Politics are getting just a trifle warm on the street corners now.

The bricklayers are busy on the enlargement of the Fyfe house for Mr. Walter Headmore.

Mr. G. H. Smith has received a fine new Overland, Divan passenger, covered motor car, this week.

Rev. Dr. Brown, of Blairstown, will preach in the Baptist Church next Sunday morning and evening.

Commissioner Bell's fine new residence on Knux Avenue is about completed. He expects to move in next week.

Marriage licenses may be had by calling at the Fyfe Photo office. A new supply will be had. H. P. Moore, issuer.

Judge Gorham has invested in one of the finest and most up to date automobiles that has been seen round here for some time.—Reformer.

Arnold Smith was brought before the magistrate at Brampton last week and fined \$10 and costs for abusing a horse hired from Kitchell.

John P. Powell Brick and Tile Co. of Milton, Ont., began making bricks on Monday and between 30 and 40 hands are at work.—Champion.

The residents on the route from Acton to Georgetown—Caron, and endeavoring to secure rural mail delivery on that route. They'll likely get it too.

The annual meeting of Guelph District will be held in Norfolk Street Methodist Church, Guelph, on Monday, September 11th. Rev. Chas. D. Draper and Mrs. J. S. Coleman and James Moore are the delegates from Acton.

The lantern drill at the Canadian National Exhibition, Toronto, this year will be a spectacular novelty. Just imagine 600 men with lanterns making fantastic figures in the darkness and you will have some idea of what it is like.

Mr. Warren desires the public to understand that while the public are welcome to the few uses of Warren Park for picnics and recreation, the gates must be kept closed and the fence in good order. Disregard of this on Saturday caused considerable inconvenience through cattle straying during the following night.

NASSAGAWAYA

The garden party at the home of Mr. Frank Hayes, "Hayes' Mills," last Thursday evening, under the auspices of Nassagawaya Presbyterian Adult Bible Class, was a great success. The programme was of a character which attracted visitors from a wide area. It included couple songs by Laurie Boyl, Hamilton; Scottie recitations by John Stratton, Guelph; duets by Wilson Bros., Guelph; solo by Miss Ford, Toronto; and Mrs. Fred and Aldrich, Guelph. DEAFNESS CANNOT BE CURED

by local operations, but they cannot result. There is only one way to cure deafness, and that is by sound waves. The deafness is due to the damaged condition of the minute lining of the inner ear. This lining is easily destroyed, and when it is the infestation can be taken out and this tube restored to its normal condition. The deafness can be removed in nine cases out of ten if you are caused by Guelph. There is no such thing as permanent deafness.

We give a hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by light Guelph treatment.

J. CHINNIE CO., Toledo, O.

Methodist Sunday School Picnic.

The annual picnic of the Methodist Sunday School, held in Warren Park last Friday afternoon, was attended by between 300 and 400 children and grown-ups and was a most enjoyable event. Rain threatened about noon, and there was a good deal of dash about the place, where the games and athletic sports were at their height—but the sun came out bright and sunny, and the proceedings were enjoyed by all. Since the park has been cleared up it is a beautiful place, and many complimentary remarks were made concerning its splendid features for picnics purposes. Six capital swings were in commission throughout the afternoon; there were races for little tots and big folks, boys and girls, competitions in ball driving by young ladies and mature women; guess who boys were obliged to throat needles before crossing the line; scrambles for bundles and musical games in which Rev. C. D. Dyer, the pastor, showed his skill as an adept at simple. The picnics, of course, the picnics do not commence until the afternoon. There was abundance of the tempting cookery for which the ladies of this section are famed, and the serving by the teachers and other skilled helpers made everything go smoothly. The primary and intermediate classes were first called to tea and the seniors were afterwards served. The school parade in which flags and banners were numerous, was headed by Action Orlons' Band, and the generous programme by the band in the park was all enjoyed.

Use Parlor Sage in Time and Prevent Baldness.

The female house fly lays from 120 to 150 eggs at a time, and these mature in two weeks. Under favorable conditions the descendants of a single pair will number millions in three months. Therefore all housekeepers should commence using

Parlor Sage to stop hair falling.

Parlor Sage is guaranteed to stop falling hair and restore scalp, to eradicate dandruff and make the hair lustrous and radiant, or money back.

There is nothing just as good as Parlor Sage. See you get the package which contains the girl with the Auburn Hair.
