EDITORIAL NOTES

Despite the strenuous objections of the liquor dealers in the city of Quebec a by-law was passed last week by the City Council prohibiting the opening of bars before seven a. m. daily and the sale of intoxicating liquors in any licensed stores before that hour.

The License Inspectors of the Province believe that their salaries are too low, and several of them waited on the Provincial Secretary, Hon. W. J. Hanna, and asked that the minimum salary be raised from $600 to $600 a year. They claimed that the stricter enforcement of the law and the spread of Local Option, making it necessary to guard against any sales of liquor in so many districts, have made their duties much heavier.

There has just been issued at Ottawa the report of railways and canals for the year ending June 30th last. It is interesting in that it shows that the Dominion now has the greatest railway mileage in the world in proportion to the population, but in proportion to the area it has the smallest. During the year under review the mileage increased 1,138 miles, as compared with an increase of 514 miles in the previous twelve months. The year saw considerable increase in equipment, that there were added to the existing rolling stock—97 locomotives, 2,000 freight cars and 66 passenger cars.

Ex-Warden Swackhamer addressed the Council and presented the Council with a large framed group picture giving portraits of the Warden and members of last years' Council, with a view of the County buildings. The picture is intended to adorn the Council Chamber. Warden Swackhamer took this means of demonstrating his good will to his fellow-members rather than having the customary "blow-out" in the shape of a Warden's dinner.

The Warden, on behalf of the Council, thanked Mr. Swackhamer for his handsome and valuable gift. Messrs. J. C. Ford, Griffin, Featherston, J. F. Ford, Thompson and Earl also expressed their appreciation.

The Council adjourned to meet on the 8th March.

ABLE AND IMPRESSIVE SERMONS

By Rev. H. A. Macpherson, Toronto, at Knox Church Anniversary on Sunday.

REV. H. E. KNOWLES' ELOQUENT LECTURE

The fifteenth anniversary of the opening and dedication of the present Knox Church edifice, held on Sunday and Monday, added another to the long list of successful anniversary services of this energetic congregation.

Rev. H. A Macpherson, the minister of Chalmers' Church, Toronto, and pastor of Knox Church during the years 1897 to 1902, was the preacher of the day. Mr. Macpherson was most popular during his ministry here and he was greeted with very large congregations both morning and evening. The usual attendance was not only swelled by the congregations of the Baptist Church in the morning and the Methodist in the evening, but there were many visitors from the surrounding countryside.

It is five years since Rev. Mr. Macpherson stood in the pulpit of Knox Church on an anniversary occasion, and a marked improvement is noticeable in his preaching. He was always evangelistic in style, but is now more than ever so, and emphasizes gospel truth with an earnestness of appeal sure to arrest the attention and thought of his hearers. The subject of the morning sermon was "The Glory of the Cross" as suggested by St. Paul's earnest farewell words to the church at Ephesus: "But God forbid that I should glory, save in the Cross of our Lord Jesus Christ." The sermon was a very fervent presentation of the glory and satisfaction of living this life with the example of Jesus Christ constantly before us.

REV. H. A. MACPHERSON
Minister of Chalmer's Church, Toronto

The evening discourse was based upon that earnest appeal of our Saviour, Matt. 11: 29, "Come unto me all ye that labor and are heavy laden and I will give you rest." Why is it, he said, that men and women who hear this invitation will not come to Him? It cannot be that they do not understand that Christ is anxious that they should come to him. No man to-day will say that he does not need Christ. He is the great need of every man in every land, near and far away. It is just as true of this land as of heathen lands. It is the need of this congregation and all others. We need Him as the great example showing to us that the highest kind of life is that which is lived to-life-then up. 2. It cannot be that people fear that a welcome will not be given them. What a cordial welcome was given the prodigal when he returned home. The invitation of Christ is most sincere and the welcome all it could possibly be. 3. Some say they do not know what to believe. I am very glad that man do not need to depend upon the creeds of our churches. They have only to listen to Christ and come to him. We must come to him and give him the very best that is in life: the best powers we possess are none too good for him.

In his conclusion he made a strong personal appeal to all to come to Christ. Young men and women, he said, may I appeal to you and look for a sympathetic response when I ask you to consecrate your best services to God. I make my most earnest appeal with the hope that out of this anniversary service, as a result of the preaching of this day, there shall come men and women who will say they are prepared to give their best years and best service in the work of God. Do not go home empty-handed to meet your Saviour.

The anthems of the choir and selections by the quartette were very suitable to the occasion and gave evidence of careful preparation.

The attendance at the social event on Monday evening was also very large and the proceedings most enjoyable. The tea served in the basement amply sustained the excellent reputation of the ladies of the congregation for high-class culinary products. The programme was of a very high order, and fulfilled in all respects the announcements made to the public.

Shortly after eight o'clock, Rev. J. G. Wilson, B. A., took the chair. The initial number was a skilfully rendered piano solo by Miss Laurelta Gray, the church organist. The Quartette "When the Lights are Low," was sung with fine effect by Misses Holmes and Graham, and Messrs. Mann and Henderson. Mrs. J. W. Bows, of Milton, soloist in the Methodist Church in the County Town, then sang "The King of Glory" in a manner which called forth well-merited applause. She responded with the well-known Scotch ballad "Caller Herrin." Mrs. Bows was in splendid voice. Every note rang true, and her well-moderated tones were sweet, rich and artistic. She also sang later in the evening with equally good effect that tender and affecting song "The Homeland" and as an encore "The Old Plaid Shawl."

Brief, timely, and very happy addresses were delivered by Rev. H. A. Macpherson and Rev. Dr. Antliff.

The masterly lecture by Rev. H. E. Knowles, B. A., of Galt, on "Secrets of Scottish Success," was thoroughly enjoyed and appreciated. He showed that there are misconceptions innumerable respecting the proper definition of what it means to be successful and pointed out that it is not to be measured by financial accumulations, high reputation, great accomplishments, nor popular attainments. It is a happy, useful, contented frame of mind, a reverent attitude toward God, and a spirit helpful to our fellowman. The talented lecturer asserted that the Scottish people are the most successful people in the world, and in proof of this sublimely remarked that they are to be found in all halls of learning, houses of parliament, judicial benches, prominent pulpits, financial enterprises, and in the jails and penitentiaries. The secrets of their success were pointed out as four in number. 1st: They have a love for work. The industry of the Scotch has more to do with their Godliness than anything else. 2nd: Their sentimentality. The noblest things in life are accomplished through sentiment. Their sentiment is betrayed in their superstitions. 3rd: They have a peculiar gift for recognizing the value of things. They look for inherent and intrinsic worth. They cultivate the gift of despising anything pretending to be great that is not great. They run down shams and seek reality, and put essential emphasis on truth wherever found. 4th: Their religious life. This is the supreme secret of Scottish success. This was illustrated with a wealth of detail in tragic word paintings of the stalwart sincerity of the Covenanters and the Non-Conformists who sealed their testimony with their blood. The lecture throughout was most eloquent, versatile and rich in thought and metaphor. It abounded in magnificent word painting and a masterful use of language in descriptive and artistic declamation. Mr. Knowles proved himself a lecturer of high caliber: an entertainer of most accomplished attainment; and a champion of Scottish character and characteristics of paramount ability. He proved most conclusively that it requires an Irishman's wit and wisdom, and discernment, and ability of expression to fittingly describe the "Secrets of Scottish Success."

SICK HEADACHE

A Symptom of Troubles Which are Removed by Dr. Morse's Indian Root Pills.

These Little Sugar-coated Pellets promptly banished by Dr. Morse's Indian Root Pills.

Sick headaches are not merely afflictions to be borne as patiently as possible—they are danger signals. They never come unless the digestive system is out of order, and their regular recurrence is proof positive of serious trouble and a warning—that should be heeded promptly.

Sick headaches are caused by Indigestion, Biliousness or Constipation, and no amount of "headache powders" will do more than temporarily relieve them. The only way to get rid of them entirely is to cure the Constipation or Indigestion that is causing them, and nothing will do this quicker or more effectively than *Dr. Morse's Indian Root Pills.*

Dr. Morse's Indian Root Pills are purely vegetable in character, and are free from any harmful drug. For over fifty years they have been in constant use in Canada, and have proved most effective in regulating the bowels, aiding digestion, banishing sick headaches and restoring vigorous health.

Dr. Morse's Indian Root Pills have stood the test for over fifty years. 25c. at all dealers. W. H. Comstock Co., Ltd., Brockville, Ont. 7.

All old people suffer from attacks of sudden exhaustion, weak heart action and prostration. The best aid in such cases is **Tarrovin,** the invigorating tonic which is prepared from fresh, lean beef, Citrate of Iron and pure old Spanish Sherry Wine. It stimulates the digestion and strengthens the whole body. $1.00 a bottle.

CREWSONS CORNERS

A large number from here attended the anniversary services in Knox Church, Acton, on Sunday.

There is some talk of the Bell Telephone Co. establishing a local telephone line in this neighborhood. It would be a great convenience if such a line were opened.

Mr. Geo. Graham sold one of his fine heavy horses to a Galt buyer for a fancy figure this week.

Mr. John Kitching's clearing sale on Tuesday was largely attended. Mr. Kitching removes to Acton shortly.

A large number of the younger members of the Disciple Church, of Everton, headed by the pastor, Rev. Mr. Willeman, called at the home of Mr. and Mrs. John Soper one afternoon last week and cut enough wood to supply them for the winter. In the evening a very social time was spent in song, speech and music. Mr. Soper is in very poor health at present and the charitable act, which is quite characteristic of the Disciple congregation at Everton, is highly appreciated, not only by Mr. and Mrs. Soper but by all in this community.

Miss Barber, of Georgetown, visited her aunt, Mrs. Jas. McMillan during the week.

Make Each Animal Worth 25% Over Its Cost

On ⅓ of a Cent a Day

Nobody ever heard of "stock food" curing the hoof or colic, making hens lay in winter, increasing the yield of milk five pounds per cow a day, or watering run-down animals to plumpness and vigor.

When you feed "stock food" to your cow, horse, swine or poultry, you are merely feeding them what you any grower on your own farm. Your animals do need not more feed, but something to help their bodies get all the good out of the feed you give them so they can get fat and stay fat all year round; also to prevent disease, cure disease and keep them up to the best possible condition. No "stock food" can do all these things. ROYAL PURPLE STOCK SPECIFIC can and does. It is

Not a "Stock Food" But a "Conditioner"

ROYAL PURPLE STOCK SPECIFIC contains no grain nor farm products. It increases a yield of milk from three to five pounds per cow per day before the flow. He has been used two weeks. It makes the milk richer and adds flesh faster than any other preparation known. Young calves fed with ROYAL PURPLE grow large at six weeks old as they would be when fed with ordinary materials at ten weeks.

ROYAL PURPLE STOCK SPECIFIC puts life into run-down animals and restores them to plumpness almost magically. Cures bots, colic, worms, skin diseases and debility permanently, persistently in the feeding of "The Kid," 2.02½, largest winner of any pacer on Grand Circuit in 1908, and Henry Winters' 2.08¼, brother of Allen Winters' winner of 136 heats in trotting stakes in 1906. These horses have never been off their feed since I commenced using Royal Purple Specific almost a year ago, and I will always have it in my stables."

Royal Purple

STOCK AND POULTRY SPECIFICS

One 50c. package of ROYAL PURPLE STOCK SPECIFIC will last one animal seventy days, which is a little more than a quarter of a cent a day. Most 25c. poultry specifics last but fifty days and are given three times a day. ROYAL PURPLE POULTRY SPECIFIC is given but once a day, and lasts half again as long. A $1.25 pail containing four times the amount of the fifty cent packages will last 300 days. ROYAL PURPLE will increase the value of your stock 25%. It is an unfailingly quick fattener, stimulating the appetite and the relish for food, assisting nature to digest and turn food into fresh, rich blood. ROYAL PURPLE is a tonic, a blood purifier, a worm expeller and a vermifuge. ROYAL PURPLE POULTRY SPECIFIC is in no other specific for gapes in fowls. One 25 cent package will last twenty-five hens 70 days, or a pail costing $1.50 will last twenty-five hens 280 days, which is four times more material for only three times the cost. It makes a "laying machine" out of your hens summer and winter, keeping fowls at moulting time and cures poultry diseases. Every package of ROYAL PURPLE STOCK SPECIFIC or POULTRY SPECIFIC is guaranteed.

Just use ROYAL PURPLE on one of your animals and any other preparation on another animal in the same condition; after comparing results you will say ROYAL PURPLE has them all beat to death, or else he has returned your money. Please mention this paper. Ask your merchant or write us for our valuable 72 page booklet on cattle and poultry diseases, containing also prizewinning recipes and full particulars about ROYAL PURPLE STOCK and POULTRY SPECIFICS.

If you cannot get Royal Purple Specifics from merchants or agents, we will supply you direct, express prepaid, on receipt of $1.25 a pail for either Poultry or Stock Specifics.
