BRIEF LOCAL ITEMS

October comes in next Sunday.

This has been a fine September.

The squirrel eyes advance the nuts now brewing.

Now the cricket chirps all day, "O fairest summer stay."

The frost is on the pumpkin and the fodder's in the stack.

Waterford Post Office was burglarized on Friday night and \$3,000 secured.

Yesterday's rain storm interfered seriously with the County Fair at Milton.

Messrs. G. and A. McDonald, of the fourth line, had a splendid sale yesterday.

Notwithstanding the excitement the election went off very good naturedly after all.

The autumn equinox of 1911 will always be remembered by the Guelphs and by the Tories, too.

Sir James Whitney, Premier, laid the corner stone of the administration building of the prison farm at Guelph on Monday.

Mr. James Price has purchased from Mr. Harry Russell his brick house on Elgin Street and will take possession in a few weeks.

How many people are like the ocean waves when celebrating an election they use a lot of noise but don't say anything.

Soon on field and hill the wind shall whistle chill, and patriarch waddlers will call their flocks together to fly to lands of balmy weather.

The Court of Revision of the Voters' List of Acton for 1911, adjourned for Monday, was postponed by the Judge to Tuesday, 10th October.

Mr. M. P. Barry is shipping his first car of turkeys from Acton this week. He is paying 10c per pound but expects the price will drop before long.

A meeting will be held in the town hall this evening to organize a young Liberal Club. Mr. Walter Haines Smith and others will address the meeting.

Messrs. Postman and Watson, horse buyers, will be in town next Wednesday to purchase a car of heavy construction horses five years old and upward.

Brandford City Council threatens to cancel the restaurant license of L.A. Spittal, proprietor of King's Hotel, a house without a liquor license, for selling liquor on the premises.

The open season for hares and cottontails commences on Oct. 1st. Partridge and black and grey squirrels are protected in Halton for another two years under a special order-in-council. It is therefore illegal to shoot them.

Halton Teachers' Convention

The annual convention of the Halton Teachers' Institute will be held in the Methodist School Room, on Thursday and Friday, October 10th and 11th.

The programme is a usual draft on practical lines with a view to the most useful instruction and edification of the teachers of the public schools of the county. Mr. E. T. Seaton, B. A., will attend the several sessions and give addresses on educational topics. He will also give an address on Friday evening in the "School Room Decoration."

Acton has always accorded the teachers of the county a welcome and their hospitality will no doubt be as cordial as usual on this occasion.

Five New Post Offices

The splendid new post office building at Elora and Fergus are about completed. They are handsome structures and cost about \$18,000 each.

A. Clark, Jeweller, Guelph, has been awarded the contract from the Department of Public Works for placing a tower clock in each. They will be similar to the clock in the Guelph post office and are of a fine English make.

They will strike the hours on a 900 pound bell, and will have four illuminated dials. Acton is justly entitled to a similar public building, with a customer house attached. Mr. D. Henderson, M. P., had a scheme for the erection of such a building in 1906, but the change of government then unfortunately frustrated his plans. Now that his party is again in power he will no doubt proceed promptly to secure the "consumption" of his excellent proposal of the previous date.

There is more catarrh in this section of the country than all other diseases put together, and the best way to cure it is to use Dr. Morse's Indian Root Pills.

For a general remedy for all the ailments of the bowels, kidneys and bladder, and for the relief of all the troubles of the urinary system, there is no other medicine so effective as Dr. Morse's Indian Root Pills.

These pills are made of the most valuable and healthful roots of the West Indies, and are perfectly adapted for the relief of all the troubles of the urinary system.

They are sold by all the druggists and chemists, and are also sold by mail for 25c a box.

For many years he has had a standing offer with the owner for the purchase of this valuable property. It has suited his business and he felt it highly desirable to secure it. Robber Raids' Really Day

The services of the Methodist Church and Sunday School last Sunday, commencing at the one hundredth anniversary of the death of Robert Raikes, the illustrious founder of the modern Sunday School, were full of interest and very largely attended. In the morning Rev. Chas. D. Draper preached a forceful sermon on the importance of the Sunday School and methods of work for which it is especially adapted. At the Sunday School service there was a splendid rally, with nearly every teacher and scholar present, an aggregate attendance of 248. The programme was varied and interesting with special music and very appropriate exercises, and a brief address on Robert Raikes and the Sunday School by Mrs. H. P. Moore, Rev. Chas. D. Draper and Rev. J. E. Sanderson, M. A., of Bowmanville. The men's service in the evening was very largely attended. It was under the direction of the King's Orderlies Men's Bible Class, had a men's choir of 16 voices, and a large attendance of men in the congregation. The solo by Mr. W. C. Combating the "White Plague"

The crusade against Consumption in which Canada is this year taking a greater part, and in which the National Sanitarium Association has done pioneer work throughout the Dominion is rapidly growing in strength. "The Great White Plague" is much more prevalent than most people have any idea of. Expert medical authorities tell us that one person in ten is doomed to die of Consumption, at present. A free illustrated lecture with 110 lantern views, will be given on Friday evening, 28th inst., at eight o'clock, in the Town Hall, by Mr. J. H. Watson, Field Secretary of this Association. A collection will be taken at the close. Mr. Watson's lecture explains in a simple, interesting and convincing way, exactly what the disease is, and how to treat it. Parents especially should know how to protect themselves and their children. Every private individual—man, woman or child—is in danger, and should know how to combat it.
