

BORN.
Wynne—At the home of Hamilton residence, & Milton, on Wednesday, March 16th, to Mr. and Mrs. H. V. Wynne, a daughter.

MARRIED.

McLennan—McKenna—On Wednesday, 18th March, at the home of Mr. and Mrs. John McLennan, 105 King Street, Guelph, Ontario—Isabel Anna, daughter of Mr. and Mrs. John McLennan, of Guelph, to Mr. George Heywood, son of Mr. Thomas Heywood, both of Guelph.

DIED.

Lyon—At 10 Miller Street, Toronto, on Friday, March 18th, at the age of 83 years, Mrs. Lyon, late Miss Mary Elizabeth Hart Fortune, in her 60th year.

The Action Free Press.

THURSDAY, MARCH 20, 1908

EDITORIAL NOTES.

According to the statement of the Provincial Auditor, the total revenue for 1907 was \$5,220,410, and the disbursements \$7,511,215, leaving a surplus for the year of \$1,290,184. The Government has on hand \$1,073,000 in cash, besides a temporary advance of \$2,027,000 to the Provincial Railway, making a total of \$4,301,000.

The Pullman Car Company gave the order that from and after the month of March no longer will be built their trains anywhere in the United States. According to the explanation given, this is not the result of conscientious in the matter, but of simple business conditions. The temperature-sentiment and the consequent spread of local option and prohibition, have made liquor-selling on a moving train a very difficult business, if the company would keep within the law.

The prospects for Western immigration are said to be better this season than they have ever before been in early in the year. The influx of settlers from the United States is already very large and they are very largely a most desirable class of people, being well supplied with money and effects. The Attorney General of Alberta, who was recently in Montreal, is quoted as saying that the farmers from the North-Western States are crowding into Canada with cash in their pockets amounting to sums all the way between ten and seventy-five thousand dollars each. The Canadian Northern Land department states that 200,000 acres have been sold for settlement purposes this spring.

"This is the first normal spring we have had in years," said a bank manager to the World yesterday. "The crop is running as it hasn't for many years. Spring has come in unusually early and all over Canada. Good spring conditions are general. Every point signs to the maturing of seedling operations in Ontario and the west under satisfactory and normal conditions. All Canada needs is a good crop this year and business will hum. Every prospect pleases at present, and reports from the west indicate that the season has opened earlier and more satisfactorily than ever. Tell everyone to cheer up, for there are thousands of substantial reasons, clear to the eyes of observers, to force the belief that the worst is over and the best coming on fast." Yesterday's World.

As a result of the representation regarding Indian emigration into British Columbia made at the Colonial Office recently by Mr. W. L. Mackenzie King, Canadian Deputy Minister of Labor, it is probable that a special commissioner will be sent over to Canada for the purpose of arranging the immigration difficulties along the line of west coast. Mr. John Murray, Secretary of State for India, has received a telegram from the British Indians resident at Vancouver asking for protection as British subjects, and he declared in the House of Commons this afternoon that the Indian Government and the Colonial Office contemplated sending an envoy to the Canadian Government in the hope of bringing to an end if possible, "this extremely difficult, intricate and possibly dangerous situation."

In the Legislature last week Mr. J. P. Downey stated his bill to amend the Municipal Act was to repeat the hunting clauses of that statute. The proposal to remove these sections permitting the hunting of industry by municipalities had been well received. The cities or towns most bitterly opposed to the bonus system were those who had the longest experience of it. This was because of the unjust, unfair, competition set up between municipalities. Many municipalities had shouldered heavy obligations, had undertaken the load to go into their pockets to retain the Indians. Therefore, in the beginning powers were substantially, and then the municipalities took another course and obtained the same end by private legislation, which, unfortunately, the House sanctioned. Following that came other applications, and the precedent having been set, it was easy for municipalities to get the bills passed. His Bill is intended to largely curtail the hunting well.

At the last two sessions of the Municipal Council Rev. R. Swackhamer has exerted the services of committee to make a study of the work pertaining to the hunt and report to the Council as early as possible. This year the Committee on Streets and Walks will have the most important work among the committees. They should see that permanent work be initiated on Main Street, which is a part of the good roads system adopted by the County Council, and they must give attention to the macadam roadway on Mill and Church Streets. At large expense these roadways were constructed. To preserve them and keep them in good condition they must receive attention without parades every year. Two years have now passed since their construction and its attention has been given to them. This year the Indians will have a liberal cutting of fine broken stones this year, and Church Street will require that and more, owing to the heavy teaming to which it is subjected. The Committee, we are confident, will give these roads their earnest attention this year.

If your eyes need help consult with Mrs. J. V. Aldo, Optician, at the Dominion Hotel, on Tuesday, March 20th.

USING THE DRAINS AS SEWERS.
All Sewer and Sink Connections Must be Cut off the Drains at Once.

REEVE WANTS FIRE LIMITS EXTENDED.

Council met on Monday evening in regular session. Members all present, Reeve Swackhamer in the chair.

The meeting was brief, quiet and harmonious.

The Committee on Finance presented their sixth report and recommended the sum of one thousand dollars to Mr. W. Williams, publisher, books \$4.00, Holt, Col. messenger... \$0.50

Aston Park, Park printing... \$0.45

Wilson & Gaudin, spanners for W. E. Gaudin, wood for

W. E. Gaudin, hardware... \$2.25

Jas. Christian, meat, charcuterie... \$1.50

H. Cridge, work on streets... \$0.45

Jas. Dixon, meat, charcuterie... \$0.45

W. E. Gaudin, hardware... \$1.50

The report was adopted.

Chairman Hall of the Streets and Walks Committee, reported that there had been trouble with the Church Street drain the past few days.

An opening had been made in the drain so that it was choked with dirt, log strings, dough and other obstructions.

Mr. Bell said he found, upon investigation, that a number of persons Church and Main Streets are using the drains to dispose of household waste.

He advised that several households have their sinks connected, and that both the hotels were running slope from the base into the drains.

Members of the Council spoke strongly on the matter and declared this abuse must be stopped forthwith.

Reeve Swackhamer complained that the stench from the outlet of the main drain on Main Street at the creek bed near his residence is almost unbearable.

The prospects for Western immigration are said to be better this season than they have ever before been in early in the year. The influx of settlers from the United States is already very large and they are very largely a most desirable class of people, being well supplied with money and effects. The Attorney General of Alberta, who was recently in Montreal, is quoted as saying that the farmers from the North-Western States are crowding into Canada with cash in their pockets amounting to sums all the way between ten and seventy-five thousand dollars each. The Canadian Northern Land department states that 200,000 acres have been sold for settlement purposes this spring.

Mr. Laird asked permission to cultivate the blind portion of Arthur Street between Young Street and the G. T. R. property.

Permit was given provided the public was not interfered with in passing through the area.

Reeve Swackhamer again urged the municipal committees to get their work in hand and to be prepared to submit estimates of proposed expenditures for the year.

Council adjourned shortly after nine o'clock.

Reeve Swackhamer again urged the municipal committees to get their work in hand and to be prepared to submit estimates of proposed expenditures for the year.

Council adjourned shortly after nine o'clock.

CAUSE FOR ALARM.

Epidemic Influenza, Grippe, Catarrhal Troubles, Pneumonia Increasing.

A marked increase in troubles of the breathing organs is noted in many localities. If you will only have Hymen at hand to use with the first attack of Cold in the head, Pneumonia, Colds, Bronchitis, Hayfever, Sore Throat, Croup, in fact any respiratory affection, the trouble will be quickly overcome.

If the attack is neglected and becomes severe, speedy relief will come in most cases and permanent use of Hymen will cure.

The directions for using it vary, but the principle is the same, that of using it all the time in the air you breath and having it reach the air passages with dry medication from the Pine and Eucalyptus forests.

Remember that liquids or moisture are born from the Bronchial Tubes and Lungs. It's the dry air of Hymen that reaches the spot. A. T. Brown guarantees it. Complete outfit, \$1.

This building is heated with hot water, have a system of waterworks, lighted throughout, with electricity and is conveniently arranged in its various appointments.

Rev. R. Swackhamer was the contractor for the rebuilding and enlargement of the premises. He did the carpenter work; J. Lehman the stone and cement work; Watson & Adams, the plastering; F. G. Berlin, the plumbing and steam fitting and W. L. Warden the painting. The art metal was supplied by the Preston Metal Shingle and Siding Co.

Mr. Lehman values his new premises at \$10,000.

ADDRESS AND PRESENTATION.

DR. NIXON IS AGAIN CHOSEN

The Standard Bearer of the Conservative Party in Halton.

AT SATURDAY'S CONVENTION.

The convention of the Liberal Conservatives of this county was held in the town hall, Milton, on Saturday, for the purpose of nominating a candidate to contest the county in the next provincial election. There was a very large attendance of delegates from all the wards of the county, and the utmost enthusiasm and unanimity characterized the meeting. J. G. Smith, of Burlington, president of the Conservative Association, was in the chair. The only nomination made was that of Dr. A. W. Nixon, M. P. P., of Guelph, the present member, and the greatest enthusiasm was tendered the unanimous nomination.

Dr. Nixon accepted the nomination, and expressed the conviction that with the Conservative party so united, there was no doubt as to the result of the next election. Referring to his opponent, Mr. R. D. Warren, of his own town, he said he knew nothing about him that was not bright and honourable.

The Whitby Government was said to be the best in the province, and that those of Guelph were the best in the country.

Unquestionably, the Whitby Government was the best, but not in ways of friendship.

It is hard to put in words the respect we feel at parting with you and your family, and I hope you will always find us and make your presence almost indispensable to the success of our world gathering.
