BRIEF LOCAL ITEMS

Next Sunday—1st. May. Rev. Dr. Dix, of the month, N. H. has accepted a call to Chalmers Church, Guelph. It is not too late to plant apples. Evergreens may be planted for a month yet. Good afternoon! Have you remembered to renew your Free Press subscription? You may go trout fishing next Monday—if the owners of the streams give you permission. Officer Hearn has made a splendid job of the street cleaning. The streets never looked better. Brantford's License Commissioners have announced that hereafter one violation will cancel a license. There will be no intoxicating liquors, nor cigarettes, legally sold in Ontario on and after Monday next. It is high time to commence operations for the removal of buildings from Mill Street to the widening. April evidently reserved her tears for the closing week of the month. The earlier weeks were nearly all smiles. At the vestry of St. John's Church, Hamilton, the pastor, Rev. S. Florence Norton was granted a month's holiday. The congregation of St. Joseph's Church contributed an Easter offering of \$32.20, and the Altar Society collected \$22. At a mass meeting of the citizens of Guelph last Thursday evening it was unanimously decided to commence at once a Local Option campaign. Get your views and opinions ready, plant your seeds, and in a few months you will note with astonishment how much you have done to beautify Acton. The Cranston Hotel Company Limited, registered at Lockwood to provide good accommodation if the hotels close up. A meeting will be held in the town hall next Monday evening at eight o'clock for the purpose of organizing a town baseball league. All interested are requested to be present. Mr. Wm. Maslin has purchased from the estate of the late Thomas facing Bowyer Avenue. Mr. Hamilton will improve the property and reside here. Rev. Joseph Gott, former pastor of the Baptist Church, died at his home at Georgetown last Friday, pneumonia being the immediate cause of death. A biographical sketch will appear in next issue. An Active Farmer at 64. Last Thursday Mr. Hugh Mann's son put a new manure spreader into commission on his farm for the first time. The old gentleman was much interested having never before seen one in operation. With characteristic independence he was not satisfied at seeing the machine do the work, but decided he would operate it himself. He mounted the seat and drove until the field was well covered with manure. It was rather a novel accomplishment for a man in his 64th year. Knox Church Precept. Rev. E. A. Esplanum, R. A., of Toronto, is supplying the pulpit of Knox Church during the holiday trip of Rev. J. G. Watson, R. A.; the pastor, across the continent. Rev. Mr. Esplanum graduated this year from Knox College and is therefore fully capable of ministering to this important congregation. He is a fluent speaker with a pleasing delivery and, judging from his sermons last Sunday, he is a faithful exponent of a pure gospel in all its forceful simplicity. In the morning Rev. Mr. Esplanum took for his text I Peter 2:11, and emphasized the wisdom of taking Christ as our example and following in his steps. At the evening service the sermon was based on I John 4:19, in which the love of God is manifested because he sent his only begotten son into the world that we might live through him. The congregation is much pleased with Mr. Esplanum's ministrations.

Tea That is Always Fresh

"SALADA"

See that Your Flour is Sound and Dry

Then, Madam, the cookbook says: Sift Your Flour. Do YOU know the story the Gifter tells? To beware of flour that's soft as a slaty, coming out of the sack with difficulty; flour that's lumpy, sticky, woolly, soft, flour that gives little, heavy, lumpy, sticky, woolly, soft, flour that is full of moisture, and that will not keep. To guard against the stuff you can press into a ball near solid falling into several pieces when broken, not into that fine granular dust which FIVE ROSES is. Because, Madam, all this means "stuffy" quality plus excessive moisture. Very many things that are wonderfully light and silky, are full of moisture. Of course, Madam, flour like all good foodstuffs must contain some moisture. There's a moisture and moisture, you know. And when the moisture mark is crossed say "no" to it. Moisture is a bacteria for bad odors, musty, unwholesome, unground flour that won't keep. And you pay for water, instead of good flour. Since strength and whiteness go together, don't you see? But when your flour is soft and sticky, it's not what you want. It's granular, free, heavy, nothing in your flour after you sift it. FIVE ROSES is just what you want, and free, each particle absorbs a maximum amount of water, etc. Safer, safer to work with, and meeting uniformly working soundly in the dough. And when the dough is done, it's just what you want. You that makes "runny" dough and bad loaves. Yet FIVE ROSES, Madam, has a clean 10% of water. Clean from the pump, we find it is 10% water. Clean from the mill, we find it is 10% water. Made from selected wheat, the best way, packed tight, fully 10% water, shipped right. And it's guaranteed to keep. Why don't you use FIVE ROSES. TAKE OF THE WOOD BELLING CO. LTD., MONTREAL.

Five South of Ferry Lake. The log barn and frame building adjoining purchased from John Walters by Robert Bilton, first line Esplanum, last year was destroyed by fire on Friday night. The good lumber was burnt in the barn. The fire was in all appearance incendiary. Mr. Bilton knew nothing of it until next morning. Was a Native of Halton. On Saturday afternoon, after a brief illness, Mrs. V. Cranston died at the residence of her son-in-law, Rev. H. J. M. Glasford, Guelph. Deceased was born in this county seventy-six years ago. Her married life was spent in the township of Albion, county of Peel, where she resided for nearly forty-eight years. She is survived by her husband, one daughter, Mrs. H. J. M. Glasford, and six sons—Mr. J. A. Cranston, Galtway; Mr. J. A. Cranston, Galtway; Mr. R. J. Cranston, Galtway; Rev. H. A. Cranston, Palmerston; Rev. W. T. Cranston, Delaware; and Mr. D. T. Cranston, mathematical master of the Royal Arthur High School. Deceased was a woman of the highest personal character, and will be mourned by a wide circle of friends.

A TALK ON STOVES

In order to secure a perfect stove, you must get it to your home and heat satisfactory. Now in order to secure the above results, the Imperial Oxford Range is equipped with the following: With the new reversible grate, which allows 20% more air space to the fuel than the old style grates; with the oval fire-box, which leaves no corners for clinkers; with the divided flues, which let the heat travel around every part of the oven before going to the chimney; with the "Economizer," which will hold fire for 48 hours or will hold a baking heat for 4 hours without attention; with the patented lifting hearth; the removable nickel; the large square oven; its pleasing appearance, and lots of other features. Since starting in the stove business last fall we have sold five of the Imperial Oxford Ranges and they all give satisfaction. This we consider is a good testimonial for them. There is a cheaper range we have the Crown Prince which sells at \$25 each and we guarantee the price is as low or lower than any similar stove sold by a catalogue house. We have four satisfied customers of the Crown Prince. Cook Heaters we have sold five during the winter, also two Art Luster Range Burners. Both of these lines have had great heating powers. Now in view of all the perfectly satisfied orders the "Gurney" line, have you a particle of doubt about the working powers of these stoves? If you are in the market for a stove, we feel that in your own interests you cannot afford to pass them by. We chose to repeat in this notice all the other stove makers in the district because they were the best quality, at the most reasonable price. We stand behind every stove and guarantee it to do its work and we are backed by the largest stove concern in these parts. Now if you want to see more of this "Quality" line, drop into our store and we can talk "stoves" to you from A to Z.
