AN AUTHORITY'S OPINION.

A. High Compliment Paid to Ou Popular Local Paper. DEAR MR. EDITOR:

Some weeks ago I clipped the following from the editorial columns of the Dally Globe. As I have seen no reference to the high compliment paid to our local paper, I linve taken the liberty of sending it to you with the request that a place he given it in the FREE PRESS :

"The staff of The Edmonton Bulletin

celebrated the installation of the new plant by a dinner the other evening. The purpose was to honor the founderand proprietor of the paper, Hon-Frank Oliver, Minister of the Interior. Mr. Oliver's cureer rouds like a romance. When he first issued The Bulletin, Ed mignlim was believed to be somewhere in the vicinity of the jumping off place. The paper was long noted as the smallest weekly published in Canada, and It should be added, typographically the nextest. The Acton Page Pages was its only rival. Edmonton is today a thriving city, the capital of a great province, and the proprietor of The Bulletin, of which he was the entire staff not so many years ago, sat down in the midst of sixty diners, ul of whom earn their bread in The Bulletin building. This is a leaf out of

western life." The above I consider to be a compliment not only to the Minister of the Interior, but, in its reference, reflects high credit upon the paper which represents this town of ours so worthly.

Bincerely, JOHN R. KENNEDY.

Two Services in Haptiet Church. The congregation of the Raptist Church felt great disappointment at the inability of Rev. Mr. Cameron to get from Georgetown for the afternoon service last Sunday, owing to the prevailing bliggard. Mr. Cameron will be remembered as the energetic leader of McMaster Evangelistic Band which visited Acton a couple of years ago. During his visit he made many here. Rev. M. N. Stephens, of the Disciples' Church, who had a mission to Acton this week, stepped into the breach, however, and preached an able sormon, which the congregation appreciated very much. Rev. Mr Stephene volunteered to preach again

in the evening and he was then greeted with a good congregation notwithstanding the storm.

They Are Not Worthy Citizens. During most of the winter the families of a couple of Englishmen who were out of work -but who evidently always had the means to secure plenty of "boose,"-were in straightened ofroumstances. A number of charit. ably disposed persons interested themselves in the children, went them warm clothing, and frequently nourishing food, and at Ohrletniustide made special efforts to give them a happy time.
