During the Kenter recess the Doml seven communications from public bodies presenting views on reciprocity. These wore tabled by Bir Wilfrid Laurier at the request of Mr. Foste when the House met. Every one the seventy-seven endorsed the Gov ernment's proposals. Of the total, 63 came from the prairie provinces, Manitoba, Haskatchewan and Alberta, eight from Quebec and six from Ontario. They indicate that the artisan le joining the farmer. Resolutions are now flooding the Government from the labor interests in the older p vinces, equally emphatic in their support of reciprocity to those of the western farmers.

In the course of an address by Right Hon, James Bryce, British Ambassa dor, at New York, on Tuesday, in con-"" nection with the terrentenary celebration of the authorized version of the bible, after reading a message from the King. Mr. Bryce said :- "Let us hope that the year we commemorat as the anniversary of a great event in our religious history may also be remembered as the year in which a solonin renunciation of war as a means of settling their disputes was made by two mighty and kindred nations. grateful to God for the light, more precious than the wealth and the power which He has given; and grateful also for the peace of nearly a cen tury which has subsisted between

The time for the unnual inspection of the municipal sanitary officer is hand. The owners or occupants every property in town should, for the sake of themselves, and their families, as well as for the general public health, endeavor to put their premise in perfect sanitary condition. To this and all back yards should be cleaned and all closet vanits and cass pools be emptied and disinfected. Some cit sens are reported to have emptied closets and buried the contents i their gardens. This is a violation both local by-laws and the provisions of the health act. All such organic matter must be removed from the premises. The sanitary company will accomplish this at reasonable prices and the sanitary inspector will insist that this plan be adopted. proposed the toast "Canada" in a very loyal and patriotic address. He re ferred to the fact that the 10th century was admitted to have been out standing in the development and population of the United States, and it has been already amply demonstrated that the 30th century will be epoch-making for Canada. This is an enticing subject, he said, and worthy of the most flowery eloquence. He confined his remarks largely to the necessity for the laying of foundation principles of the most enduring character. Accord ing as we lay these foundations wil the success of Canada depend. W should lay them safe and strong so that the future may be a credit to us and of benefit to those who follow us No nation can be greater than the individuals who compose it. PURIFIED HIS BLOOD Dr. Morse's Indian Root Pills Healed Mr. Wilson's Sores

When the sewers of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and frequently sores break out over the body. The way to heal them, as Mr. Richard Wilson, who lives near London, Ont., found, is to purify the blood, He

"For some time I had been in a low depressed condition. My appetite left me and I soon begun to suffer from indigestion. Quite a number of small sores and blotches formed all over my skin. I tried medicine for the blood and used many kinds of ointments, but without satisfactory results. What was wanted was a thorough cleaning of the blood, and I looked about in vain for some medi-cine that would accomplish this, At last Dr. Morse's Indian Root Pills

were brought to my notice, and they are one of the most wonderful medicines I have ever known. My blood was puri-fied in a vary short time, sores healed up, my indigestion vanished. They always have a place in my home and are looked upon as the family remedy."
