IMMENSE VALUES

On the two proceeding weeks and a little more we have, as you know, presented values that have far overshadowed any of our offerings , at any other time. People have come from long distances to share in them. Our store from early morning till evening has been continually thronged by eager buyers. But trade conditions have never been so favorable as this week. The cold weather is here in carnest and you surely must have warm clothing.

In view of how unmerciful we have cut prices, we believe that we are fully justisfied in looking for greater business than even this

We have seen some signs of attempts by other merchants to match our values, but so far it has only been'a case of trying. To succeed they must have courage to cut much deeper-Again we offer

Important Announcement

Ten Years ago I came from Toronto and started into business in the Furniture line at 80 Upper Wyndham Street.

I want to thank the thousands of customers and friends who patronized me during these years, and made the business a successful one. During 1907 my health falled, and in November I decided I would make a change, which I did, retaining an option from Mr. Burroughs to get possession of my old premises on February 1st, if I so desired. My health has improved very much; I like the Royal City better than any other city I know of; my connection with Guelph a Old Home Week, as Secretary; but more particularly the very large number of tried and true friends I feel I have in the city and county, have influenced me to take ever my old stand on February 1st, and resume the furniture business.

Hoping the next ten years will prove as pleasant and profitable to my customers and friends, and also to myself as the past ten years. I shall be glad to see all the old customers, and if each one of my old customers will bring a new one, business will be all right.

A Full Stock of New Up-to-date Furniture. Carpets, Linoisums, Oil Cloths and Mattings will be shown at 120 Wyndham Street.
