education Department has issued the results of the departmental examination, junior matriculation, and junior teachers.

In matriculation the names are given of those who have written upon and fulfilled the requirements of the University of Toronto in a sufficient number of subjects for full matriculation and includes those who have made thirty-three per cent. upon the subjects or papers upon which they wrote.

For Junior Teachers.—This is the examination which qualifies for entrance to the model or normal school, and is the academic test of fitness to take up the work of the public school teacher. The requirements are 40 per cent. on each paper and 60 per cent. of the total number of marks. This higher standard has, of course, caused a larger number of failures than there used to be in the days of 50 per cent.

The certificates of successful students and the marks of those who failed will be sent to the principals of high schools or to inspectors, and to those officials application for results should be made.

The students from the High Schools of Georgetown and Oakville and the Continuation Classes of Acton, Milton and Burlington, in this county who have been successful are:

Matriculants—H. Campbell, S. Cawlin, C. E. Campbell, J. P. Henderson, T. B. Mullin, S. A. B. McCleary, H. Panton, H. E. Watson.

Junior Teachers — S. Cowin, J. Campbell, C. E. Day, D. F. Deylin, E. Fleming, F. Haggard, B. Kay, G. L. Lillie, honors; C. McGregor, C. Nickell, A. R. Newell, E. Patterson, F. M. Speight, H. E. Watson, honors; G. Wilson.

In the above lists the High School department of Acton Public School finds four of its pupils successful. For Matriculation Messrs. J. P. Henderson and T. B. Mullin passed, and for Junior Teachers Misses Colena Nickell and Florence M. Speight were successful.

Considering the unusually difficult character of the papers in the recent examination the above may be considered highly gratifying as concerning Acton High School Dept. The students there have always done well and in this examination it will clearly be seen that they have stood most creditably beside those of the High Schools of the County, with their much larger number of candidates. Two out of eight matriculants in the County, and two out of fifteen teachers is certainly a gratifying result, and is very complimentary to the ability of Principal Stewart and Miss McKinnon as teachers of High School subjects.

Misses Speight and Nickell will probably attend the coming session of the County Model School, which will be the last under the present arrangement. Mr. J. P. Henderson expects to enter Victoria University, Toronto, and Mr. T. B. Mullin Queen's University, Kingston. Mr. Ralston Brown, a former matriculant from Acton, also intends entering Victoria University this fall.

WISE PARENTS

Guard Their Children's Health by Giving Them Dr. Williams' Pink Pills.

The health of the growing boy or girl should be carefully guarded. During the growing time there is a danger of the blood becoming poisoned and the health seriously impaired. The blood should be kept pure and the child will grow strong, healthy and active. Dr. Williams' Pink Pills are an ideal tonic for the young. They never fail to bring color to the pale cheeks and strength to the growing body. To a reporter of L'Avenir du Nord, Mr. Jos. Provost, of St. Canute, Que., tells how these pills saved his daughter Marie from a life of misery. He says: "A year ago my daughter, a girl of thirteen, was very weak. She was so ill that I feared she was going into consumption. Though I tried remedy after remedy she remained in this weak state for months and I began to think she never would get better. I read of the good Dr. Williams' Pink Pills had been in a case of anaemia, so got some for her. Soon she began to improve; her appetite returned; she grew strong; color came into her cheeks and to-day she is as healthy as any young girl could be. I firmly believe Dr. Williams Pink Pills saved her life."

Dr. Williams' Pink Pills are equally as successful in bringing those of mature age back to health as they are in building up the young. They make pure, red blood—that is why they banish anaemia, rheumatism, St. Vitus dance, heart palpitation, indigestion and the secret ills of girlhood and womanhood. But you must get the genuine bearing the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around each box. All other so-called Pink Pills are imitations. If your medicine dealer does not keep the genuine pills they will be sent at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Don't air your family skeleton. People know enough about it when it is kept locked in the closet.

CREWSON'S CORNERS.

The intense dry weather has parched up almost everything. Rain is greatly needed.

Mr. M. Crewson has completed drilling the 600 feet contracted for at the oil well. However, the indications are good, and at a meeting of the company on Monday night it was decided to continue drilling till a depth of fourteen hundred feet is reached. It is hoped that oil will be struck before that depth has been drilled.

Mr. R. Duff, who recently graduated from Owen Sound Business College, left on Friday to take a position in Montreal. Rob is bound to win and his large circle of friends will wish him every success.

Mr. and Mrs. J. H. Cripps spent Sunday here.

Messrs. J. Ramshaw, of Georgetown, and P. Masalas, of Acton, spent Sunday here.

OF COURSE YOU CAN CURE YOUR RHEUMATISM!

No matter how long you have suffered or what remedies you have tried without relief, Bu-Ju will cure you.

We know what Bu-Ju has done for people, bedridden and helpless. We know what Bu-Ju is doing every day for people tortured with Rheumatism, Sciatica, Lumbago, Neuralgia. Bu-Ju, The Gentle Kidney Pill, cures Rheumatism because it acts directly on the kidneys and stops the poisonous deposit of uric acid in the blood, which causes Rheumatism.

Bu-Ju will cure your Rheumatism. Take it on our guarantee that your money will be promptly refunded should it fail. 50c a large box. At all druggists or by mail from The Claflin Chemical Co. Limited, Windsor, Ont. 22

NEWS OF THE DAY.

Dr. James A. McLellan, well-known educationist, died Sunday night.

Two Chinese gambling joints were raided Sunday night, and twenty-two arrests made at Toronto.

William Court was upset from a skiff in Hamilton Bay and drowned.

Bert Yarrington, blacksmith, was drowned at Mono Road while bathing.

John Moore, farmer, was killed at Milton, being run over by a threshing machine.

Stafford Morphy, of Mount Forest, teller of the Bank of Montreal, was drowned at Alliston while bathing.

An explosion of nitro-glycerine at Essex Centre killed three persons, and wrecked nearly every building in the town on Saturday.

Fire destroyed the machinery storehouse, engine house and lumber yard of the Uxbridge Organ Company on Saturday. Loss, $25,000.

Dr. Hoskin, of Toronto, has presented the town of Bowmanville with portraits of the late Robert Armour and the late James H. Fairbairn.

The Government will receive $21,015 from the estate of the late John Waldie.

King Edward will meet the Emperors of Germany and Austria on the continent this week.

After two days' fighting, the Japanese have captured the Islands of Kangwha from the Coreans.

James H. Mitchell, an Oshawa boy, slipped off a bridge and was drowned on Tuesday.

The Allan Line is building two new steamers for the Montreal-Glasgow service.

A movement is on foot in Nova Scotia to appoint Sir Hibbert Tupper leader of the conservative party.

At the investigation into the Essex disaster an expert in explosives said the dynamite was not properly cured if it leaked.

Mrs. John McInnes, aged 80 years, lost her life in a fire that destroyed the dwellings of Thomas Lane and Herbert Scott at Fenelon Falls on Tuesday.

Drunken Indians caused a riot on a steamer near Sturgeon Point, and a number of special constables were sworn in and put them off the boat, on Tuesday.

Twelve hundred people left on the August Homeseekers' Excursions for Manitoba and the North-West yesterday.

Out the Weeds To-day.

The Guelph Herald says: It is strange how a little village will often set the example for the larger towns and cities to follow. The other day in the Pickering News there appeared a notice to the effect that all parties not cutting down weeds in front of or on their property in the village would be charged up with the cost of the work, which would be done by a man appointed. It is ridiculus the way the weeds are allowed to grow rank and go to seed on the streets in this city, more particularly in the suburbs. Every resident should be notified to cut down all weeds on their property before a certain time, after which a man appointed by the city should go the rounds cutting down all the objectionable weeds he can find and the man's work should be charged up to the negligent residents.

Another Case of Too Much Whiskey.

A very worthy citizen, when sober, went to the park on Saturday afternoon during the lacrosse match, very much intoxicated. He disgraced himself and the town by his blasphemous profanity. He was the author of a row, which should have resulted in his prompt incarceration behind iron bars. It is a crying shame that ladies and children, or any one else indeed, should be obliged to witness such scenes and listen to such language when they go to Acton's public park to enjoy an exhibition of athletic sport. But this is only another example of the curse of the prevalent indiscriminate and illegal sale of liquor, to men who are already more or less intoxicated.

A 50-year-old Grain Cradle.

For weeks citizens have admired the magnificent crop of oats on A. E. Nicklin's vacant lot on John street. It was sown by David Williamson last spring for his son-in-law, Wm. D. Anderson. Yesterday morning Mr. Williamson reaped the ripened crop, which was an unusually heavy one, with an old "Turkey-wing" cradle which had been on the farm he left last spring for over fifty years. The cradle was given to Mr. Williamson by Mr. Malcolm McPherson, the previous owner of the place, over thirty years ago. It did as good work yesterday in the skilful hands that held it as ever before in the half century of its existence.

The marriage relation would take care of itself if it were not for the married relations.

My way is to go straight forward and aim at what is right.—Bishop Asbury.

The most popular Time

For Weddings

Is the Time of Year which you and I Select

Have you any thoughts of honoring August as the month of months for the launching of your life boat upon the seas of prospective happiness? G. B. Ryan & Co. are new and old in the experience of supplying in a competent way the requirements of such a momentous time—the start of life in the new home.

We have often been told of mother and daughter's pleasure and pride in having been equipped in this store, with wedding dress and other dainty necessaries for the all great occasion.

One of our firm convictions lies in the belief that G. B. Ryan & Co. should at all times of year be wholly ready to supply, intelligently and befittingly, the most exacting demands of this most exacting time. Our stock never lacks that which will assure you of having your dresses at least as pretty (if not more beautiful) as any you have yet seen.

Come in and let us quietly work out the knotty problems which seem to surround the dress privileges and necessities of a young and we sincerely trust, a happy bride.

Is there anything in association? Are you endowed with that trait of character which permits of your attaching importance to the fact that this establishment has been in existence for nearly half a century? Ever on that long, long field of time supplying more and more satisfactorily the dress demands of the bride of the day.

For many years you will look back to the time and place which assisted in your happiness. Let us make it as pleasant for you as we possibly can.

Value of Advertising.

A Kansas man is convinced that advertising pays. He advertised for a lost five-dollar bill and a stranger, who had picked up one on the streets, read the advertisement and restored the bill to the advertiser. A few days later, while looking over a vest he had laid off, the original lost bill was found in a pocket. He says advertising pays 100 per cent.—Utica Press.

Prison for J. J. Daly.

J. J. Daly, accused of vacrancy, was sentenced to six months in jail at hard labor by Magistrate Denison of Toronto on Monday. A second charge against him that he had deprived Samuel Egan of $37 by means of a fraudulent document, was dismissed Daly is the man, who it is alleged, defrauded the farmers of Wellington, Halton and Grey counties on contracts whereby he agreed to sell their farms on condition that they undertook to pay certain commissions, several years ago. On these undertakings, he is said to have borrowed money, and a large number of suits to recover were taken against the farmers.

The Old and Reliable Granite and Marble Dealers

We are manufacturers and direct importers of all kinds of Monumental and Headstone work. We sell direct to our customers at wholesale prices, thus saving our customers 40 per cent. We have the best appliances and the only mechanics in the Dominion who can operate pneumatic tools properly. We can give references from hundreds of our customers in Toronto and other places, where others have to stand law suits in order to collect. We have the largest and best stock of Granite in the Dominion, or more than any three dealers in the West. We are legitimate dealers and employ no agents, and do not annoy or pest customers by sending out ignorant agents to solicit orders—we employ mechanics only and defy competition.

Spices

Absolutely pure spices are necessary or the results will be disappointing. A cheap, adulterated article will require much more to be used, and then will not give the correct flavor,

The Inland Revenue Department has recently purchased packaged and bulk spices at different points throughout the country, and on testing have found very few up to the standard.

We handle the spices of a house which showed, on tests, to supply only "pure" goods, as we believe "quality is the first consideration," and price next.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

ANY even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situated.

The homesteader is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W. CORY,

Deputy of the Minister of the Interior.
