The Acton Free Press

THURSDAY, NOVEMBER 17, 1910

EDITORIAL NOTES

The Public Accounts for the last fiscal year have just been issued in blue book form. The main figures as to revenue and expenditure were published last summer, showing a total expenditure on consolidated fund account amounting to $70,411,717, with a total revenue of $101,563,710 leaving a surplus of $21,565,993.

The Provincial Government will take legal action against the London & Port Stanley Electric Railway for operating its system on Sundays, contrary to the Ontario Railway act and Lord's Day act. Sir James Whitney authorized the announcement, following an extended conference with Hon. J. J. Foy, the Attorney-General. Representatives of the Lord's Day Alliance waited upon the Premier and urged that the Government bear the expense of an action against the railway. The Government has decided to accede to the request, on the ground of very special circumstances in connection with the application, and the fact that the action would in a sense be a test case in the public interest to determine the scope and meaning of the statutes, the expense of which, under the circumstances, the Province should expect to incur.

PRINCIPAL STEWART OFFERED GOOD POSITION

At Salary of $1200 on Staff of Parry Sound Schools

HE WILL REMAIN IN ACTON

The Board of Education met on Thursday evening at the call of the chair. Mr. J. A. Mowat, chairman, presided.

The Committee on Finance presented their twelfth report and recommended payment of accounts as follows:

C. Hemlake, art models	$11 37
Geo. H. Wheeler, freight, etc.	1 40
Nelson & Co., brooms	2 00
A. T. Brown, supplies	6 10
Bell Tel. Co., telephoning	25
E. Macklin, repairing boiler	3 50
	$25 82

The report was adopted.

Pricipal Stewart waited upon the Board to state that he had been offered a salary of $1,200 to take a position on the staff of the Parry Sound schools. He did not like to leave Acton but felt that he must in justice to himself and family do the best he could for his financial interests. He was willing to accept a reasonable increase in salary, with a view to an ultimate salary of $1000 per annum, which would satisfy him with residence in Acton.

In referring further to the matter Principal Stewart stated that he did not wish to embarass the Board in any way. He desired they should feel perfectly free to take such action as they deemed to be in the best interests of the School. If they could not see their way clear to meet his proposal he would not stand in their way. The position at Parry Sound was open to his acceptance for the first of January. He was, however, settled in Acton, had a place on the Board of Examiners which gave him some addition to his salary, and he would prefer to sacrifice something to remain here.

The Board carefully considered the matter in the light of the fact that Acton School under Mr. Stewart's principalship has maintained a high standing of efficiency and its pupils have made higher results than the average at the annual examinations. They knew Mr. Stewart as a teacher and as a citizen of high character, and they felt that in the effort to replace him, in case of his resignation, it might be difficult, and all realized that the vacancy, if created, could not be filled efficiently at the salary paid or now asked by Principal Stewart. On the other hand it was felt that Mr. Stewart having accepted re-engagement until next mid-summer at the salary of $850, he should fulfil his engagement. In answer to this it was pointed out that this agreement was entered into with the legal clause giving either the Principal or the Board power to terminate it at any time upon giving thirty days' notice.

Moved by E. D. Ault, seconded by A. E. Nicklin, that in consideration of Mr. Stewart remaining Principal of the School, we agree to pay him a salary of $900 per year, beginning with January 1st, 1911, to the 1st July, 1911, and promise an advance of $50 per year until the maximum of $1,000 per annum be reached.—Carried.

It may be a matter of interest to know that while the salaries paid the lady teachers in Acton School are higher than the average paid those in the other towns in the county, the salary of the principal here is lower than that of any other town in Halton. Burlington and Oakville are paying $1,000, Milton and Georgetown $900.

—Only a few more days to buy cheap boots and shoes. Rubbers, mitts and gloves at cost prices. Saturday the big bargain day at O. Fritz'.

ONTARIO IS FAST GOING DRY

Another Great Local Option Campaign is in Progress in the Province

IN BETWEEN 80 AND 90 MUNICIPALITIES

On Monday, January 2nd, 1911, between 80 and 90 municipalities will vote upon the question of local prohibition, and the inevitable result would seem to be the still further weakening of the liquor traffic and strengthening of the temperance forces.

This year contests are on in both the extreme eastern and western parts of the province. The town of Amherstburg in Essex County and the town of Lancaster in Glengarry County will both vote, together with many other places scattered in between.

Eastern Ontario has more than its share of contests. Every municipality in the County of Glengarry is into the fight, including the town of Alexandria, the villages of Lancaster and Maxville, and the townships of Kenyon, Lochiel and Lancaster.

Just over the border the village of Vankleek Hill in Prescott County and the township of Roxborough in Stormont County are also voting.

Other important eastern points in which the battle will be fought are the towns of Arnprior, Perth, Smiths Falls, Napanee, Gananoque, and the villages of Merrickville, Newburg and Newcastle.

In the northern part of the province considerable progress has already been made, and if the campaigns now on are successful it will mean the entire cleaning up of large areas. Among the places voting are the towns of Barrie, Bracebridge, Huntsville, Burks Falls, Beaverton, and Sutton.

There will not be much doing in the north western part of the province, the only fights being in the villages of Port Elgin and Paisley, and the township of Albermarle.

The city of Guelph is, however, the centre of a hot fight. One of the strongest and best organizations in the province is that of the Citizens' Committee in Guelph, and the campaign is being systematically carried on along practical lines. Present indications are that Guelph will swing into the dry column next January, and it will be a blessing for Acton if it does.

Just near Guelph, voting will take place in Guelph and Puslinch townships, Erin village, and Drayton village.

Dufferin County has only three licenses. These are all in the village of Grand Valley, which place is looked upon by both parties as a strategic point, and will be the scene of a hard fought battle.

In western Ontario the most interesting group of contests is that of the township of Aldborough, with the villages of Rodney, West Lorne, Wardsville and the town of Bothwell. If those places are successful it will mean a big white spot in the map of Elgin County.

The hottest place in the province, however, is the county of Welland. Here a county convention was held last spring, at which it was decided to bring on a fight in every municipality in the county as far as possible, with the result that ten municipalities will vote in January, including the towns of Welland, Thorold, Port Colborne and Bridgeburg, with the townships of Thorold, Crowland, Humberstone, Stamford, Willoughby and Bertie.

A striking feature of the Campaign is the few attempts to repeal Local Option. Last year there were 111 municipalities in which repeal contests were possible, but in only 12 was the matter brought to a vote, and only 2 by-laws were repealed. This year there are 128 municipalities in which Local Option By-laws have been in force for three years or more, and where a repeal contest might be brought on. If the law were really a dismal failure as its opponents proclaimed it would be, it might naturally be supposed that at the first opportunity the people would get rid of it. But this year out of 128 possible places repealing by-laws will be submitted in only about 6. These are as follows: Ancaster Township, Colborne Village, Howick Township, Beverley Township, Goulburn Township, McKellar Township.

With the thorough organization that the temperance forces seem to have, and the aggressive spirit that is characterizing the movement, the probability is a considerable addition to the dry area of the Province of Ontario after May next.

DANGEROUS DANDRUFF

Will Make Canada a Baldheaded Nation if Not Checked

M. Pasteur, the great French Physician, of Paris, once said: "I believe we shall one day rid the world of all diseases caused by germs."

Dandruff is caused by germs, a fact accepted by all physicians.

Dandruff is the root of all hair evils. If it were not for the little destructive germs working with a persistency worthy of a better cause, there would be no baldness.

Parisian Sage will kill the dandruff germs and remove dandruff in two weeks or money back.

A. T. Brown guarantees it. It will stop itching scalp, falling hair and make the hair grow thick and abundant.

It puts life and lustre into the hair and prevents it from turning gray.

It is the hair dressing par excellence, daintily perfumed and free from grease stickiness. It is the favorite with women of taste and culture who know the social value of fascinating hair.

A large bottle costs only 50 cents at leading druggists everywhere, and in Acton by A. T. Brown. The girl with the auburn hair is on every package.

FRUIT TREES

If you intend planting trees next Spring you had better place your order early on account of the big demand for nursery stock. We are the largest growers of Peach, Apple, Plum and Cherry trees, also Berry Bushes and Ornamental Stock, in Canada. We make a specialty of Peach and Apple trees. Come and see us, or write for catalogue. BROWN BROS. CO., Browns' Nurseries, Welland Co., Ont.

MILL ST. DEBENTURES BRING PAR

Mr. D. Henderson, M. P., Was the Purchaser

A BRIEF COUNCIL SESSION

The session of the Municipal Council on Monday evening was one of the briefest of the year. It took exactly half an hour to pass the finance account, accept the debentures, and talk other Council matters.

Members all present, Reeve Hynds in the chair.

The Committee on Finance presented their twenty-second report and recommended payment of accounts as follows:

A. J. Mackinnon, services re voters' list	$22 00
W. D. Anderson, teaming coal	12 31
Alex. Crawford, light poles	12 50
T. P. Martin, work on streets	5 75
W. D. Anderson, teaming wood	5 50
A. J. Mackinnon, returning officer	1 00
R. J. McNabb, poll clerk	2 00
W. D. Anderson, work on streets	3 65
Bell Telephone Co. messages	45
	$108 62

The report was adopted.

The Clerk presented the tenders for debentures for widening Mill Street.

Moved by Murray McDonald, seconded by Wm. Cooper, that the tender of Mr. David Henderson for the purchase of the debentures issued by the Corporation of Acton for the sum of $1850.00 at par, be accepted, and the Reeve and Treasurer be authorized to sign the debentures.—Carried.

Councillor McDonald said he thought steps should be taken to ascertain if any plan could be devised for providing additional electric energy as an auxiliary to the present supply. It seemed reasonable he said to conclude that the engine and boiler at the power house would run a larger dynamo. The present machine is overloaded and with the long winter evenings coming on more current will be in demand.

The Reeve said it might be a desirable plan to have an electrical or machinery expert come here to look over the plant and give particulars as to the capacity of the engine and boiler to run a larger dynamo.

It was suggested that the Hydro-Electric Commission be communicated with to ascertain the prospects of Acton securing current from that source and how soon.

An effort will be made to secure the services of an expert.

The matter of the proposed Curfew By-Law was evidently overlooked, or else the serious consideration promised the deputation of ladies a fortnight ago has not yet sufficiently developed to permit of action.

The Council adjourned at 8.30 o'clock.

POST OFFICE REVENUE

Halton's Five Towns Have all Increased. Their Revenues Very Similar

The report of the Postmaster General for the year ending 31st March, 1910, has just been issued.

The net revenues of the Dominion last year aggregated $7,058,547.72, an increase of over $350,000 over the previous year, and an income over expenditures of $743,210.25.

The receipts from the sale of stamps, etc. at the offices of the five towns in Halton were as follows: Acton $3,676.10, Burlington $3,191.01, Georgetown $3,051.13, Milton $1,371.22, Oakville $4,400.36.

The money order and postal note business at these offices aggregated as follows: Acton $70,206.77, Burlington $25,820.00, Georgetown $42,052.93, Milton $17,000.50, Oakville $20,077.24.

The postmasters' salaries and allowances were as follows: Acton $1427, Burlington $1365, Georgetown $1777, Milton, $1701, Oakville $1761.

DUBLIN

Mrs. James Gibbons spent a few days last week with friends in Toronto.

Mrs. Duncan McDougall has returned home after spending a week with her father and friends in Erin.

Mr. Jos. Kayley and Mr. John Carty from Hamilton were guests at the old home last week.

Mrs. John Martin, Mrs. Alex. Martin and babe, of Equesing, were guests of Mrs. Duncan McDougall last week.

Miss Mary McDougall visited Miss May Keith and Acton friends last week.

Two and a Half Hours on Operating Table

Specialist Could Not Remove Stone In The Bladder

GIN PILLS PASSED IT

JOLIETTE, P. Q.

"During August last, I went to Montreal to consult a specialist as I had been suffering terribly with Stone in the Bladder.

He decided to operate but said the stone was too large to remove and too hard to crush. I returned home and was recommended by a friend to try GIN PILLS.

They relieved the pain. I took two boxes and went back to the specialist. He said the stone was smaller but he could not remove it although he tried for two hours and a half. I returned home and continued to take GIN PILLS, and to my great surprise and joy, I passed the stone.

GIN PILLS are the best medicine in the world and because they did me so much good, I will recommend them all the rest of my life". 46

J. ALBERT LESSARD.

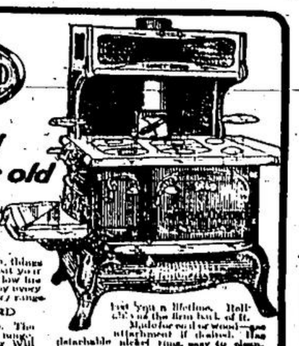
GURNEY-OXFORD

Don't try To make the old Range do

A makeshift cook-stove is always expensive. You waste food because it is not properly cooked. You waste time trying to make things right. You waste fuel trying to heat your oven—or get a hot fire—or keep a low fire all day and night. You lose money every day you try to use an unsatisfactory range.



THE IMPERIAL OXFORD

Here is the range for your purpose. The one perfect—all night coal from range day in and day out, year after year. Will last you a lifetime. Refer to 4th line back of it. Made for coal or wood—gas attachment if desired. Has detachable nickel trim, easy to clean. New device for removing ashes.

The OXFORD ECONOMIZER

which easily saves 20% of your fuel. No other device of the kind ever invented is worth so much to you in cold cash. You lose money every day you try to get along without it.

Come in and let us show you the Imperial Oxford with "Economizer" attachment. It means dollars and cents to you.

Other Gurney-Oxford stoves and ranges for every purpose and any kind of fuel. Get acquainted with the best known, best liked stoves in all Canada. It will be your gain.
