THURSDAY, AUGUST 22, 1927.

BRIEF LOCAL ITEMS.

Cool evenings prevail now.

Council meeting next Monday evening.

The trout fishing season closes a week from Saturday.

The teachers of the rural schools resumed their duties on Monday.

Send the Press to your friends away from home. They will appreciate it.

Mr. Fred Eastwood, who recently moved to Toronto, has purchased a home at 616 Crawford St.

Mr. A. O. Beardmore is exerting himself quite actively in favor of a viaduct for the Toronto water front.

The contractors have completed the new pavement on Education Lane from Main street to the school door.

Geolph has won the Junior lacrosse championship for District No. 1, by defeating Bramford at Strat on Saturday by 10 to 0.

Mr. J. H. Mooney, editor of The Ripley Express, is spoken of as the Liberal opponent of Mr. Hugh Clark, M.P., in Centre House.

Acton citizens will give another of their popular free open air concerts on the Flower Aves. grand stand on Friday evening.

Mr. George Stovel is about to move to No. 12, Association Terrace, Bowyer Ave. He will then enlarge his store premises for his increasing business.

Mr. Thomas E. Price has purchased the brick residence of Mr. C. P. Goodlove, Main street, which was advertised in last issue of the Press.

Rev. Henry Mowbray, of Kerk, preached in the Methodist Church last Sunday. His sermons were very earnest and were evangelistic in character. Rev. Mr. Barker will be in the pulpit next Sunday.

If the candidates who vote on the Junior Teachers' and Matriculation examination will call upon H. P. Moore, Secretary Board of Education, they will receive their certificates and reports of standing.

The Gazette announces that pursuant to section 20 of the Ontario game and fisheries act, the purchase or sale of snipe, quail, woodcock and partridge shall be prohibited for a period of one year from September 1, 1927.

Now steel rails were distributed along the line of the G.T.H. here on Monday and are soon to be placed. Hiram Campbell and his gang will be reinforced by a party of men from Georgetown to Berlin.

Mr. Murray Somerville has kindly sent the Press a copy of the Wheat Book Review. It is particularly illustrated and sets forth in vivid and numerous reasons for settling in North Battleford and vicinity, and is an entrancing story of the growth of the town from nothing to a population of 1500 within two years.

Nearly a Drowning Accident.

During the swimming race in Fairy Lake on Thursday evening, last, Teteran, one of the contestants, narrowly escaped drowning. He was taken in a cramp and had gone down the side of the boat. Fortunately those in one of the boats following the swimmers noticed his condition and he was rescued and returned to terra firma. Teteran is a good swimmer but the cramp overcame him so that he was unable to help himself.

The Late Mr. McNamara.

Referring to the late G. W. L. McNamara the Bay City Tribune says: He was born in Niagara, Canada, in 1817, his father coming from Ireland in 1812, as a pursuer on one of his majesty's ships, and his mother, the married Miss Mary Secord, of Hamilton, daughter of Major Secord. Mr. McNamara passed away in 1888. Five sons and four daughters were born. Mr. McNamara moved to Bay City in 1841 and resided there until his death. He left three children, 23 grand children and 31 great-grand children. Mr. McNamara was an uncle of Mr. Alex. A. Secord, of Villanova, Bowyer Ave.

Postal Fall from Rock Lifter.

Mr. James Turnbull, one of Nelson's oldest and most respected residents, was accidentally killed last Friday afternoon. He was assisting his son at harvesting that day, and had accompanied a load of grain to the barn. This was being unloaded by means of a rock lifter. After the unloading, Mr. Turnbull was sitting on the rock lifter when it was again lowered to the barn. The rock slipped off the corner and tilted the frame so that he fell backwards to the floor beneath with such force that his skull was fractured, death being instantaneous. He was 81 years of age, and leaves a widow, James, on the farm, and Dr. J. M. Turnbull, dentist, Prince Albert; Saskatchewan.

NEWS OF LOCAL IMPORT.

The Prices for Grain.

The grain market is somewhat unsettled at present. Eighty-three cents is being paid here this week for No. 1 wheat; 1 1/2 for oats; 75c for peas, and 20c for barley. Hay sold this week for \$1.00.

Undesirable Immigrants.

The Dominion Immigration Department has sent a circular to police departments and Coroners throughout Canada asking to be notified of any immigrants appearing before them as criminals. The immigration officials intend to rigorously carry out the law respecting the deportation within two years of arrival of undesirable immigrants.

Another Landmark Removed.

In preparing for the new pavement to the public school it was found necessary to remove the large elm tree whose trunk projected into the space designated for the walk. The big tree was about three feet in diameter and had been planted half a century ago, probably by Eugene Grant, who built the stone house adjoining and resided there for a number of years.

Another Swimming Match.

Swimming in Fairy Lake was never more popular or more freely indulged in than at present. A second swimming match took place on Saturday evening, the medal previously won by Parker, being generally offered by him for this occasion. The race on Saturday evening was won by G. P. Heyman, with Master James Dunn a good second. Mr. Heyman may put up the medal for third competition next Saturday evening.

At the Disciples' Church.

David Dick occupied the pulpit of the Disciples' Church last Sunday morning with much acceptance. In the evening Mr. A. W. Lumley, who has supplied the pulpit for the past two months, preached his farewell sermon. Though his stay in Acton has been short, Mr. Lumley has become favorably known, and his removal is regretted. The services next Sunday will be in charge of Rev. Mr. Burns, of Toronto.

Marriage—Leland—Conover.

A very pretty wedding took place on Wednesday, July 27th, at the home of Mr. and Mrs. John M. Conover, Arrow River, Man., when their only daughter, Mary Madeline, was united in marriage to John James Leland. The bride looked lovely in white silk organza trimmed with white lace and applique and carried a bouquet of white geraniums. Miss Nellie Leland, sister of the groom, acted as bridesmaid and looked charming in cream silk trimmed with lace. The bridegroom was ably supported by Mr. Thos. E. Conover, brother of the bride. Rev. H. P. Hunter conducted the ceremony. The wedding march was magnificently played by Miss Irene Fleming. The presents were both numerous and costly and speak well for the popularity of the happy couple. The groom's present to the bride was a handsome and costly black piggy. A number of guests attended and after a dainty wedding supper, provided by the parents of the bride, all enjoyed a very pleasant evening.

Manitulari Clark Moore in Hospital.

For some months Mr. T. T. Moore, Municipal Clerk, has been in poor health. He was anxious to take a trip to New Ontario to inspect his lands north west of New Liskeard, and his physician and family thought the trip would do him good. In company with his two sons, Messrs. James, of Geolph, and Joseph, of Georgetown, he was north on the 10th August, and they made their camp about ten miles west of Charlton, their own property being about five miles further in the north, with only a hard trail to it. The journey over country in a wagon proved to be a hazardous one. Mr. Moore's ailment and he gradually grew worse until on Thursday of last week the party decided to return home and arrived in Toronto that evening. A diagnosis by Toronto physicians showed a trouble which was responsible for a very aggravated form. Mr. Moore was taken to the Western Hospital and a successful operation was performed on Friday. He came through the trying ordeal remarkably well, and all the symptoms since have been favourable. Mrs. Moore has been with her husband at the hospital during the week. This entire community unites in the hope that Mr. Moore's recovery will be permanent and complete.

The Oddfellows' Garden Party.

The event of the week was the garden party held by Acton Lodge No. 201, I. O. O. F., at Willow Brook Farm, the home of Mr. Henry Sayers, last Friday evening. The evening was pleasant but the rain during the day no doubt deterred many from being present. The attendance was, however, very gratifying, and the receipts of the evening aggregated a series of numbers which the large company manifestly enjoyed. Acton Citizens' Band rendered numerous selections during the evening which sent sweet and harmonious echoes reverberating through Speydale'sylvan glades. The Four Star Male Quartette, comprising Messrs. James, Smith, Hayward and McClure, altogether outvalued their previous popular record. Messrs. Mullen and Davidson, Guelph, sang a number of selections which called forth vociferous applause. Mr. Thomas McClure's solos were given a cordial reception, and they well deserved it. Mr. Robert Moffat sang several comic songs which were generously applauded. Mr. W. Stark read a couple of selections in his well-known style and was listened to with keenest interest. Mr. James Webster sang two or three selections and he also sang a song in English, which he had learned from Nebraska, who is visiting in town, said to the Press on Monday, "I'm surprised that you have not telephoned lines running out to the farmers of the community. In our country every farmer has his telephone, and he would not think of doing without them."

New Wheat Being Marketed.

The first load was delivered last Thursday by W. J. Akine, of Nassagaweyn. It was of the Dawson's Golden Chaff variety and graded No. 1. The price paid was 92c. Prices this week were a few cents higher.

Not So Brandon Only are They Found.

The Brandon Sun says: Children that should be at home in their beds are roaming the streets after dark, picking up snuffboxes of slang and foul language and gradually breaking away from their home ties. A parent who permits his offspring to spend the evenings after dark on the streets is either too careless or too ignorant of the result to do the proper thing by himself.

Deaths of Rev. Dr. John Scott.

Rev. John Scott, M.A., D.D., died in Toronto on Sunday evening after several years' illness. Dr. Scott was well-known to Acton, having been a pastor in Geolph for a number of years. He had been Pastor of Geolph Conference in 1902, and of Japan Conference in 1904, when he was appointed of Methodist Missions in that land. Dr. Scott was 69 years of age, and had been in the ministry for forty years. Mrs. Scott, one son and two daughters survive.

Dr. Macdonald Opening a Hospital.

Dr. John M. Macdonald is in town last week. He had been east completing arrangements for opening a new hospital at Massey, on the north side of the Georgian Bay. The hospital will be for tuberculosis and other ailments and is likely to have a large patronage. The Dr. is opening the place as a private hospital but is eventually to have it adopted as a general hospital for the northern county. The Dr.'s many friends here will wish him success in his philanthropic enterprise.

The Big Grand Stand Finished.

The new grand stand at the Toronto Exhibition grounds has been completed and the last of the 15,000 new chairs was placed in position by the manufacturer on Saturday. The concrete floor under the stand has also been finished and the space is now ready to receive the carriage that will be exhibited there this year. The Park Commissioner's staff is now busy clearing away the debris from the padlock in front of the grand stand, and the necessary sanding and grading will be done without delay.

The Woman's Home Companion.

The September Woman's Home Companion is remarkable principally for two things—the exquisite cover, by Eastman Crawford, which won the \$1,500 prize recently offered by the Companion, and for an excellent article on "The Influence of Business Life on Women," by Anna Steves Richardson. This September cover represents the highest achievement in magazine cover work yet produced, and the article mentioned above will make a profound impression on all people interested in the subject of women in business life, as it is the candid expression of a woman who has made a pronounced business success herself.

Two Painful Rider Accidents.

Last Saturday afternoon as Mr. Jos. H. Thompson, lot 5, con. 1, Erin, was working at his lumber in the field he met with a painful accident. He was adjusting some part about the cutter bar and was reclining on the ground on his right side, when something started the horse, and before he could rise the knives had caught his right arm below the shoulder and gashed it painfully through flesh and muscle to the bone. He lost a great deal of blood and was very weak for a time, but is now doing nicely. On Monday afternoon Edmund, of lot 6, con. 5, he was riding on the 10th August, and after a few minutes after starting the blader got his right hand caught in the gearing. The four fingers were badly crushed up to the first and second joints.

A Yeoman Sport.

Mr. James Steele, who was one of the bowlers with the Steele Co., of Geolph, who played a match with Acton on the bowling green here on Monday afternoon, recalled the fact to the Press that he had visited Acton forty years ago, when the Maple Leaf, of Geolph, and the Pastimes, of Acton, were contestants. He was one of the players in the famous game when the Maple Leaf scored 128 to the Pastimes' 11. Numbers of the older residents will recollect this wonderful match. It was played on the commons, which then existed opposite Hays' Tavern and between Mill and Church Streets. The ball ground had Ramon Adams' big wood yard for a back stop. The fine residence of the late Robert Little was built on the site of this old ball field and cricket ground. Mr. Steele is just an enthusiastic bowler to-day as he was a base ball star four decades ago.

Independent Telephone Lines.

The movement for new independent telephone companies and party lines amongst the farming communities, is rapidly growing throughout Canada. Municipalities, townships and remote places are also awakening to the fact that an up-to-date, efficient telephone service is an absolute necessity to enable them to keep in constant touch with the great centres of agricultural, financial and commercial activity. It is this spirit which has decided those interested to call a meeting to be held in the town hall on Thursday evening, 30th inst., when addresses of interest will be delivered by experienced telephone men. It is reported that a strong independent company will be organized at Milton, taking in the surrounding country. Brampton is also asking for an independent company, and these three points will be exploited by gentlemen who thoroughly understand the organization of the popular new independent companies. A gentleman who is interested in the movement writes the Press this week that in all probability there will be an independent exchange operating in each of these places in the near future. Speaking upon this question a gentleman from Nebraska, who is visiting in town, said to the Press on Monday, "I'm surprised that you have not telephoned lines running out to the farmers of the community. In our country every farmer has his telephone, and he would not think of doing without them."

Rev. Dr. Chas. A. Cook, Superintendent of the Christian Steamship Campaign in the United States, visited Acton friends last week. He and his brother E. K. Cook left on Saturday on a driving tour to Owen Sound. Mr. Cook takes the steamer there for North Star, Erie, Mich., and the west.

From Port Erin to Fergus.

Mr. John H. Worden has disposed of his horse business at Port Erin and purchased a more extensive one at Fergus. Respecting his removal to the Port Erin Times said last week: "Mr. J. H. Worden has left town and started business in Fergus. He came here five years ago and worked up the business by straight business methods and steady attention to the needs of his customers. Mr. Worden was elected as a member of the Public School Board in 1901 and was subsequently appointed to the Chairmanship of the Board. He was a useful citizen in every respect and we regret his removal. Fergus is to be congratulated on getting so good a man, and we hope for him a successful business career in that part of Wellington County, of which Fergus is the centre."

BUSINESS TRAINING FREE!

A life-time opportunity for some young men, some young women with ideas.

Business Systems Commercial School, Limited, founded upon practical up-to-date business lines, formed from new, scientific methods, to teach business as a business in itself, having their instructions open forms and supplies identical with those now used in the most modern business houses, has an idea regarding advertising.

To work out this idea they need your assistance, and are willing to pay you, yes, to pay you well for it. If your brain is fertile, if it is active, is it good working order? If so "let us try."

We want a good "catch phrase" to use in our advertising, we want the best "catch phrase" obtainable. We now have some good ones, but they may not be the best. We want the best; the best is none too good for business. Business Systems Commercial School, "The Best for Business Training." We now have the best rooms, best equipment, the best teachers, the best plan of work, and will undoubtedly give by far the best course of training. We also want to do the best advertising that young people from all parts of the country will know of the special advantages provided for them by this school. "The Essence of Essential Education." "The Fifth of Practical Principles."

We are prepared to give to three persons, six months, four months, and two months respectively of this "best business training" free of any tuition charges. The three persons mentioned will be the first three who send us the three best "catch phrases," or should the one selected as the best be sent by three persons, they will rank in order as received, first received being given first place, second received second place and third received third place. All other contestants who send in the phrase selected as the best and who subsequently enter our school for at least a three months' course, will be given one month's tuition as a bonus, free of tuition charges.

The conditions of the competition are easy of fulfillment.

All contestants must be candidates for a business training for at least a portion of the School Year of 1927-1928, or in other words, all persons competing must be eligible for, and purpose taking before June, 1928, at least a one month's course in Day or Evening Classes in some Commercial School or Business College.

It costs nothing to try except a little brain exercise, and a few moments of time in writing us. Talk it over with your friends; those who are not competing, get their ideas with your own, remembering that two heads are better than one.

The shorter the phrase the better, so long as one or more good ideas are conveyed.

All answers must reach us not later than September 30th. If at a distance mail in time.

In order that you may the better know something of the special advantages of this school, and thus get ideas to use in the forming of the phrase, we will be pleased to mail all contestants, upon request, a booklet descriptive of our school and its courses of study. Full Term begins Tuesday, September 3rd. Mention this paper when writing.
