Good times are evidently on deck again. Returns of the revenue and expenditure of the Dominion for the first quarter of the current fiscal year -April, May, Juno-have been issued by the Department of Finance, showing, as compared with the corresponding period of the fiscal year 1007-8, a marked growth in revenue, which amounted to \$21,502,872, an Increase of \$2,751,EEL. For the month of June, 1000, the increase was nearly a million dollars altogether in enhanced Customs revenue. Experienced financiers say the Indications are that the revenue Saunders, p for the current flecal year will show an increase of at least ten millions over the fiscal year 1007-8. "I am of the opinion that the placng of Iron ore, lumber, coal, and pulp on the free list by the United States Government would be of great benefit to Canada," said Mr. D. D. Mann, Vice-President of the O. N. R., in the course of an interview with a Globe representative on the tariff laste which has become such a burning question in the United States. Such a move, he thought, would work to mutual advantage and would help to bullit up these industries in both countries. As regards the export two runs, which was more than thought the measure was rather drastle, and that other means could be

Canada, he said, had an inextinustble supply of pulpwood. The present system of granting permits to, lumbermen who could go into a forest and a run-scored on a double steal bad clean the whole thing up, big trees and small, was, in his opinion, wrong. He would have the several Legislatures pass a measure allowing lumbermen to cut only such timber as was of a certain growth, leaving the small trees. All over the country there are at prosent great forests. Quebec, Ontario, the western Provinces, Keewatin and British Columbia had great stores of spruce. In all of these there were a certain number It looked as though there was going of trees which had become "ripe," and attained growth, there would be a machine, and if there are women or There was quite a gathering of spec- perpetual crop every fifteen years or children in the other carriage, he tators present, which is very encour- so, and a crop of great magnitude out

The supply of pulpwood here would never be exhausted so long as the Government protected the forests against fire, and forced the lumber people to cut only such trees as had attained their full market value. In that way, he continued, Canada GEORGETOWN would have the pulp manufactured i Canada to a certain extent, and the FLORAL CO. Limited, consumer across the line would be

## 'Twas a Lucky Purchase

TATE mean the big purchase of Waists, Umbrellas, and Summer Parasols which we made about ten days ago, and which are now all in stock. Lucky for the people of Acton in that it affords them an opportunity to buy high-class Waists and Parasols at prices which we are certain have never before been offered in Acton and seldom offered anywhere, and lucky for us in that it means a quick turnover at a moderate profit, for we did not buy these goods to fill up our shelves; we bought them to sell and we are fixing the prices at figures that are bound to sell them and sell them quickly. Friday morning will find these goods all marked at prices to induce brisk. selling. Shop early Friday and Saturday if possible.
