THURSDAY, JULY 11, 1913

**BRIEF LOCAL ITEMS**

—These are 1913's dog days.  
—The Glorious Twelfth, to-morrow.  
—Streetville has a ladies' bowling club.  
—The strawberry season is about over.  
—Acton Civic Holiday—Monday, 8th August.  
—Twenty-five days since the last fall of rain here.  
—Fifteen minute sermons were manifestly popular on Sunday.  
—These are the days of holiday outings and picnic parties.  
—Mr. E. Hoffman, of Georgetown, is laid up with a broken shoulder.  
—The temperature rose to 85° at noon on Sunday and 87° on Tuesday.  
—Half of County's new steam roller is at work on the roads near Norval.  
—The fall wheat is already well headed and grain is appearing.  
—Indications are that winter wheat harvest will be on before haying is over.  
—Miss Martha Cooper, of Glen Williams, celebrated her 75th birthday to June.  
—Good morning! Did you remember to renew your *Fox's News* subscription?  
—Hilton fall sales will be held on December 2nd, Mr. Justice Latchford presiding.  
—Relief from the extreme heat and humidity which has prevailed the past fortnight, is promised to-day.  
—The cheque for the veterans of 1867, \$100, will not likely be paid until after the House of Commons meets.  
—The first raspberries were marketed here this week. Owing to the long continued dry spell the crop will be short.  
—Mr. H. C. Bartlett, undertaker, has just had completed a fine new casket wagon, a great improvement on the one formerly in use.  
—Young people! When you move to the city, or to work, always have the *Fox's News* sent. You'll find it a real letter from home every week.  
—Two rinks of bowlers, skipped by A. J. Mackinnon and Joe Holmwood, went to Erin on Tuesday and won from the local experts in a score of 38 to 33.  
—Now summer's here, cast up your eyes, and strike to death the roaming fly! where'er you find him spare him not, but join the clans that war, what's that?  
—Large sections of Nassagaweya, Limhoush and other adjacent points had splendid showers of rain last Friday while it remained hot and dry here.  
—The Milton School Board has engaged J. B. Macmillan, B. A., of Flesherton, as principal of the public and continuation schools, at a salary of \$1,500.  
—Owing to the extreme heat the evening service at the Methodist Church last Sunday was held on the Church lawn. It was a cool and pleasant digression.  
—C. Spaight and W. Sawyer had some more sport in fishing at Mack Lake near Stayner last week. Their friends enjoyed the prime pickers, plike and bass they brought home with them.  
—Do not put money in your mouth. If you will consider the number and variety of persons who now have handled it before it came into your possession you will not have ask, "Why not?"  
—Mr. George Black underwent an operation at Guelph hospital last week. Mr. Black's many friends will be pleased to hear that he is progressing favorably, notwithstanding his age.  
—Some young boys smashed two large glass windows in Mr. J. N. O'Malley's new houses at the rear of the public school ground last week. The boys have admitted their guilt and their parents will pay for the damage done. Any future window smashing will be severely dealt with.—Herald.  
—We regret to learn that Mr. G. Bell, whose marriage was announced last week, has been taken ill with symptoms of typhoid fever and was removed on Friday last to the hospital at Guelph. The many friends of Mr. and Mrs. Bell, will we are sure, all do in best wishes for a speedy recovery.—Herald.  
—A little daughter of the Rev. G. Smith, of Burlington, was bitten by a savage dog on Monday on the arm. A gash about a foot long was inflicted by the brute and the little girl is in a critical condition and may die. The dog was killed and its head sent to Toronto for analysis, while efforts were made to guard against hydrophobia.—Champion.  
—How'd You?—  
We've one hundred dollars for any case of hydrophobia that may be contracted in this town. It must be sent by mail to the Ontario Board of Health, Toronto, Ontario.  
—The Ontario Board of Health has issued a warning to all persons who have been bitten by a dog, to report the case to the board immediately, and to have the wound treated by a physician.  
—The Ontario Board of Health has also issued a warning to all persons who have been bitten by a dog, to report the case to the board immediately, and to have the wound treated by a physician.

**NEWS OF LOCAL IMPORT.**

The Entrance Examinations for the Ontario Normal School, Kingston, held on Monday and Tuesday, were successful. The results of the Entrance Examination had been received when we went to press. They will be posted in the *Fox's News* windows as soon as received.

**Time and Steel are Being Laid**  
The T. H. construction gang are laying the time and steel on the Boarding Bridge. The work will not be completed until the bridge over the ravine is built, and the builders are waiting for special timber from the States for these.

**A Needed Improvement**  
Municipal Officer Harvey had the food tank in the stream at the upper Main Street bridge cleaned out and improved on Monday. At the monthly fire engine practice that evening the suction hose worked there very effectively.

**Oldstaid Resident Overcomes With Heat**  
Last Saturday, when Mr. William Hemstreet, 85, was working in his garden, he was overcome by the heat and somewhat seriously affected. For twenty-four hours his speech almost completely left him and he was otherwise affected. He is slowly recovering, but at his extreme age, an eighty-year-old man, an attack of this nature is naturally serious.

**Communion Services in Knox Church**  
Considering the extreme heat prevailing the attendance at the communion services at Knox Church last Sunday was gratifying. When Sunday came Rev. Mr. Wilson found he was unable to preach as he expected. The pulpit was consequently taken by Rev. D. H. McEwen. A number of those who are scholars and rich experience enabled him to preach able discourses.

**Rejoicing at Knox Menace**  
There is a happy family this week at the residence of Mr. Wilson, who went to England nearly three months ago, returned home on Tuesday evening. Rev. Mr. Wilson went to Toronto to meet her. Mrs. Wilson has great hope of recovering her health, but the results of his treatment given will not be fully manifest for six or eight months. Mrs. Wilson enjoyed her trip very much and visited many points of interest in both England and Scotland.

**A Good Sound Turned Ugly**  
The big sound "Sport", which Mrs. Secord has had for several years, appeared to develop an ugly temper with the hot weather, and snapped viciously at several persons last week. The Guelph and Lloyd Kenney felt the brute's teeth while walking through the grounds to Bunderland Villa, though fortunately the skin was not broken in either case. The dog was shot on Monday. He was a faithful watch dog.

**Stone Roads and Streets**  
The new stone crusher is turning out large quantities of road metal at Milton. The gap between the old stone property and Fairview Avenue is being closed. The section between Main Street and Park Avenue on Mill Street, and a piece on Main Street, between Ebbage's creek toward the G. T. R. crossing will also be covered. The section of Mill Street will also be given a good coating of the inch size. The steam roller will then be put on to consolidate all these new and improved roadbeds.

**Armenia vs. Canada**  
The lecture by Mr. M. E. Dyer, the lecturer in the Methodist Church last Friday evening, was well attended and was very interesting and informational. Mr. Dyer contrasted conditions in Canada and Armenia, and the results of the Armenian struggle. The much to be desired of Armenia. The unspeakable Turk is a menace to the progress of Armenia and rules the country with despotism and cruelty. He justified the war precipitated by Italy against Turkey in Tripoli and Italy against Turkey in Tripoli and Italy against Turkey in Tripoli. The costumes, marriage ceremonies, and Mohammedan rites and usages were especially interesting.

**Faithful Effort Has Borne Fruit**  
Mr. William Grant, Toronto, was an esteemed visitor to the Methodist Church last Sunday and occupied a seat on the platform. He was a teacher in this school forty years ago and from the members of his class of boys, there are now three Doctors of Divinity, a Bishop, a School Superintendent, and an Assistant Superintendent, a prominent church official in the United States, and several other worthy Christian men, all of whom regard the faith of their fathers as a source of pride and reverence. Mr. Grant is now in his eighty-fourth year.

**Of Interest to Fishermen**  
The regulations of the Ontario Game and Fisheries laws for the present year contain information of special interest. Apart from the usual regulations of previous years an extract from the Fishery laws and regulations provides that no one shall fish for any fish in any stream, lake, or pond, in the province, in any day by angling, or shall carry away a greater number than eight small or large mouth black bass. It also says that no small or large mouthed black bass less than ten inches in length, measured from the point of its nose to the centre of the tail, shall be retained or kept out of the water. The number of black basses limited to four. In the case of rainbow trout, a greater number than twelve must not be carried away.

**Very Successful Garden Party**  
The annual garden party of the Ladies Aid of Knox Church, held at the home of Mr. Charles Davidson on Thursday evening for the purpose of raising funds for the purchase of a large gathering. The outing was enjoyed by all. Such open air functions are especially attractive during the June months. A very appetizing tea was served from 8 to 9 o'clock and the refreshments brought in a "hand-ful of business" all around. The programme had numerous enjoyable numbers. Rev. H. E. Wilkinson, M. A., gave a stirring address and Rev. O. D. Draper, who acted as chairman, gave an interesting and able address. The vocal and instrumental music provided by Miss Bertha Smith, the Methodists, Edna Quinlan, Misses Gray, and Misses D. D. Draper, and Mr. J. H. Brooks, of Barrie Hill, was all enjoyable. Acton Ottumwa Band gave a generous series of selections.

Mr. H. F. Moore was in Belleville last Thursday and Friday attending a meeting of the executive of Albert College Board of Management.

Mrs. Wm. Laird and Misses Ada and Florence Holmes and Margaret Bennett are enjoying the cool breezes of Lake Huron from an island camping ground.

**Double Liability to be Collected**  
It looks as if steps were about to be taken to enforce the double liability of the motorist. The Ontario Motor Vehicle Act provides that the owner of a motor vehicle is liable for any damage caused by the vehicle. The Ontario Motor Vehicle Act provides that the owner of a motor vehicle is liable for any damage caused by the vehicle.

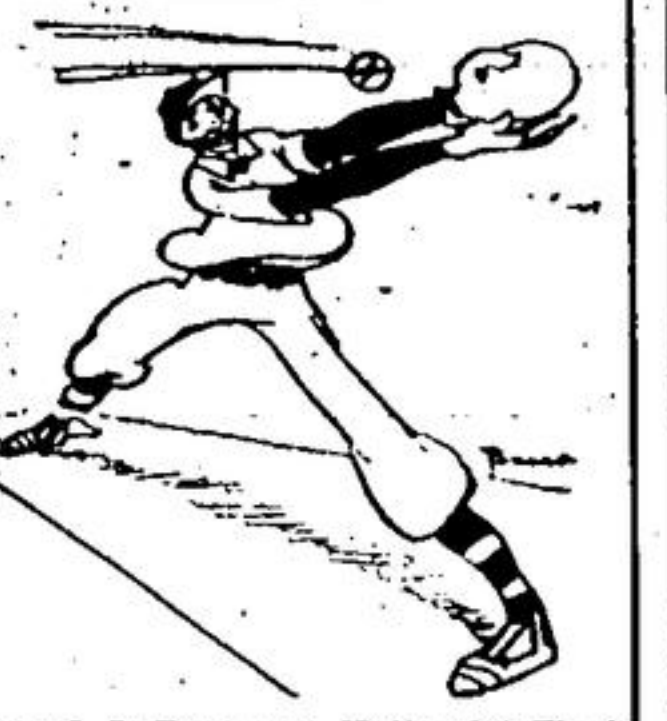

**Two Years in Penitentiary**  
On Tuesday Henry Perry was brought before Judge Graham for sentence, having been convicted at the June Sessions of arson, by burning his barn and house near Palermo. His Honor said that he had heard nothing of the case which the prisoner's counsel had undertaken to submit to the Court of Appeal, and that therefore sentence could not be further postponed. He sentenced Perry to two years and one month in the Kingston Penitentiary. It is understood that Mr. Cameron intends to go ahead with the reserved case and it is quite likely that Perry will get a new trial. Sheriff Webster takes Perry to Kingston to-day.—Champion.

**No Quibbles as Witness Swears**  
On Wednesday the drill was removed from the Howden well after it had reached a depth of 1700 feet without striking any oil except the slight yielding reported last week. It had passed through the strata from which only oil could be expected. The operators are not discouraged. Many "dry holes" are bored in the belt of oil fields and they will make another venture near Milton, Ontario, which the McKnight well, on the property of the Milton Pressed Brick Co., has been retarded by a flow of water so heavy that it was found necessary to raise the derrick and put down casing. Drilling has been resumed and the heavy flow of gas reported last week makes the operators sanguine for a big strike. The Brandon well has not yet been pumped out and its yielding capacity is expected to be good. The Petroleum Oil Co., came to town again a few days ago. His company holds a number of leases here. He has been in the Pennsylvania oil fields. He says that in them the Trenton rock is about 500 feet below the surface. This bed has a great advantage in having it so much higher, making drilling expenses lighter. He is very hopeful for a big strike here.—Champion.

**ONLY ONE GAME THIS WEEK**

The Methodist Outing Society for their Game With the Presbyterian

IT WAS A VERY BIG SCORE  
On Saturday the Howlers, the Methodists, and the Outing Society met. From the start it looked as if the Howlers were going to uphold the reputation won in last match and put it to completion over the Outing Society. In fact they were beating them bad until

Now J. D. Burk, the Methodist First Baseman Gets Everything Within a Mile

the last innings, when the Outing Society scored six runs and the Howlers failed to land a single man across the plate. MacLain and Laird, the Anglican batter, played for the Methodists, willing to the unfortunate accident to their own pitcher, Wm. Worden and Wm. Pearson were the umpires. The score:

METHUEN	R.	H.	E.
A. Gledhill	1	0	0

**Speeding Automobiles are Taking Spine to Outside Towns and Villages**

Many owners of automobiles are taking spine to outside towns and villages these days, and lately numbers of summonses for speeding have been served. Ontario has had the list the other day with eighteen, "Whitby was in line with a grossly number of "blue papers," and Bradford, Beaufort, Woodbridge, Grimsby, and numerous other places have made the speeders. The Ontario Automobile Association is doing its best to get the speeding is indulged in on Acton streets.

**Qualifier's By-Laws Defeated**

The ratifiers defeated three By-Laws Monday in Guelph. A By-Law to grant \$25,000 to the General Hospital to comply with the Government demand, by addition and repairs was defeated on a straight vote, 559 to 410. A By-Law to loan D. McKenzie, of Guelph, \$2,000 for the purchase of a plot, 559 to 410 for 321 against, but needed 55 more for two-thirds vote. A By-Law to loan Anchor Furniture Co., of Toronto, \$10,000, secured 551 votes, with 445 against, but lost by 109 on the two-thirds rule.

**No Cheaters In This Election**

Patented cherry-pickers are said to be a snare and delusion. They are expensive for the comparatively brief season of use each year and lots of women can't work them satisfactorily at all. But there is a better investment than any of them right at hand for every housewife. It's woman's chief instrument in any emergency—the hairpin. Stick the ends in a cork and use the loop end. With a little practice you will find you can pluck cherries rapidly and well, without smothering them or losing much of the juice.

**The Regina Catastrophe**

The *Fox's News* has received from Mr. W. J. Edulston photographs and illustrated papers giving vivid illustrations and descriptions of the terrible havoc wrought by the cyclone in the capital city of Saskatchewan a week ago Sunday. The papers tell the story with much greater vividness than the reporter's descriptions. The destruction of life and property is appalling.

**A Pathetic Course of Fate**

Mr. Robert Chapman will resign his position as court clerk shortly. He should be held the office until next December he will have been court clerk here for forty years, with this record, that he has not missed a single court in all that time and there has been four courts a year. We understand, moreover, that Mr. Chapman was never known to be sick. He ought to be included among the seven wonders of the world.—Reformer.
