## A Pointer on Paint

You know that 75 is not 100, then do not expect a paint 75% pure to give 100% wear. It can't. The Martin-Senour Paint is 100% Pure, (lead, zinc and linseed oil) and gives 100% wear. It covers more, looks better, and wears longer than lead and oil or any other paint. It is the only paint made in Canada which is labelled 100% Pure, and sold subject to chemical analysis.
