WHAT THE FARMER CAN DO WITH CONCRETE

A BAG OF CEMENT, a few abovelle's of sand, a few more of gravel and atone, mixed with water. Shuple, early obtained, and cheep, these are the materials that go to make up concrete-and with them the farmer can work wonders in the improvement of his farm. The most important part, though, is to get your cament of such a quality that that you will have no after regrets. We recommend "Canuda Cement" because we know it has the quality. We have sold over 550 harrels so far this year and we will be

pleased to supply your needs also. A Fresh Car Unloaded August 8th
