The Galt Reformer of 5th Inst. says:

St. The little lad had been ill with the measles a few months ago and pneumonia set in, and that disease was followed by tuberculosis. The lad gradually failed in health until the end came today. He was a bright boy and was liked by all the residents of the neighborhood." Freddie was the grandson of Mr. Robt. Moore, Park Avenue, and was born in Acton.

Rev. Dr. Antiff preached a fervent and timely word to young people last Sunday evening from Prov. 31: 11: "Happy is the man that findeth wisdom, and the man that getteth understanding." "Tell me," he said, "what are the habits and companions and deals of young people between the years of 15 and 22, and I will tell you what will be their character through life." His rendering of the text was "Happy is the man that getteth religion, and the man that getteth spirituality." He appealed very forcefully but tenderly to all young people to accept God and surrender their hearts and lives to Him, and showed how unselfishly blessings will accrue to those who lead Christian lives.

A Delightful Social Evening
At the invitation of Rev. Dr. and Mrs. Antiff the members of the Sunshine Bible Class with a few friends gathered in the Methodist School Room on Monday evening and enjoyed a delightful time together. At seven o'clock about fifty students to the splendidly appointed tables, with Dr. Antiff at the head, the host and master of ceremonies. The menu provided was "fit for a king" and formed a most substantial and appetizing feast, including all the season's delicacies. The young ladies of Mrs. Antiff's class acted as waitresses and served with consummate skill and grace. At the conclusion Dr. Antiff expressed the genuine pleasure felt by Mrs. Antiff and himself in having the members of the class present as his guests. He referred to the character of the membership, and the great pleasure it had been to him to be the teacher, and spoke encouragingly as to the future prospects. He then addressed followed by H. P. Mr. and Mrs. Matthews are cordially welcomed here by old friends and new.

Red Deer, Alta.—Growing Time
What has happened at Red Deer in the last ten years? Ten years ago last July an Ontario farmer visited Red Deer and was shown over a great deal of the country adjoining the city. He was offered a homestead free and the balance of the section for \$500 per acre. Three years later the same property was purchased at \$5 per acre. Three years ago this same property with a \$2,000 house \$1,000 barn was offered for no less than \$50 per acre and this offer was not accepted. What is the position now? To-day this same property cannot be bought at \$100 per acre. Why? Because Red Deer to-day is acknowledged to have the foundation of one of the largest cities in the west. Being a railroad centre for three roads as well as a manufacturing, lumbering and mixed farming district, it is bound to be a great city. College Heights, referred to elsewhere, forms a great opportunity for profitable investment.

Inter-estimating Session
The meeting of the Woman's Institute in the Council Chamber last Friday afternoon was well attended. The usual attendance of ladies was swelled by the teachers and students of the High School, who were attracted by the announcement of the address on "What a woman should know about banking" by Mr. H. E. Griggs, manager of the Metropolitan Bank. The address had many points of interest and instruction regarding cheques, drafts and other negotiable papers. The speaker intimated that every woman should be careful not to affix her name to any note, draft or other paper without fully understanding its nature. Parents were advised to teach their children to open accounts with a bank, and thus get acquainted with the business methods of banking and handling money. Evidence of appreciation was manifested by a cordial vote of thanks tendered Mr. Griggs by the children and Miss Yvonne Harvey, cash-keeper of the school. Mrs. G. A. Black, Vice-President, presided.

NEARLY DIED OF STONE IN THE BLADDER
GIN PILLS-SAVED HIM
513 JAMES ST., HAMILTON, ONT.
"Five years ago, I was taken down with what the doctors called inflammation of the bladder—called pain in back and loins, and difficulty in urinating, and the attacks, which became more frequent, amounted to unbearable agony. I became so weak that I could not walk across the floor.
My wife read in the papers about GIN PILLS and sent for a box. From the very first, I felt better. The pain was relieved at once and the attacks were less frequent.
In six weeks, the Stone in the bladder came away. When I recall how I suffered and how now I am healthy and able to work, I cannot express myself strongly enough when I speak of the merits of GIN PILLS for me."
GIN PILLS are sold at 25c a box—6 for \$2.50. Sent on receipt of price if your dealer does not handle them. Sample box free if you write us, mentioning this paper. Money back, if GIN PILLS do not give full relief. Chemical Drug and Chemical Co., Dept. A, Toronto.
