DEATH OF REV. MALCOLM McCREGOR
The Editor of the Presbyterian died at his residence in Toronto on Monday.

Rev. Malcolm McGregor, M. A., Editor of the Presbyterian, died on Monday morning at his residence, 181 Beattie Street, Toronto. He had been ill for some time, but the end was hastened by pneumonia. In the passing of Rev. Mr. McGregor the Church loses a valuable worker. Rev. Mr. McGregor was born in Scotland, but came to Canada when a boy with his parents and lived in this country. He was a brother of Mr. J. D. McGregor, of Trafalgar.

THE MIGHTY POWER OF MI-O-NA

MI-O-NA, that extraordinary and perfect stomach tonic, will relieve dyspepsia in twenty-four hours. It will cure and is guaranteed by A. T. Brown, Druggist, of this paper to cure the most pitiful cases of dyspepsia, if taken according to directions. MI-O-NA tablets not only cure dyspepsia, but all stomach disturbances, such as indigestion, or after excessive indulgence. MI-O-NA cures by strengthening and invigorating the flabby stomach walls and after a course of MI-O-NA treatment, complete relief is there in any, will entirely disappear. Mrs. S. Kent, of Clarkburg, Ont., says: "A bad stomach trouble that had bothered me for years, baffled and puzzled skilled physicians, was nicely relieved by my using MI-O-NA. My trouble was on account of food not digesting but fermenting in my stomach, forming a gas that gave untold suffering and pain and also made me weak, nervous, irritable and unable to rest. Hence using MI-O-NA I can go to bed at night and sleep and wake up in the morning refreshed. I cannot speak too highly of MI-O-NA." MI-O-NA is a most excellent treatment, a large box of tablets only costs 50 cents at A. T. Brown's, and who does not give them a trial is losing an opportunity to regain health. A heavy sorbent makes a light collection plate. Any person who drinks 25c tea, and once tastes the "Haltia" will see that it is not only finer in flavor, but that as one pound makes thirty more cups it is economical to use.

NEWS OF LOCAL IMPORT.

On an Arctic Expedition
The Newmarket Era of last week contained an interesting letter, posted at 224 in the North of Greenland, from Mr. Walter E. Jackson, B. A., son of the editor of the Era, who is sent out by the Meteorological Department on the Arctic expedition.

Prize Wedding in Trafalgar
Avenue Place, the home of Deputy Mayor J. M. Davidson, David Featherstone, Trafalgar, was the scene of a pretty home wedding last Wednesday afternoon, when their only daughter, Miss Gertrude L., became the bride of R. H. Edwards, M. D., of Brampton.

The coronation
The coronation was performed on the verandah under an arch of evergreens in the presence of about 50 guests, the officiating clergyman being Rev. Mr. Douglas, of Trafalgar, and Rev. Canon Galah, of Brampton—Vice-Rector.

Milton Factory By-Laws Passed
The vote on the two by-laws last Friday was something unique in the line of such matters, for while there were 211 votes cast for one by-law and 223 for the other, not a single vote was registered against either of them. It shows that the people of Milton were practically a unit on the question, and is a genuine expression of what the people are in favor of, and that is, liberal terms to and treatment of those who are seeking locations for the establishment of manufacturing industries.—Hefmore.

Quelsh Boy Shot his Companion
An accident occurred Friday afternoon, a short distance from the city, which resulted in the almost instant death of James Connolly, aged 18, an employee of Taylor-Forbes Co., Guelph. The young man, with two younger companions, were out for an afternoon's shooting on the farm near Trentham's Cut they decided to take a short cut. Connolly went up the embankment and sat down, and one of the boys, named Scariot, went towards him, but in doing so tripped. In falling, the rifle which was in his hands, fired and hit Connolly in the head, 22-bullet lodged in Connolly's head, going in just over the right eye. One of the boys ran for help to a nearby farmer, but before anyone could reach him, Connolly had expired. Connolly's parents recently retired from farming to live in Guelph.

Quietly Wedded at St. Alban's
A quiet but very happy wedding took place at St. Alban's Church last night when Mr. Walter Howell Flood and Miss Bertha Muller, were joined in bonds of holy wedlock. Rev. Matthew Wilson, M. A., rector of St. Alban's, performed the interesting ceremony. The bride was given away by her uncle, Mr. Thomas W. Shaw, and the contracting parties were attended by Mr. and Mrs. Phil A. Smith. After the ceremony Mr. and Mrs. Flood took the 9 a. m. train for Acton on a honeymoon tour. Mr. Flood came to Acton a year ago last September from Cheshiro, England, and during his residence here has made many friends.

Acton's Population Ecclesiastically
Assessor Harvey has handed us the following interesting bit of local ecclesiastical information regarding the population of Acton. gleaned from the assessment roll of 1908: There are in the municipality 153 Presbyterian families of 275 persons; 104 Methodist families of 275 persons; 41 Churches of England families of 217 persons; 17 Baptist families of 88 persons; 10 Dispensary families of 41 persons; 11 Congregational families of 10 persons; 10 Roman Catholic families of 81 persons; and 3 Jewish families of 9 persons. In all cases the parties being assessed give their Church preference. In addition to the above the names of 87 persons appear on the Assessment Roll who have not stated their church preference. Of these the above does not include the families resident in Beardmore Crescent, that annex to the town not having yet been admitted within the municipal limits.

Was in Use Since 1877
The frame of the shed at the Dispensary Church on Church Street was purchased and removed last week by Mr. Thos. P. Watkins. He will re-erect it on his farm to replace the one destroyed last by the recent fire. This shed was erected by the trustees of the Methodist Church, when their first Church in Acton was built, in 1832. The late Angus Kennedy was the framer. The old wood on the annex and the work of erection was done by "bees" by members of the congregation. The trustees at the time were Alex. Brown, Sr., Ass. Hill, Thos. Moore, Sr., Oliver Lanby, Sr., Abram Miller, John Hilt, Thos. Hoare, Thos. Perryman, Mr. Edward and Benjamin Nicklin. Of all the above only Thos. Perryman survives. The annex was destroyed by the fire on the time was the late Rev. Joseph Messmore. The property came into possession of the trustees of the Dispensary Church in 1877.

What Foolish-Minded Folk Would Do

The worst fool trick of Hallowe'en was the lifting of the waste gate and splash board at the Corporation dam. It was men, not boys, who did this. As a result Money's factory had no steam for twenty-four hours. It wasn't a smart trick either—any fool could do it.

Woman's Institute Meeting.
The Woman's Institute will meet in the town hall on Friday at 2:30 o'clock. The Topic for the meeting will be "Christian Suggestions." The ladies are requested to bring fancy-work or other articles suitable for Christmas presents that others may get ideas for Christmas. Other items will add to the interest of the meeting.

Milton Takes 1000 Stores Power
The Clerk of Milton was instructed at the last meeting of the Council to write the Clerk of Acton that Milton asked for estimates as to price charged for 1000 horse power from the Hydro Electric Co., but have not signed any contract; also that the Council is favorable to joint action with adjoining municipalities on the power question.

Some Milton Pavesites Party Too
At last meeting of Milton Town Council the following resolution was passed: "Moved by Councillor Blain, that the Clerk send a respectful letter to Mr. Hinds, of the Monarch Paving Co., informing him that a large quantity of the walk laid by his company is in very bad condition, and that if not repaired within reasonable time, the town will proceed to do so at his expense."

Quite a Sportsman's Paradise
Mr. John Davidson, son of Charles Davidson Esq., agent of E. N. Hallway, has been transferred from Humbolt, Sask., to Horden, Sask. In a letter to the Farm Paces respecting the latter place, which is a new town, Mr. Davidson says: "This is an ideal spot for the sportsman. There are geese, prairie chickens, grouse and ducks in abundance, and deer are plentiful about fourteen miles north. There is also good fishing in the Saskatchewan about six miles north. The grain fields in this section have been a glorious sight this fall. Already 71,000 bushels have been shipped from here to Port Arthur; there are 47,000 bushels still in the elevators, and the outlook of crop is not half market yet. Horden is only three years old, but it has two churches, two general stores, blacksmith shop, tin shop, hotel, two elevators, town hall, and numerous substantial dwellings. The population is 200." Mr. Davidson enclosed a newspaper clipping which reported, Oct. 10th: "Goose shooting north of Horden is in full swing. Recently a party from Langham captured 33 birds in a few hours."

J. C. ROCKWELL'S NEW SUNNY SOUTH CO.
J. C. Rockwell's New Sunny South Company, which will appear in the Town Hall, Acton, Friday evening, November 13th, is the colored organization that appeared in our town a little over a year ago and at that time it gave unbounded satisfaction, in fact it was generally conceded to be one of the most pleasing performances ever presented on the local stage. This season the performance is not a repetition of that of last, everything being new, modern, high-class, refined and up-to-date to the minute. As on the former visit the performers will be found to be clean and nothing will be said nor done to offend the most fastidious lady in the land.

The company recently appeared in Sherbrooke, Quebec, and the Daily Record of that city, dated August 22nd last, had the following criticism: "Those who enjoy old time colored performances had a treat at the Clement Theatre last night in the production of the Sunny South Company. The company is composed of songsters and comedians of more than average ability, and the chorus and solo work was exceptionally good. "My Old Kentucky Home" sung by Louie Moss, with excellent dancing and there were several old time buck and wing dances who did good work. Several of the specialties were remarkably good, those especially worthy of mention being: "The Turners in their Denim" with extra fine dancing and there were several old time buck and wing dances who did good work. The hard work of bread-making should be done in the flour mill—not in the kitchen.
When it is necessary for you to make bread by mill strength, the miller hasn't done his part. His flour is not fine enough.
