EDITORIAL NOTES

Prof. C. A. Zavitz, of the O. A. C., says: The annual market value of the farm crops, grown in Ontario, is greater than the combined annual values of the forests, the mines, and the fisheries of the whole of Canada. The production of the soil and the prosperity of the country are very closely associated in the Province. The public press has done much to advance progressive agriculture in Ontario, during the last few years."

The Minister of Education has issued instructions to inspectors to report upon all schools of over one story, as to the character of fire drill, the equipment, the exits, as to whether the doors open out, etc. He will require a general supervision of the schools and their prompt equipment where necessary. This action will no doubt be the means of saving Ontario Schools from such dreadful holocausts as have recently befallen schools elsewhere.

The Canadian Magazine for March contains a valuable article, well illustrated, "Prince Rupert" by Mr. Cy Warman, the well known author and journalist. The number contains also an important contribution in the shape of some unpublished letters of Gov. Simcoe, with comment by Mr. W. R. Givens. The tercentenial celebration of the founding of Quebec by Champlain is observed with a review by Miss Ida Burwash entitled "Champlain's Last Journal." The number contains numerous other interesting contributions.

In the Supreme Court in the case of Duncan v. town of Midland, Mr. J. H. Mackenzie moved for special leave to appeal from the judgment of the Court of Appeal for Ontario, refusing to quash a local option by-law. Mr. Duncan repudiated his retainer to the solicitor endeavoring to assert the appeal, and an alternative motion was also made for the substitution of a person named Hughes as appellant. The court refused to entertain the motion for leave to appeal in the absence of authorization by the party appellant, and the motion to substitute Hughes not being pressed, it was dismissed with costs against Hughes.

It has been announced that the new issue of five million dollars of four per cent. of Grand Trunk Railway stock has been successfully floated in London. The stock was over subscribed to the extent of two and a half million dollars at ninety-two and a half. The surprising success of this flotation is looked upon as largely the result of the recent trouble in United States securities. The periodical panics in the United States stock market are bound to work to the advantage of Canada by diverting capital towards this country. The manner in which Canadian financial affairs have withstood the storm and stress of Wall Street has done much to reassure British investors as to the solidity of Canadian industrial and financial enterprise.

NASSAGAWEYA.

Mr. R. D. Warren, the Liberal candidate for the Legislature, is holding meetings this week among the Liberals of the township. Mr. Warren is being given a most enthusiastic reception in his canvass and very encouraging things are said respecting his prospects for success at the polls.

Mr. D. Currie left St. Joseph's Hospital, Guelph, on Monday, and has returned home. He is rapidly convalescing.

This township lost one of its most highly esteemed residents on Saturday, in the death of Mrs. Archibald McTavish, at the family residence, lot 28, con. 4. Mrs. McTavish was a lady of exceptionally strong and vigorous constitution and had never been seriously ill until two years ago, when she suffered from an attack of pneumonia. She recovered but was afterward troubled with heart failure, which eventually caused her death.

Mrs. McTavish was born at Ancaster, in 1834. She was married to Mr. McTavish, who survives her, in 1851. Their home was blessed with seven sons and three daughters, all of whom are living except Neil, who died some years ago. The others are James, at Tama, Iowa; Rev. Dr. W. S., of Kingston; Archibald, Merchant Tailor, Acton; Angus, Malcolm and John at home; Mrs. (Dr.) McTaggart, Nassagaweya, and Misses Mary and Janet at home.

Mrs. McTavish was a godly woman and was for many years a member of the Presbyterian Church at Sodom. The funeral was held on Tuesday to the church there and was conducted by her pastor, Rev. A. Blair.

CREWSONS CORNERS.

The removal of the numerous good families from this neighborhood will greatly change the personal of the community. They will also be greatly missed.

Mr. Robert Brown's sale will be held to-day. Mr. and Mrs. Brown's removal is greatly regretted by all.

Quite a number from here attended the thoroughbred sale in Guelph last week.

One of the best parties of the winter was held at the home of Messrs. Duff, on Friday night. About 80 guests were present and it is needless to say they were very hospitably entertained.

Mr. Jos. Crewson, of Guelph, was home over Sunday.

Mr. John Lolohman, of Acton, is visiting friends in this vicinity.

Capt. C. S. Gamble attended the annual meeting of the officers of the 20th Regt. at Milton, on Tuesday.

Miss M. Hannah, of Rockwood, is visiting at Mr. M. Crewson's.

Mrs. H. Damper is seriously ill. We hope for her speedy recovery.

THE MUNICIPAL COUNCIL

Chief Smith Presents Annual Report of the Fire Brigade.

TREASURER'S BONDS FOR $3,000.

Council met on Monday evening in regular session. The members were all present, Reeve Swackhamer in the chair. Now that business has gotten down to a harmonious basis the attendance of citizens is decreasing. It evidently takes a little cross-firing to secure to the Council a good-sized gallery.

The Committee on Finance presented their fifth report and recommended payment of accounts as follows:

R. W. Chisholm & Co. Coal	$148 70
Board of Health, sanitary constable	18 75
Board of Health, Dr. McCullough, visit to smallpox patients	8 00
W. E. Swackhamer, wood for charity	6 75
Jas. Carmichael, shovelling snow	80
	$181 00

The report was adopted.

The electrician requested that a list of supplies be presented. The list was authorized.

Chief Smith waited upon the Council and presented his annual report. A detailed list of the property of the Brigade was given and a request made for necessary additions. The Brigade also recommended that steps be taken to provide additional exits from the second floor of the Public School building.

Moved by T. Gray, seconded by C. C. Speight, that the report of the Fire Brigade be received and entered upon the minutes, and that the following articles for the Brigade be ordered by the Clerk: 4 hose wrenches, 8 pair rubber mitts, 6 pair rubber boots.—Carried.

The Clerk was instructed to order necessary stationary.

Moved by Alex. Bell, seconded by C. C. Speight, that the amount of the Treasurer's bonds be fixed at $3,000 and that the bonds be procured from the Dominion of Canada Guarantee and Accident Company.—Carried.

Reeve Swackhamer requested the several Chairmen to look over the work of the year they considered necessary in their several departments and to report to the Council.

He said that there should be considerable repairs made to the town hall. The matter ought to receive careful attention.

Councillor Speight advised that careful attention be given the streets now that spring is approaching, to prevent flooding cellars and damaging property.

Council adjourned at ten o'clock.

20th REGT. OFFICERS.

Annual Meeting and Elections at Milton Last Week.

The annual meeting of the officers of the 20th Regt. was held on Tuesday, March 3rd, at Milton, Lieut. Col. W. P. Moore in the chair. The following officers were in attendance, Majors L. Grant, M. Beattie and Rev. A. J. Bolt, Chaplain; Captains W. McDonald, R. M. Clements, J. Ballantyne, Adjutant G. O. McNair, C. S. Gamble, R. E. Anderson, and W. Arnold; Lieut's. J. M. Beattie, W. Askin, H. E. Walker, J. E. Mahon and Mr. Bastedo.

This was the first meeting since Col. Moore took command and the large attendance and enthusiasm of all must have been very gratifying to the new commandant.

The financial standing of the Regt. was found to be in a very healthy condition and with the annual county and municipal grants, the Regt. will go into camp this year second to none in Canada. Greater interest than ever will be taken in the welfare of non-com. officers and men and everything will be done for their comfort and pleasure. To this end the Major Chaplain requested that each officer bring to camp all the magazines he can secure from Public Libraries and private individuals.

General regret was expressed by all at the death of that veteran soldier and Col. of the Regt., the late Lieut.-Col. Wm. Allan, and Majors Grant and Bell were appointed to draft a letter of condolence to be forwarded to his daughter, Mrs. C. S. Smith, Acton.

On motion of Major Grant, seconded by Major Beattie, and carried unanimously, it was decided to appoint Mr. D. D. Mann Honorary Colonel of the Regt. Mr. Mann has former member of Acton Co.

It was also resolved to restore the former Scottish badge to the Regt., and the officers will now wear the Dice band of red and white on their naval cap, while the Campbell tartan puggree band will be worn around the helmets of both officers and men. The 20th will be the only rifle corps in Canada wearing these colors.

The prospects of the camp being held on the historical Plains of Abraham, Quebec, were very enthusiastically received and the prospects are that the 20th will go into camp this year strong er and better than ever.

Col. Moore made a very strong impression as commanding officer and the probabilities are that the Regt. will have a successful history under his command.

CATARRH NOW CURABLE.

But Never by Medicine swallowed, Snuffs, Sprays or Douches.

Catarrh is not a blood disease and that is why it cannot be cured by any medicine taken into the stomach. Catarrh is a germ trouble contracted from the germ-laden air you breathe inward. These germs fasten themselves in the tissue and air cells of the breathing organs, multiply by millions, cause sneezing, coughing, raising of mucous, discharge from the nose, difficulty in breathing, hoarseness, dryness and stoppage of the nose, tickling in the throat and other symptoms that can only be reached by the dry air principle of Hyomei.

It medicates the air you breathe with the curative properties of the Australian Eucalyptus Forests where catarrh is unknown.

The reason you get relief in a minute or two from Hyomei is because it destroys every catarrhal germ in the air you breathe, and its dry penetrating aroma will reach the innermost recesses of the air passages, killing millions of germs a minute. Their destruction means freedom for oppressed respiratory organs. A. T. Brown sells Hyomei under a guarantee of satisfaction or money back. Price, $1.00.

	$74 87

The report was adopted.

A resolution was passed authorizing the Chairman and Treasurer to borrow money for current expenses.

Moved by J. S. Coleman, seconded by I. Francis, that Mr. A. E. Nicklin be appointed as a representative from the Board on the Free Library Board to fill the vacancy caused by the death of Mr. T. T. Moore.—Carried.

Moved by H. Grindell, seconded by J. A. Mowat, that the application of $10.00 per month in salary be granted, said increase to date from March 1st, 1908.

The letter of Inspector Cowley stated that it will be impolitive on the part of the Board to expend at least $115 for addition to High School Library, $35 for new apparatus and $15 for drawing models, if the Board is to participate in the increased grants proposed by the Education Department. The report said that excellent teaching was being done.

Moved by H. Grindell, seconded by J. A. Mowat, that the report of Inspector Cowley be complied with and that Principal Stewart be requested to procure the necessary supplies and addition to the library—Carried.

Moved by J. S. Coleman, seconded by E. D. Ault, that Mr. H. Grindell be and is hereby appointed the delegate from the Board to attend the annual meeting of the Trustees' section of the Ontario Educational Association in Toronto, in April.—Carried.

Moved by H. Grindell, seconded by E. D. Ault, that Principal Stewart be instructed to conduct fire drill in the school every two weeks.—Carried.

The Property Committee was requested to inspect the school premises to ascertain if the space between the old and the new buildings can be added to the High School department by removal of the partition.

Moved by J. S. Colemen, seconded by I. Francis, that the salary of the Secretary-Treasurer be increased by fifteen dollars per annum, to date from January 1st, 1908.—Carried.

After general discussion and consultation relative to the school's interests the Board adjourned.

OUR NATIONAL DANGER.

Time to Cry a Halt Before Complete Wreck Results.

There are thousands, both men and women, who do not take time to eat properly. They rush through life, and as a result we have an age of indigestion, and morose dispositon. Our national danger is stomach weakness, due to the strenuous life.

Mi-o-na tablets, strengthen the walls of the stomach and stimulate secretion of the digestive juices. They make the stomach comfortable and cure indigestion.

Sick headaches, palpitation, yellow skin and coated tongue are a few of the many distressing results of indigestion that Mi-o-na never fails to cure.

A. T. Brown sells Mi-o-na in 50 cent boxes, and guarantees to refund the money if it does not give satisfaction.

Some of us have fads, others are fads.

FALL FAIR COMES TO ACTON

Good Fellowship to Continue—Acton and Georgetown Every Two Years.

SPRING HORSE FAIR, 16th APRIL.

A well-attended meeting of members of Esquesing Agricultural Society was held in the Council Chamber here on Saturday afternoon.

President Flynn occupied the chair and Directors A. Devereaux, H. Barnes and William Cleave, Georgetown; John Cunningham, Norval; Neil Gillies, Scotch Block; W. J. Cottrell, Milton; T. Moffat, Esquesing and H. Swackhamer, Acton, were present, in addition to a large number of members.

Secretary Tracy reported that the meeting was called in consideration of a protest received from H. Swackhamer and A. J. Macklanon alleging that the motion fixing the place for the holding of the Fall exhibit fall was illegal, inasmuch as it was seconded by a gentleman who was not a member of the society according to the statute governing Agricultural Societies. The present meeting, he further explained, had been legally called, as a petition bearing the signatures of thirty members had been presented, requesting the President to call a special meeting. In reading the statutes he found the former resolution was irregular and therefore void.

It was then moved by H. Swackhamer, seconded by W. H. Roche, that the motion passed at the annual meeting fixing the place for holding the fair on the 6th and 7th Oct. next be rescinded.

Moved in amendment by Wm. Cleave, seconded by Jno. Cunningham, that a meeting be called, after two weeks' notice to the members, to decide upon the place for the next Fall Fair, and that the meeting be held in the Council Chamber, Georgetown.

The amendment was lost by fifteen to five and the motion carried upon the same division.

It was then moved by H. P. Moore, and seconded by W. J. Cottrell, that whereas the Fall Fair has been held alternately every two years at Georgetown and Acton for a number of years with general satisfaction to all concerned; and whereas the Fair was held at Georgetown during the years 1906 and 1907, it is hereby resolved that the fair of 1908 be held in Acton, and this meeting strongly recommends that the successive Boards of Directors of the Society in the future carry out the plan which has been in vogue for the past ten or twelve years in the matter of the place where the Fair is to be held.—Carried.

A meeting of the Directors was subsequently held and plans evolved which are calculated to ensure a successful Fair in Acton on the 6th and 7th October next.

The following lady directors were appointed: Mrs. H. Swackhamer, Mrs. H. P. Moore, Mrs. A. A. Secord, Mrs. W. Johnstone, Acton; Mrs. H. B. Henderson, Georgetown and Mrs. Neil Gillies, Scotch Block.

It was decided to hold a spring stallion show at Georgetown, on Thursday, 16th April.
