They will return to Acton and about the third week in January will Mr. and Mrs. Samuel Johnston of 157 | proceed to their new home in Onlyary.

The annual cutertainment of Knox Sunday School was a great success, the hall being crowded to the doors and the programme full of merit throughout. The proceedings commenced at sight o'clock sharp Rev. J. C. Wil son, B. A., the chairman, made a brie address, after which the Lawrie Boys who made such a hit at the Thanksgiving entertainment; were called upon. They certainly upheld the reputation they won on their former appearance as Scotch singers and were encored after each number. Master Thompson Laurie's solo "The Gift" was exceptionally well rendered. The chairman presented diplomas for saying the shorter extechism to Misses Vera Harvey, Jean and Margaret Wilson, they having answered all of the one hundred and seven, questions, The doll drill by the little tota was excredingly well done and gave evidence of suppl work on the part of the childres and those in charge. The candle drill by the young ladles was very pretty, all the hall lights being turned out, and only the light from their candles illuminating the hell. Winter Goods Must Go!

Sweeping Price Cuts Rule Throughout the Store

This annual clearing period coupled with the fact that it is a fixed rule of this store that each season's stock MUST be sold within that season, brings about the very lowest prices on Winter Goods that we have ever offered to the people of this vicinity. Absolute clearance is what we aim to accomplish by this price cutting event. A real bonafide slashing of prices that is so far-reaching in its scope and decisiveness that those in search of seasonable goods below value will be attracted to the sale by sheer force of the genuine values offered.

We've taken the frills off the announcement of this event-the values offered are so important and unusual that the plain unvarnished statement of actual facts will carry our message of the Sale with far more force than any combination of words we could devise.

The Goods. The very qualities you have become acquainted with on your former visits to the store.

Prices-Considerably lower than at any former sale. This is the whole essence and substance of this very important announcement.

Sale began Wednesday morning, January 3rd.

Men's Clothing.

D. E. MACDONALD & BROS. Cor-Wyndham and Macdonell Streets, GUELPH, ONT.

Thinking of Building a Silo? Better Build it

MATERIA

HE construction of a Site affords, . an excellent example of what the farmer can do with Concreteand of the superiority of Concrete over all other material for various structural work about the farm.

The usual wooden silo, besides being expensive, is far from matisfactory. In the first place, it does not endure; and, more important still-being far from weather-proof -lis contents become water-logged-producing an unuan-Stary condition.

of Concrete

L'Bile built of Concrete on the other hand. practically everiesting -it is proof against heat, cold and moisture-and it has the merit of comparative

This economy feature is further explained in our tree book-"What the Farmer Can De With Concrete."-which tells how to mix and use Concrete for the making of silos and other buildings on the
