SUFFERED TERRIBLE PAINS OF INDIGESTION.

MILBURN'S LAXA-LIVER PILLS CURED HER. Mrs. Wm. H. Mackwen, Mount Tryon, P.R.I., writes:—"For more than a year I suffered with all the terrible pains of indigestion, and my life was one of the greatest misery. It did not seem to make any difference whether I ate or not, the palas were always there, accompanied by a severe bloating and belching of wind. I did not even get relief at night, and sometimes hardly got a bit of sleep. In my misery I tried many remedies said, to cure indigestion, but they did me not doe particle of good, and I fully aspected. I would always be afflicted in this way. At this time my brother came home on a visit and urged me to try Milburn's Lam-Liver Pills, and got me a few visits. By the time I had taken one visit I began to improve, and could eat with some relish. I was greatly cheered, and continued taking the pills until all traces of the trouble had disappeared, and I could care more eat all kinds of food without the sufficient inconvenience. There are more than a few reasons why tea should go up in price, ever suppose we take no cognizance of the universal conditions which are raising the cost of living. The world's tea market is rapidly widening. During the last decade the people of, Russia have become a nation of tea drinkers and the people of Germany and France "Oh, aye, air, it's a' one.
