**IS NOW HERE!**  
The Eye Specialist who Practices the New System  
"HE LOOKS INTO THE EYE"  
Professor F. A. Graham  
Representing the Graham Institute of Montreal, will be in Acton to fill a ten days' engagement of Sight Testing at our drug store, from Thursday, Aug. 4th to Sat. Aug. 13th

A new day has dawned for eyesight sufferers. This specialist has perfected a system so perfect that it has brought the correcting of imperfect sight to an exact science. No long, tedious sitting in the optician's chair with hummerlike pairs of glasses tried to your eyes, but a new and wonderful quick and easy method by which the inside of the eyeball is illuminated and nature gives up the secret of poor vision. Children's eyes can be accurately examined by this method without making them squint. Cross eyes can in many cases be straightened by wearing glasses fitted by this system. All examinations will be made by Professor Graham, Free of Charge, those requiring glasses paying for glasses only. I want this message to be an invitation to eyesight sufferers, to all who require a change in their glasses, to all who wish to know if the glasses they are wearing are exactly right, to all headache sufferers and to all children afflicted with cross eyes.

**CURED OF CONSTIPATION**  
Mr. Andrews practices Dr. Morse's Indian Root Pills.  
Mr. George Andrews of Halifax, N.S., writes: "For many years I have been troubled with chronic Constipation. This ailment never comes completely cured, and I have been a victim to the many slingers that constipation brings in its train. Medicine after medicine I have taken in order to find relief, but one and all left me in the same hopeless condition. It happened that nothing would except from me one ointment that came to me in a timely way, at last I found that these Indian Root Pills."

**BRAIN WORKERS**
