Mr. Andrews gave a very graphic description of his sixty-mile tramp in to Gow Ganda camp, and his work among the miners and prospectors there. He pointed out the great need for Christian work, and reported the progress being made by the missionaries engaged. During his stay \$1000 had been collected for the erection of a Presbyterian Church at Gow Ganda. Mr. Miller spent several years in Acton and will be remembered as an enthuslast in local athletics during his residence here. Two years ago he took a team of crack lacrosse players on a tour of Australia. His experience and observations in Orillia, since Local Option came into force there, have been so convincing of its power to benefit a community that he is one of the most ardent advocates for the clos-
