"How IN LACAL OPTION WORKING in Howmanville? is a question often asked by visitors to this town as well as by people one meet when away from it. Only one honest and truthful answer can be given, says The States "Local option is working aplendidly and no opinion is ever the contrary, unless it may be a croak from a sucker who hasn't been completaly weened."

CONGRESS HAS PASSED A LAW prohibiting the interstate shipment prise-fighting films for moving picture abows. The Christian continent of the nation will indorse this legislation. Naturally this action on the part of Congress suggests the inquiry : Why cannot a law protect "dry" territory against interstate shipments of liquor be so framed that it will stand the test of the courts ?- Nashville, Tenn., Ad

CONSIDERABLE APPREHENSION felt in the West regarding the likeli bood of another grain blockade as soon as the present harvest begins to move in any quantity. The past year has seen great sadeavors on the cart of the different railroads to largely increase their trackage and rolling stock, and no doubt they are in a much better position to handle the crop than they were a year ago. It is evident, however, the amount of grain to be moved will be greater than ever be fore. In attempting to keep up with the national development the railroad of this country have before them berculean task such as confronts system of roads in any other part o

w Know the Intricacies of Calculation That Enter Into Its Making. The year just of sed was fifty-three Bundays long. As it came in on Bunday, it goes out on the same day. This, including 1905, occurs but eighteen times in this century. If you are mathematically constructed, it will be. sear to understand how the errange ment seems irregular. If you are as frank about it as was Lord Chesterfield in 1751 when he presented a bill to bring British dates into agreement with those of Europe generally, it won't bother. He said he knew nothing about the subject; but he was forced to make the Lords think he did, and to make them think that they also know, which they didn't The next year corresponding to the current calendar will be 1916, and the same will be true of 1922 and 1938.
