BORN

LANE—At Sault Ste. Marie, on Friday, July 5th, to Dr. and Mrs. R. T. Lane, a son.

MANOR—At Goderich, on Friday, June 28th, to Mr. and Mrs. H. G. Manor, a son.

HALLHOUSE—At the parsonage, Georgetown, on Wednesday, June 25th, to Rev. and Mrs. E. M. Hallhouse, a son.

HUNTSWOOD—At the Rectory, Georgetown, on Friday, June 28th, to Rev. and Mrs. A. B. Higginson, a daughter.

AYLSON—At the General Hospital, Guelph, on Wednesday, July 3rd, to Rev. and Mrs. H. W. Aylson, M. A., B. D., a son (Theodore Lloyd)

MARRIED.

DICKSON-DICK—At the manse, 44 Rose Ave., Toronto, on Monday, 1st July, by Rev. R. Bentley, B. A., Peter Dickson, of Acton, to Bessie Dick, of St. Catharines, formerly of Dundee, Scotland.

DIED.

REED—At his home, near Georgetown, on Saturday, 6th July, Henry A. Reed, aged 67 years.

MCMASTER—At the home of her daughter, Mrs. Thomas Workman, Acton, on Thursday, July 4th, Margaret McMaster, in her 86th year.

IN MEMORIAM

MCPHERSON—In loving memory of our sister "Chrie" McPherson, who died July 11th, 1911.

Just two years ago to day,
Illness our dear sister passed away;
She suffered long, but murmured not;
We watched her night and day.
Her aching heart grew less and less,
Until she passed away.

We have not forgotten you,
Nor do we ever intend,
We think of you daily, and
Will until the end.

MOTHER, SISTERS, BROTHERS.

The Acton Free Press

THURSDAY, JULY 11, 1912

EDITORIAL NOTES

IT IS EVIDENT that the Province of Ontario is now getting a fair share of the immigrants that are coming into Canada. During the past it has been the tendency for a large proportion of the new arrivals to at once proceed on their way to the West. The number immigrants settling in Ontario was more or less lost sight of. Now that the Ontario Government is setting afoot an active campaign to encourage immigration to its northern lands it is likely the province will receive a larger share of the new arrivals.

THE CONFERENCE of provincial premiers, which was to have been held this spring, but which was postponed on account of pending elections in a number of the provinces will probably be called in September. It is now generally known that the government intends bringing in a redistribution bill in the next session, and, as some of the provinces, especially New Brunswick, Nova Scotia and P. E. I., are anxious that their representation in the federal house should not be reduced, the premiers of the provinces are desirous of getting together and threshing the matter out.

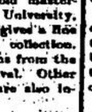
THE CANADIAN MAGAZINE for July is a good mid-summer number. Francis A. Carman on "Borden's Parliamentary Manner," pictures the premier as leader of the House of Commons and is in itself a most entertaining contribution. Another article of significance is "Grenfell from a Deck Chair," by W. Lacey Amy, in which this interesting writer tells about criticisms of this famous missionary which he had heard in Newfoundland and Labrador. An article on the valuable old masterpieces of art at Laval University, written by E. J. Phillips, gives a fine review of this important collection. There are five reproductions from the original paintings at Laval. Other contributions of interest are also included.

THREE OFFICERS of Canadian regiments have felt it necessary to resign their commands because they failed to see that the order of Col. the Hon. Sam Hughes, relative to liquor in militia camps was observed. Col. Hughes has laid it down that no liquor will be sold in militia camps. To-day he said that three officers had neglected his order and their resignations had been received. He added that other resignations were expected. "It is the business of an officer to see that there is no liquor in the camp," said Col. Hughes. "I know the militia business," he snapped when asked about the canteen, "and I know the evils in connection with it. Liquor is one. The liquor business in the camps has got to be stopped or I'll know the reason why. Most officers realize this now."

THE VEGETABLE GARDEN

Hints for the Successful Growing of Garden Vegetables

When parliament was in session a number of very useful papers on agricultural topics were read by prominent authorities before the Standing Committee of the Senate on agriculture and forestry. One of these by W. Saxby Blair, Professor of Horticulture, Macdonald College, Quebec, deals with the growing of garden vegetables. After pointing out certain important details more or less common in their application to all vegetable crops, the author follows with more specific information relative to the growing of many of the principal vegetable crops grown in this country. Among other important points taken up are the construction and management of hot beds and cold frames, kinds and application of manures, tillage, successional sowings, etc. Among the crops dealt with are tomatoes, onions, cauliflower, celery, melons, parsnips, beets, salsify, egg plants, spinach, sweet herbs, asparagus, etc. Of all these, and others, desirable varieties are named. This paper is issued as a pamphlet of seventeen pages and is being distributed free by the Publications Branch of the Department of Agriculture at Ottawa.



You will notice that we are continually talking about our ability to repair watches and clocks. Well, that is because we have the confidence that we can do it and do it better than most watchmakers. First, because we served our full term of apprenticeship and afterwards worked under the best makers in Toronto, and 40 years experience gives us such an advantage over most others, that we come to you in full confidence that it will be carefully and quickly done.—Frisque, the Jeweler, Guelph.

—Grand Imperial Sons of England will hold their annual excursion to Niagara Falls, via Toronto and Hamilton on Saturday, August 10th. Tickets good to return on Monday.

NO APPEALS AGAINST THE NEW PAVEMENTS

A Car of Sewer Pipe Delivered for the New Drains

CIVIC HOLIDAY ON AUGUST 5TH

Council met on Monday evening at 8 o'clock as Court of Revision to hear any complaints against the assessment for the new pavements laid last year.

All the members were present, the Reeve occupied the chair.

Clerk Mackinnon announced that no complaints had been fyled.

Moved by Murray McDonald and seconded by W. H. Smith, that as no appeals were entered against the special assessment of cement walks built 1911, this Council hereby confirms the assessment and schedule as prepared by the engineer, and the Clerk is hereby instructed to prepare a by-law for the total amount of $1069.95, and submit same at next regular meeting.—Carried.

The Court then adjourned and the Council met in regular session.

The Committee on Finance presented their 13th report and recommended payment of accounts as follows:

Dominion Sewer Pipe Co., tile	$254 80
T. Alger, work on streets	58 20
D. A. Henderson, wood and lumber	30 70
W. D. Anderson, freight, etc.	5 10
R. Storey labor	5 50
Alex. Moore, labor	17 00
A. Rudman, labor	12 00
A. Moore, good roads	5 00
Bell Telephone Co.	70
Jas. Symon, supplies	18 72
W. Ritchie, teaming	10 10
Municipal World, supplies	3 85
D. McGregor, labor	3 00
	$452 65

The report was adopted.

The Reeve requested that permission be given to proclaim, Monday, 5th August, Civic Holiday.

Council then adjourned.

OSPRINGE

Our vicinity is still waiting for rain; the river is much higher from the abundant rain north and west of here.

Anniversary services were held in the Ospringe Presbyterian Church yesterday. Rev. Mr. Lindsay preached to large and attentive audiences morning and evening.

Pic-nics and garden parties are the order of the day.

Improvement about the corner still continues. The most recent is the new fence, cement platform and steps at the church.

On Sunday, June 30th, an automobile became unmanageable while going down the Ospringe hill toward Erin. As it neared the toll hill it swerved off to one side and when the driver turned the wheel to get on the road again, the high speed at which it was going made it cross the road. It went up the embankment and through a fence into a field. One man was thrown out and was quite badly injured. Two wheels of the automobile were demolished and the body of the car received a bad shaking up. Auto drivers should take a lesson from this accident and not go so fast while going down our hills.

We have been saddened by the death of Mr. David Cunningham, of the first line, Erin, last week. The burial took place on the 6th inst., at the Everton Cemetery. Services were conducted at the house.

The sympathy of the community goes out to the bereaved wife and family.

We are pleased to note that Mrs. Wm. Cook is improving from the effects of her recent accident.

BALLINAFAD

Miss Orissie Currie, a pupil of Miss Verna Wiggins, was successful in passing with first-class honors at the Toronto College of Music. She will continue her studies in the same institution.

Rev. P. W. Currie moved his furniture and effects on Monday to his new charge and left for induction which was to take place on Tuesday, the 9th inst. Mrs. Currie and family will visit friends a few weeks in Toronto and Eastern Ontario.

Rev. Thos. McKee, of Barrie, preached in the Presbyterian Church on Sabbath last and read the edict declaring the pulpit vacant. Rev. Mr. McIntosh will preach next Sabbath at the usual hours. Sabbath School at 10 a. m.

The First of July was quietly observed in our village. Some of our residents went to Acton and Georgetown celebrations.

Mr. Cavanagh, of Niagara Falls, is visiting his sister, Mrs. Ed. McCarthy, of the Commercial Hotel here.

The rain seems to keep off although a few showers would be very thankfully welcome.

A congregational meeting was held in the Presbyterian Church on Wednesday evening to arrange for the annual Garden Party. A meeting of the joint sessions of Ballinafad and Melville Churches was held on Monday evening last at the home of Mr. Dan Campbell.

INDUCTION OF REV. P. W. CURRIE

At His New Charge at Harrington on Tuesday Afternoon

Stratford, July 9th—The members of the Stratford Presbytery this afternoon inducted Rev. P. W. Currie, formerly of Ballinafad, as pastor of Harrington Presbyterian Church. The Moderator, Rev. A. A. Hannahson, of Nissouri, presided; Rev. J. Ritchie, of Cromarty, preached the induction sermon; Rev. W. L. H. Rowand, of Stratford, addressed the minister, and Rev. S. McLean, of St. Marys, addressed the congregation. This congregation's late pastor was Rev. Mr. Gordon, father of Ralph Connor, of Winnipeg.

THE MOST POPULAR AND ONLY DIRECT LINE REACHING ALL SUMMER RESORTS IN HIGHLANDS OF ONTARIO.

Including Muskoka Lakes, Lake of Bays, Algonquin Park, Maganetawan and French Rivers, Temagami, Kawartha Lakes, etc. Excellent train service via Grand Trunk Railway System to and from above resort. Write for illustrated folders and time tables telling you how to get there and containing list of hotels, rates, etc., to A. E. Duff, District Passenger Agent, Union Station, Toronto.

SAD FATAL HAYING ACCIDENT

Henry A. Reed Died on Saturday Evening, the Result of a Fall in the Barn

On Saturday evening there passed away at "Elmgate Farm" on lot 11, con. 8, E. queslng, below Georgetown, Henry A. Reed, one of the most successful and highly-esteemed farmers of the township. Mr. Reed's death was the result of an accident in the barn shortly after noon that day. Haying was in progress and Mr. Reed was in the mow. While at work he took a misstep and fell over a girder. In his descent he caught another girder and this threw him out over the barn floor. He fell on his head and shoulders, and was painfully injured by the fall. Medical aid was promptly at hand when it was found no bones were broken. Fatal results were not anticipated, and while suffering great pain, it was thought he would recover. About eight o'clock, however, he suddenly collapsed and quietly passed away. Mr. Reed was conscious up to the last moments.

In the death of Henry A. Reed, the community loses one of its best citizens. He was born on the farm where he died sixty seven years ago. It was here he brought his bride, Miss Lucinda Clarridge, back in the seventies. The home was a happy one and the father's name will ever be revered. He was in all respects a good citizen of sterling upright character, and ever stood for what he believed to be right. He was for many years an active official member of the Methodist Church. He was a Liberal in politics, and was active in all interests for the upbuilding of the community.

Mrs. Reed and their two sons and daughters survive: Frank Reed, B. S. A., who is in the Department of Agriculture at Regina; Percy, Mrs. Margaret Currie and Miss Evelyn at home.

The funeral was held on Tuesday, Rev. S. M. Roadhouse, his pastor, and Rev. Geo. A. Mitchell, B. A., Toronto, officiating.

THE EDDIE WADDELL BENEFIT

The following subscriptions have been received for the benefit to Eddie Waddell, who unfortunately had his leg broken while playing base ball at the Firemen's celebration here on Dominion Day:

Subscribed at Park	$14 65
A Friend	50
Duncan Robertson	1 00

Further donations will be acknowledged in these columns.

CROPS LOOK WELL

On a trip east as far as Belleville last week we found the crops looking exceedingly well. The hay which was in process of harvesting is a good yield. There are many fields of fine fall wheat, and the spring grain and root crops give excellent promise. The rains in that section last week were welcome and beneficial.

Lewis W. Clemens.

Mr. Lewis Clemens, president of the Canadian Travel Club, who was recently been honored by election as a Fellow of the Royal Colonial Institute, London, Eng., left Jan. 30, with a number of members of the Travel club, to make a study of the Island of Jamaica. This club was organized two years ago, and now has six chapters—at Toronto, Montreal, London, Ottawa, Mount Forest, and Moose Jaw. It is making rapid progress in accumulating travel lore, and the president has been very active in this work.

Mr. Clemens is a native Canadian, an artist, and writer, whose work has been appreciated in Canada and abroad. A typical example of his work as a decorator may be seen in the old County Court building, Toronto, part of which were recently beautified by landscape friezes by this artist. In December last Mr. Clemens' Imperialistic essay on Jamaica, B.W.I., won for him first place in the list of awards.

The Canadian Travel Club co-operates with the Royal Geographical Club, the Royal Colonial Institute, and other leading British educational bodies.

The Latest in Commissions.

Manitoba is about to create a commission of the latest and most modern kind—a public service commission. The only one of its kind in Canada is in the Province of Quebec, but it has so far done little to make itself famous. Like the Ontario Railway Board, its powers are so limited as to make it ineffective for the work which it might be supposed to perform.

Premier Roblin has promised a public service commission with powers as wide as that of the New York Public Service Commission, one of the most important bodies in the United States. It will have complete control over all Government-owned or privately-owned corporations that give public service. It will supervise all steam and electric railways in the province, all gas and electric-light companies, telegraphs, telephones, grain elevators and so on. Ample provision will be made for the enforcement of its orders, Premier Roblin declares, so that there will be no possible evasion of its orders. He declares that the commissioners will have positions that will carry greater responsibility than that of a chief justice of the province.

Detective Lubpratories.

It is not at a celebrated detective office or at a well known police headquarters, with its clever brains and its wonderful machinery, that detective skill attains its deadliest perfection, but in the laboratory, where the magician of the test-tube and the reagent bottle draws round the poisoner a net from which there is no escape.

It is magic, nothing less, this detective work of the laboratory. Think for a moment of the stupendous problems with which the chemical expert has to deal.

It is suspected that a man has been poisoned; his duty is to determine what was the precise agent of death, and what was the dose administered. The poison may come from the whole domain of the vegetable and animal kingdoms, and it must be traced and proved to the last lethal fraction of a grain.

In the Grip of Fire Demon.

That was a curious coincidence in Toronto the other day when within an hour the offices of those old rivals—The Globe and The Mail and Empire were both set on fire. After midnight one night, the watchmen in The Mail building discovered and put out a blaze at the rear of the premises. At the same time The Globe editorial staff were struggling valiantly with a fire demon. To neither office much damage resulted. Incendiarism is suspected as the cause of the fire. The Globe and The Mail have maintained a reputation in the past for heated combat at election times. But neither sheet finds it pleasant nor profitable to pass through literal fire.

CREEBORNE CORNERS

Rain would be welcomed by the farmers of this locality, as the ground is becoming very dry.

The sympathy of all is extended to Mr. and Mrs. Geo. Nellis in the serious loss they sustained on July 1st by having their house burned to the ground.

Agents for the Milton Gas and Oil Co. are leasing farms in this vicinity, and if enough land is secured they will drill again for oil here. The best wishes are for their success.

Mrs. Wm. Murray visited with Norval friends during the week.

Mrs. Tassie, of Guelph, spent Sunday with her mother, Mrs. M. Crowson.

Mr. and Mrs. Wesley Murray and children spent Sunday with friends at Ospringe.

Masters John and Wilmer and Miss Isabel Watkins spent part of their vacation in Norval.

A faithful friend may refuse pay, but real ways demands a lot of credit.

NA-DRU-CO LAXATIVES

are entirely different from others both in their composition and their effect—complete evacuation without purging or discomfort.

108 Canadian farmers will receive cash prizes (twelve in each Province) in our big

1912 FARMERS' PRIZE CONTEST

WE held a contest last year in which 36 prizes were offered. This year there will be three times as many prizes (108) and therefore three times as many chances for you to win one of them. You do not have to use a large quantity of cement to win a prize. Many of last year's prize-winners used comparatively little cement.

THE contest is divided into three classes and in each one of these (Class "A") does the amount of cement used count in deciding prize winners. Class "B" is for doing the best concrete work. The size makes no difference. Class "C" is for sending in the best and clearest description of how any piece of concrete work was done.

THERE will be four prizes (first, $50; second, $25; third, $15; fourth, $10) in each class in each Province. Thus you have only to vie with other farmers in your own Province, and with those in all parts of Canada. This is you the best possible chance to win a $50 prize.

IT COSTS NOTHING TO ENTER—There are absolutely no "strings" to this offer. There is no entry fee or 25¢ tape to bother with. You cannot lose, because the improvement your make of concrete in competing for the prizes will be more than worth their cost. We have a book, *What the Farmer Can Do With Concrete*, that will give you all the information about the use of concrete you can need. It will be sent to you free, when you ask us for complete particulars of the Prize Contest. Ask for particulars to-day. Just say "Send me, free, your book and full particulars of the 1912 Prize Contest," on a post card and mail it to-day. Address Publicity Manager,

E-M-F 30 Studebaker FLANDERS 20

A Real Car at a Low Price

The Studebaker-Flanders "20" is first of all a sturdy, handsome car. Your natural pride and the judgment of your neighbors are satisfied.

But deeper down than appearance—in design, in construction, down into the detail of every cotter pin, and lock nut, the Studebaker-Flanders "20" is a splendid automobile. By changing the transmission or using only the sheer necessities of automobile manufacture, we could considerably cheapen it. But then it wouldn't deserve the Studebaker name. Remember that for 60 years the name "Studebaker" has stood for the best that can be built. There are no hidden weaknesses in the Studebaker-Flanders "20." It is all good, a true Studebaker car.
