

**BORN.**  
Gibson—In Guelph, on Monday, July 29th, by Mr. and Mrs. John A. Smith, a daughter, named Dorothy, weighing 7 lbs., 10 oz.  
Burke—In Guelph, on Thursday, July 1st, by Mr. and Mrs. Edgar L. Jackson, a daughter, named Dorothy, weighing 7 lbs., 10 oz.  
Hawthorne—In Acton, on Tuesday, July 2nd, by Mr. and Mrs. George Hawthorne, a daughter, named Dorothy, weighing 7 lbs., 10 oz.  
Barker—In Guelph, on Sunday, July 4th, by Mr. and Mrs. William Barker, a daughter, named Dorothy, weighing 7 lbs., 10 oz.

#### MARRIED.

Elmer—Elmer, in the residence of the bride's mother, Emily Miller, on Wednesday, October 16th, by Rev. Dr. E. D. Ault, to Laura Beatrice, daughter of Mr. James Snyder.

#### DIED.

Parker—At Guelph, on Saturday, October 19th, Mrs. Maria Great Bowes, wife of Peter C. Parker, of Guelph.

The Acton Free Press  
THURSDAY, OCTOBER 14, 1908

#### EDITORIAL NOTES.

The western crop movement is now pretty well in the works. An average of six hundred cars of wheat a day are being sent through Waterloo, one day last week inspections totalled eight hundred and ten cars. The excellent quality of the grain may be gathered from the fact that on that day less than one hundred cars graded below No. 3 Northern.

The provincial executive of the Citizens' League have decided to make the abolition of race track gambling and abolition of liquor traffic in bars and clubs an issue at the next Provincial and Dominion elections. To this end the organization will proceed to ascertain how every member of every church in the province stands on these two questions.

More than \$70,000,000 were spent in Canada last year for strong drink. The bar-room got the money that ought to have gone to merchants and other business men and the drinkers and their families had to go without "the things they were ready to supply." The liquor traffics don't pay. Every good citizen ought to help to do away with it.

A proclamation appears in last Saturday's Official Gazette, confirming the legislation of the Ontario Legislature, entitled "An Act to Amend the Ontario Police Act, 1906," so far as said statute permits to prohibit or regulate, within the legislative authority of the said Province, work hours or labor upon the first day of the week. This confirms the Sunday law and its government of railways in Ontario.

It would appear that the period of good times Canada seems to have entered upon is to be marked by a large increase in immigration. The number of arrivals last year fell off considerably, but the tide is setting in again as is shown by the figures which have just been issued by the Government at Ottawa. During August total arrivals amounted to 15,387, as compared with 10,082 for the same month last year, a gain of 63 per cent. The month's immigration from the United States totalled 8,023, an increase of 70 per cent.

The Canadian Baptist in its last issue said editorially: "In a short time, at the coming municipal elections, many municipalities will be engaged in local option contests, and much strenuous work must be done before polling-day to keep the election similar to that of last year is to be enjoyed. There are very few Baptists in town, in the communities mentioned, in that we know of none, whose votes will not be in favor of local option. But others, though their votes is needed,—there is required a considerable amount of agitation in order to persuade some voters to cast their ballots in favor of this measure of prohibition. Therefore do we appeal to our brethren to bestir themselves in every legitimate way, to the end that victory may result from efforts to rid the municipalities in which they reside from the liquor traffic."

#### LIMESHOUSE

The last regular session of the Municipal Council was confined to the passing of bills and accounts.

Members present: Reeve Swanson and Councillors Huish, Easton and H. H. H. Marshall.

The twentieth report of the Committee on Finance recommended payment of the following accounts:

E. Wilson, hire of engine ..... \$30.00  
Sunbeam Lamp Co., lamps ..... 30.00  
Can. Gen. Elec. supplies ..... 25.78  
Mr. A. J. Swanson, for stone & work ..... 10.50  
Adam Cook, gravel & work ..... 12.25  
John Blundell, work on streets ..... 11.00  
P. Masas, work on streets ..... 7.00  
W. D. Anderson, work & hire ..... 7.50  
R. Carnahan, work on streets ..... 7.50  
Geo. Hitchcock, do ..... 3.00  
W. H. Stoney & Son, haberdashery ..... 3.00  
W. D. Anderson, hauling brick ..... 2.00

The resolution was carried unanimously.

Mr. Andrew Arthur returned last week to his studies at Knox College. His experiences at Guelph during the summer gave him a practical view of the home missionary's life and varied experiences.

The improvements to Mr. Richard Marshall's residence render it a very comfortable and attractive home.

Limeshouse sent almost its entire population to the Fall Fair at Acton last week.

#### HAIR SLAUGHTER

#### KILLED by Negligence

Hair must have nourishment or it will not have proper nourishment. It will lose its vitality, grow weak, and become an easy prey to the ravages of the vicious and destructive germs of dandruff.

Parlor Sage is a hair nourisher; it is the result of sincere study and experience by one of the world's leading scientists.

It should be used regularly as a hair dressing by everyone with healthy hair, because it never fails to prevent dandruff, falling hair, or any scalp disease.

But Parlor Sage is not only a preventive. It is a certain cure for dandruff. It stops itching of the scalp instantly; it makes hair grow thick and luxuriant. It is especially in demand by the ladies, as it makes the hair beautiful soft and fluffy. A. T. Brown the druggist, will fit under a positive guarantee to all that is claimed for it, money back, at 50 cents a large bottle.

—Parlor Sage is delightfully refreshing for Bath or Toilet. For washing undressing it is unequalled. Cleanes and purifies.

#### NOON RECESS EXTENDED TO 1:30

Mr. Henry Gundale ex-Chairman, Resigned, owing to intended removal.

#### AFTER NINE YEARS OF FAITHFUL SERVICE

The Board of Education met in the Council Chamber on Monday evening.

Members present: Dr. E. D. Ault, Chairman, Henry Grindell, Rev. J. C. Wilson, B. A., Geo. R. Agnew and J. A. Mowat.

The ninth report of the Committee on Finance recommended payment of the following accounts:

James Smart Mfg. Co., for desks and chairs, brooms and other supplies ..... 881.12

Groceries, brooms and other supplies ..... 1.70

Anthony Stephenson, balance of account ..... 100

E. H. Ringer, rent for brooms ..... 1.70

Acton Free Press, postage, cheques, letter heads, etc. ..... 3.40

Toronto Engraving Co., Engravings ..... 1.65

E. Macklin, supplies for electric shells ..... 1.50

W. White, repairs at School ..... 2.00

W. White, repair at School ..... 2.00

Majority for Action 10 ..... 304.73

The report was adopted.

The Chairman and one or two members said they had been interviewed by several teachers and parents who stated that since the wider growth of the town in recent years, the younger scholars who resided at the east end of Victoria Street, on Boardwood Crescent and at the south end of Main Street, found it almost impossible to get home for dinner and back to school again in an hour and a quarter. Medical men alleged that the hurry necessary was prejudicial to health.

Moved by J. C. Wilson seconded by J. A. Mowat, and resolved that in view of the fact that so many of the children have now so far to come and go hurried at the dinner hour, the Board would extend the time of the noon intermission from 1:15 as at present to 1:30, to take effect Monday Oct. 21st, 1908.—Carried.

It was reported that there was a case of scarlet fever in town: the patient being a boy who had been attending Georgetown High School where several cases of fever had been contracted.

Moved by J. C. Wilson seconded by J. A. Mowat, and resolved that the Hospital Board be requested to communicate with the Local Health Board applying upon that body the importance of carefully looking into the danger of the spread of scarlet fever in the town, and requesting that every precaution be taken to guard against the same.—Carried.

Mr. Henry Grindell presented his resignation as a member of the Board, stating that he intended removing to Port Williams in a few weeks.

Moved by J. C. Wilson, seconded by J. A. Mowat, and resolved that the Hospital Board be requested to communicate with the Local Health Board applying upon that body the importance of carefully looking into the danger of the spread of scarlet fever in the town, and requesting that every precaution be taken to guard against the same.—Carried.

Mr. Henry Grindell presented his resignation as a member of the Board, stating that he intended removing to Port Williams in a few weeks.

Moved by J. C. Wilson, seconded by J. A. Mowat, and resolved that the Hospital Board be requested to communicate with the Local Health Board applying upon that body the importance of carefully looking into the danger of the spread of scarlet fever in the town, and requesting that every precaution be taken to guard against the same.—Carried.

Mr. Henry Grindell presented his resignation as a member of the Board, stating that he intended removing to Port Williams in a few weeks.
