EDITORIAL NOTES Provincial Secretary Hanna hi concelled a license granted to th Station Hotel at Woodstock against the wishes of the temperance community, and also the license of the

supplied by several companies. notorious botel at Atherley, just out aide the limits of the town of Orillia This action of Hon. Mr. Hanna com mends itself very strongly to the best people of the province. Reports from the West about seed log operations vary greatly according to the districts from which they come in the northern districts, but notwith standing this fact, it is evident the

The season has been late, particularly total acreage put to seed will show unprecedently large increase over that of former years, Reports of fall wheat conditions are quite good. The varied character of the reports is furthe evidence of the strady growth of the settled area of the West. As was shown last year, the great area of country sees varied conditions in different district:

From the report of the Minister of Education for the past year it is shown that achool teachers throughout the province are getting higher salaries than for the previous year. In town schools the average salary for male teachers is \$1,000, an increase of \$16 over the previous year, and for female teachers \$522 an increase of \$16. In rural schools the average salary has increased \$22, being \$481. Female teachers in these schools are receiving \$17 more, the average being \$300. Total amount expended in public schools last year was \$17,321,230 or 5.013 schools with a total population of 401,208. The cost per pupil increased from \$17.53 to \$17.81. As compared with this 32 cents increase in public schools there was an increase in cost per pupil in high schools of \$5.57, the cost now being \$48.

While American statesmen continue to debate the merits of reciprocity with Canada, the trek of American farmers from the western states to the prairie provinces goes merrily on. While the great Anglo-Saxon nations discuss the advantages of an arbitration treaty to insure the stoppage of warfare, thousands of the best blood of this country are joining the in numerable caravan that is marching northward to new homes, prosperity and Canadian citizenship. With much of the industrious farming ele ment of the States populating the Dominion and settling there to produce, not only champion crops and livestock, but a fresh generation of loyal Canadians, it does not seem as I the opponents of either Reciprocity or Arbitration would count for much is the final reckoning.-Chicago Cana dian American.

The Oakville Record says: "Actor with a population of say two thousand carries an assessment of only \$117,056. or considerably loss than half the assessment of Oakville, with wibbut three hundred more popucetate must be a cheap commodity in Acton, or else the assessor is not doing his duty, or he is doing as he is told in order to keep down the county rate It is no credit to Acton to have it published broad cast that the assessed value of the place is less than balf a million dol lars." This unfair insignation of the Record is unworthy of the editor and is a glaring manifestation of his utter ignorance of local conditions. The three reasons given for the invidious comparison between the assessments of Acton and Oakville are wide of the truth and are unjust reflections upon our town, our assessor and our Muni cipal Council. Real catate is as valuable a rommodity in Acton as in any other inland town of its time in Onother town of its size similarly situatof the assessment act thoroughly and

tario, and is assessed as high as any ed. It's assessor knows the provisions the penalties for wrongful assessment, and the members of the Municipal Council sporn the unworthy insinustion that they told the assessor to keep down the assessment in older to keep down the county rate. It has ever been the instruction to the assessor to keep up the assessment to the highest figures a fair valuation of all properties in town would warrant. Acton's assessment is in reality higher, according to values at which .- On Thursday afternoon about five real cetate is held, than Oakville's. o'clock the house belonging to Mr. Jas. Acton has some advantages over the McMillan on lot 1, con. 1, Krin, was lakeside town, but fortunately for the destroyed by fire. The house has been latter its situation on Lake Ontario vacant for the past few weeks, and and its contiguity to Toronto have Mr. R. Chimstive, of Acton, hall just enabled the. residents to boost moved into it that day. The fire had land purchased a few years ago at just been started in the stove, when a \$100 an acre, and less, up to \$1,000 an spark from the chimney exught in the acre and more and load up Toronto | roof, and in a very short time it was in people at these fancy prices. Did it flames. Neighbors gathered and enever occur to the Record that Oak- | deavored to put out the flamer, but ville's 2,300 population is scattered owing to the difficulty in securing over an area of over 1,800 agree, where | water it was soon deemed impossible as Acton's population of 2,000 is com- to save the house, but all of Mr. Compactly located on about 450 acres. The lattive's furniture was saved. The house County Council had better look into | which was valued at between seven Oakville's assessment, and the Record and eight hundred dollars, was insured should reflect that Oakville got be in the Halton Mutual for \$300. My. tween \$2,000 and \$3,000 out of the McMillan has been rather unfortunate County Council funds last year, and on this farm by fires. Some four asked for more, to Acton's \$802.00. | years ago the barn was destroyed by Does it not appear passing strange to lightning. the general public that Oakville with Mr. John Mand has rented Mr. John its 1,300 acres—three times as much as Buff's farm. It is Mr. Duff's intention Acton-of fancy-priced real estate, has to remove, with his family to New assessment of only \$1,000,000, while | Ontario in the near future. Acton, with its chesper lands, and only | Mr. and Mrs. R. Levins, who have 450 acres, shows an assessment of near- resided in Parry Sound for the last

NEW PAVEMENTS TO BE LAID

and the Defective Places in That Laid Last Fall to be Repaired WORK TO BE COMMENCED SOOK

The Municipal Council had a short sesion at its regular meeting on Monday evening. All the members were present : Reeve Hynds in the chair. The Committee on Pinance present ad their winth report and recommend ed payment of the following accounts: I. T. R., coal and entry \$22 6: Goldie & McCallough, supplies 12 00 (log. Caswell, cleaning town half

Sunbeam Lamp Co., lamps.... Albert Rodman, work Jaz. Hamilton, do R. F. Johnston, supplies free Press, printing 4 2

The report was adopted. After a short discussion the Council agreed to contract with the Lake Krie Coal Co., of Walkerville, Ont., for the year's supply of coal, the electrician having reported this company's coal to be the best, after having tested coal

The most important business coming before the Council was that of receiving the petitions of ratepayers for permanent cement walks. Two petitions were presented : One for a walk on the south side of Knox Street from Main Street to the park ; the other for walk on the west side of Willow Street, from Church Street to Agnes Street. A petition has also been in the Council's hands for a couple of tours for a walk on the north alde of Agnes Street; between Elgin and Frederick Streets. As all these petitions were signed by a mejority of the ratepayers, the Council accepted them and instructed the Clerk to have Kogineer Hutcheon, of Guelph, take the levels, that work may be proceeded with at once. The walks are to be four feet wide.

Mr. Croft, the contractor, of Guelph, will repair the defective places in the Mill Street payement he laid last fall and complete his unfinished contract. Council adjourned before half-past

DEATH OF THOMAS COOK Buccumbed on Tuesday After About Six Months' Illness

Thomas Cook, of lot 20, con. 6, Bequesing; died on Tuesday from cancer of the stomach. Mr. Cook had been allng since last November. At times he was quite ill, then his health would improve and he would be about again, but there was always considerable distress. In March be went to the hospital at Guelph, where an operation was performed, but without succoss. He came to Acton from Guelph on the 12th April, and remained at the home of his brother-in-law, Mr. John Kenney.-Bower-Ave.,-but-was-taken home last Thursday. From that time

he gradually falled until the end came, though-he was remarkably free from He was the son of the late George Cook, and was born on the farm where he died fifty-seven years ago this nonth. He was married to Margaret Ann, daughter of the late John Nickell, of the fourth line, Esqueeling, Smith. thirty years ago on the 20th of December. 1911. Mrs. Cook and three sons and three daughters survive. The two eklest sons are in the Northwest. George in Alberta, and John in Saskatchewan, but both arrived home before their father's death : Hazel,

Herbert, Annie and Barbara are at Mr. Cook was and active man and took a keen interest in public affaire-He was for five years a member of Esquesing Township Council, was for some time a school trustee, and was on the board of the Agricultural Society for several years. He was a member of Knox Church, Acton.

Wm. Pearson Co., Ltd. Toronto, Ont

..YES...

IT IS TRUE that I am able to supply any implement made in Canada or the United States on the shortest possible notice, and at the lowest possible price. notwithstanding anything to the contrary that may be said by any young Ananias or aged scandal monger. I charge that the statement that I have taken orders for Implements sold by any other person in this district and have failed to have them filled, is absolutely and, I believe, deliberately false.

I am handling the Prost & Wood line, as well as many other good lines. Have never been obliged to take any of these implements back or to rectify any overcharge in price. I have many splendid testimonials from my customers for these machines and several UNSOLICITED ORDERS BOOKED. The following is a sample case: Joseph Allan gave me his order two years ago for Frost & Wood oft. Binder, which his son, Joseph II. Allan, has driven, and although canvassed by nearly all of my competitors he came in and placed his order this week for an exact displicate of the machine sold to his father two years ago.

When I advertised that I could supply any Canadian-made implemont I took it for granted that all well-informed farmers would want to buy from established strong concerns, and in my judgment the following list embraces all of this class, namely: MASSEY-HARRIS, PROST & WOOD, DAIN N'FG. CO., COCKSHUTT PLOW CO., INTERNATIONAL HARVESTER CO., and J. FLEURY & SONS. More anon if necessary.

Now is the time to use Royal Purple, before your stock goes out to pasture. Now is the time to think about the Baker Windmill with 36 fans. Have you wen the Stoneboat Harrow? Galt Metal Roofing, Amatite Stone-covered Roofing, Pumps, Raymond Sowing Machines, Melnite Cream Separators. One almost new Premier and one secondhand Empire, chesp. Three kinds of Two Furrow Plows. Also Auto Spray Machines, 1911 improved.

Carringes sold from catalogue at factory prices. Any good make you wish. White Bronse Monuments are more durable and more beautiful than granite, and not any more expensive.
