Wouldn't It Make a Pretty Park?

The other morning when the sun was being laid for the new pavement at the widened street line along the Record property on Mill Street, a leading citizen remarked: "Wouldn't this property make a pretty little park for the centre of the town?" "Why yes," was the prompt response of all. "Perhaps," ventured another, "the Record brothers would donate the property to the town and we could perhaps the assessors engaged in the family to do the same by their local residents here." It could be fitted up with flower beds, shade trees and shrubs, green lawns and gravelled walks, a little fountain in the centre and lawn seats here and there. It could be made a beauty spot for Acton and the name "Record Park" would be a perpetual remembrance of the thoughtful and generous donor. It certainly would be commendable.
