Before this altar he had prayed over the dead forms of a bygone generation, and had welcomed the children of a new generation, and here, yes, here he had been told at the last that his work was no longer owned and blossed. No one remained, No one? "Only a

"Well, Robert ?" said the minister. "Do you think if I were to work hard for an education, I could over become a preacher?" "A preacher?"

"Perhaps a missionary," There was a long pause. Tears filled the eyes of the old minister. At length he said : "This heals the ache in my heart, Robert. I see the divine hand now. nomen We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound. In almost every community you will find women who

have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has,

In the Pinkham Laboratory at Lynn, Mass, are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations. Lydia E. Pinkham's Vegetable Compound is made ex-

clusively from roots and herbs, and is perfectly harmless. The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy. Belleriver, Que.—"Without Lydia E. Pinkham's Vegetable Compound I would not be alive. For five months I had painful and irregular periods and inflammation of the uterus. I suffered like a martyr and thought often of death. I consulted two doctors who could do nothing for me. I went to a hospital, and the best doctors said I must submit to an operation, because I had a tumor. I went back home much discouraged. One of my cousins advised me to take your Compound, as It had cured her. I did so and soon commenced to feel better, and my appetite came back with the first bottle. Now I feel no pain and am oured. Your remedy is deserving of praise.".—Mrs. Emma Chatel, Valleyfield, Helleriver, Quebec.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.
