Good

tea is the result of care and experience in blending—must be the combination of fine flavor, smooth strength and richness. Because all these elements are so generously included in Red Rose Tea it well merits the term "good tea."

An Important Subject

When considering the question of clothing requirements for the fall and winter months, living as we do here in Canada in a rigorous climate, without a doubt the item which deserves the first and most careful attention is

UNDERWEAR

GOOD UNDERWEAR is one of the most important factors to comfort and good health. As in every other line of goods there are lines of Underwear on the market with very little merit, except perhaps that they are cheap, but, fortunately, we have in Canada, in this same line, makers who have made it their life study and whose products now represent the results of their efforts.

IN MEN'S AND BOYS' GOODS... Penman's Underwear, Stanfield's Underwear, Ellis' Underwear, Newson's Underwear, Turnbull's Underwear, Kingston Underwear

WOMEN'S AND CHILDREN'S UNDERWEAR... Our great special in these lines is TURNBULL'S UNDERWEAR, which we stock very fully and recommend very strongly for MERIT and REAL VALUE.

This Feeding Floor Could Be Built in The Fall

and it would help greatly to preserve the condition of your live stock in the Spring. Every farmer knows that in the Spring of the year his barnyard is almost bottomless. The live stock mire down into the mud and almost float around—greatly to the detriment of their physical condition.

By building a Concrete feeding floor in the yard, this trouble is done away with. A Feeding Floor of comparatively small area and built this Fall, would pay for itself next year. Concrete is the only material that can be used in this way at a moderate cost.

Will you ask for your copy of the book which we have prepared for you—'What the Farmer Can Do With Concrete'? It's free—and, take our word for it, you'll find it one of the most interesting pieces of such literature you ever read. And profitable, too—because it will save you money.
