the gross vandalism perpetuated by vading Faleview Cometery, with no other authority than a misloading ambiguously worded resolution, and with clearly no other object than personal gain, to cut and destroy the fine old pines, the beautiful maples and other trees that have been the orlds of every lover of nature and every plot owner, since the purchase of Monument Hill by the town.

Let us look at this resolution introduced by Councillor Easton, and supported by his co-despoilers; by J. Easton, seconded by A. Hell, that the Council give all the wood, in the first survey of the Cemetery to some persons who will be responsible to cift and clean up same and to burn up all the drush, and to clean the awales and not to molest any plots which are sold; work to be under the supervision of the Reeve and Councilfor Easton, and work to be commenced at once." This resolution gives them wide powers, and contales but one positive restriction, that the lots al-

W/HAT every cook should know is, which wheat makes the best flour, and why.

Winter wheat is put into the ground in the fall, but does not ripen until the following July. It matures slowly, is soft and very starchy.

Spring wheat is sown in April or May, and ripens in August. It's a flinty, translucent wheat, rich in gluten and contains nearly twice as much . nutriment as winter wheat.

## Royal Household Flour

is made entirely from the hard, nutritious spring wheat, carefully selected from all the wheat of this kind grown in Canada.

Royal Household is fine, light and pure-milled by the most improved methods-in a mill as clean as your own kitchen.

Ask your grocer for Ogilvie's Royal Household - just enough to try. You won't mind the slight advance in cost when you see the results in your bread and pastry.

## News of Opening Days from CAMERON & MOORE'S

New store in Acton

TUR CANNONS ARE LOADED for one of the greatest start-off sales ever offered to the people of Acton. Ten days ago the Toronto wholesale houses held big special sales. One large concern offered the forward stock of the insolvent firm of Burton Spence & Co., wholesale dry goods; another offered the new spring goods being imported by this firm, which were stopped in transit and held by the Bank of Nova Scotia. Nearly every wholesale house in Toronto put on their special sales to retail merchants. It was a buying opportunity without precedent, and by far the most important trade event Canada has known for a decade. This was a chance for us, as we were needing everything a dry goods store requires, and we lost no time in getting on the scene and inspected the stock before it came up for sale, finding out where the most desirable goods were, and being on the ground when the doors were opened on the first day of the sale, we were able to get several cases of desirable goods that we will be able to sell at a very low price. So, on Tuesday, when the store opens, we expect to have everything in shape and all the goods on view, so as to make an opening day's record for the rest

Our past record in doing as we advertised should be a guide to you to know what we mean when we tell you that for our opening days we will have special values that should appeal to everyone knowing the real value of money. Here are a few of the things to watch for. In the Dress Goods department the opening days will be sure to clear out several lines of exceptional values, and we advise early shopping for greatest range :
