The ex penditure during the year on consolidated account was \$83,500,003 as against \$75,500,194 in the previous year. Capital outlays for the twelve months totalled \$28,000,085, as compared with \$30,417,470 in the fiscal year of 1911. Of this amount all but \$765,810 paid on railway subsidibs was expended on public works, including railways and canals. The total net debt up to February 20th was street

MIL WILLIAM MCNAH, Chief Assistant Engineer of the Grand Truck Hallway System, has recently returned to Montreal from the Panama Canal In speaking of the effect of the opening of the canal upon the railway situation in Canada, he says; 'There can be but little doubt but that the canal will create an entirely new situation ... It will greatly modify the complexity of the world's commerce. and it will be an element of such importance that its influence will be universally felt to a more or less degree in every branch of trade. Together **ESQUESING TOWNSHIP COUNCIL** with the whole South the West Indies will undergo rapid expansion in meeting the new order of things. The growth of Pacific ports may also be looked for. The most northern of Canadian Trans-continental railways will derive a direct benefit. At no distant date the western wheat fields of of this country will be a main source of supply not only to Europe, but for the Southern States and West Indies

The outlook for a fairly good crop of fall wheat in this district is encouraging. In some fields there are small spots to be seen where it has been winter killed. In other fields it is of a brown colour, caused by the freet since the Proc Press. The Furniture and the snow disappeared, but it is said that the grain will come on all right, On the whole it is thought that there will be a good average crop.

TO THOSE GOING WEST

If you need a watch or ting it here than out there I warrant every one I sell in this way that I will pay the postage both ways on, watches during the year of warrant, and always afterwards when you send them for repairs. If yours needs cleaning, you had better have it done before you go, as you do not know the watchmakers out there, and besides, the prices are much greater. I, have some good secondhand watches which would do for the boys until they grow up : prices, \$3.00, \$8.50 and \$4.00 and \$5.00. All of them are in good running order. I get a great many back from the west to repair, and none have ever gone satray and refreshing that it makes the scalp worth \$10.00. NCLUDING THE FURNISHINGS The Board of Education inst Monday evening. Members present : A. E. Nicklin

halrman, John Kenney, Jr., Dr. 1 ), Ault and John R. Kennedy. The Committee on Finance present ed their sixth report and recommen ed payment of accounts as follows: Husband, repairing boiler ... \$1 00 Geo. Hynds, repairing clock ... A. E. Nicklin, Exp. to Toronto no. Kenney, Jr., Exp. Att. (). E. A. ......

The report was adopted. Mr. Wm. Johnstone, who is in the west, requested three months' leave of absence.

The request was granted. Mr. John Kenney, Jr., the Hoard's delegate to the convention of the On tarlo Educational Association, gave a very luck and interesting report of the Frankum. proceedings and an epitome of each of the addresses delivered. Mr. Kenney sald he had gained much information of value. Concluding, he said, "I am more than ever convinced that if we are to make progress as a town and attract a good class of citizens, we must keep abreast of the times in education al matters and provide the best possible educational advantages for our chil-

dren and young people. The Chairman explained that at the request of the Education Department \$18,000,000 on the previous year. The that Architect Cameron and himself tion-W. Brown. had been in Toronto on the 13th Inst. to confer with Dr. Waugh, inspector. and the Department Architect with reference to the plans for the proposed addition to the school buildings. The plans were approved by the officers of

the Department.

The ovening was spent in consultation with Architect Cameron in the matter of details of the new building Moved by John Kenney, seconded by Dr. E. D. Ault, that inasmuch as the Education Department having given the Hoard to understand that additional school accommodation must be provided, and Architect Cameron having under instructions prepared plans and specifications for the additional rooms becomeny and these having follows: been approved by the Education Department, and the Architect's estimate of the total cost of the completed building, heating, furnishing, etc., being approximately \$3,000, be it therefore resolved that this Board request the

sum ; and that the members walt upon the Council at its next meeting to support the requisition, and give such information as may be desired .- Car-
