J. A. WILLOUGHBY,
Georgetown

The Acton Free Press.

THURSDAY, OCTOBER 3, 1912

BRIEF LOCAL ITEMS

—October.

—Milton's tax rate is 26 mills.

—Esquesing township fair to-day.

—Coal is coming in more freely now.

—Nelson and Burlington Fall Fair will be held to-day.

—Milton Fruit Growers' Association has obtained a charter.

—Markdale expects to have an all night telephone service soon.

—At last meeting of Georgetown Council a grant of $75 was made to the band.

—Sunday night's heavy frost played havoc with the tender plants and vines in the gardens.

—Mr. J. S. Deacon, Inspector of Public Schools, officially visited Acton schools on Monday.

—Farmers! Come to Acton with your chopping. You'll be given first-class service at the old mill.

—An Owen Sound tobacco dealer was fined $25 for selling cigarettes to boys under eighteen last week.

—Harrison ratepayers carried a By-law to raise $11,000 for installing an electric light plant on Monday.

—Mr. B. Green is well-advanced with the brickwork of his house at the corner of Elgin and Agnes Streets.

—Eddie, six-year-old son of James Kelcher, Guelph, was drowned in a pond in an unused quarry back of his home on Sunday.

—The turnip business is likely to be lively here this season, with two buyers on the market. The prices this week have been 11c. to 12c.

—Mr. T. P. Martin, Church Street, left the FREE PRESS samples of Alexander apples the other day which weighed three-quarters of a pound each.

—The book committee of the Free Library will visit Toronto publishing houses next Wednesday to select an assortment of new books to replenish the library.

—Mr. E. W. Grace, first line, has grown a fine crop of sugar cane this summer. It is said to make superior feed for stock. Some of it has grown nine feet high.

—Rev. F. G. Burrell, B. A., has been chosen by the delegates of the Guelph Association of Baptist Churches to preach their annual sermon at Orangeville in June, 1913.

—The temporary and rather unsightly railing on the upper Main Street bridge is still in place. Will it be replaced with a neat gas pipe railing before the open weather closes?

—C.C. Speight, hardware merchant, has removed back to his quarters in the splendidly renewed premises in the Williams Block. His stock shows to much better advantage and the store throughout is attractive.

—The fishermen who spent last week at Crow Lake had experiences similar to their farmer friends at home. It rained every day and it was as impossible to fish with comfort as to do plowing and seeding at home.

—Oakville Fair last Thursday and Friday was an unqualified success. The President, Mr. A. S. Forster, of Star, is greatly gratified with the outcome. He has brought this fair to a remarkable state of efficiency and success.

—Mr. Alfred Ford, No. 2, Beardmore Crescent, brought to this office this week a fine sample of English Intermediate table carrots. The seed was brought from England by Mr. Ford's father in May, and the carrots were grown in ten weeks. Our Canadian soil evidently agrees with the English seed.

—Two new buggies, both have auto seats. Bargains to cash buyers. W. J. GORDON, harness maker.

LIMEHOUSE

While threshing on Mr. W. Lane's farm last Monday, Mr. D. Swackhamer met with a very painful accident which necessitated the amputation of his right hand. Much sympathy is felt for Mr. Swackhamer who has only recently recovered from a serious illness.

Mrs. C. Bray has returned from a two weeks' visit in Detroit, Mich.,

Mrs. MacDonald, of Toronto, is spending a few days with Miss Newton.

Mr. Alfred Marshall has returned from visiting his brother in North Bay.

Rev. and Mrs. T. A. Arthurs, who leave for China this week, paid a farewell visit to relatives and friends in Limehouse last week.

Miss Winnifred Ivens was home over Sunday.

NEWS OF LOCAL IMPORT.

Had Her Arm Fractured

Mrs. I. Francis, of Toronto, who sustained a serious fracture of the right arm and other painful injuries through a misstep from a street car a month ago, has just returned home from the hospital. She is still suffering much from her injuries.

Customers Lost Their Sunday Cream

The delivery waggon of the Clarridge Dairy had a bad spill on Saturday night. The driver was delivering at a house near the G. T. R. when an engine came along and scared the horse which made a dash and upset the rig. The waggon was damaged and a dozen bottles of cream were smashed.

Must Have Hydro-Electric

A representative of Hydro-Electric Power Commission was in town last Thursday getting information as to the proposed route of the line from Dixie to Milton. It is the intention to push matters ahead with all possible speed this fall. Milton must have Hydro or fall behind in the race. That's as certain as death and taxes.—Reformer.

Another Acton Boy in Demand

The Guelph Herald says: "The local secretary of the Y. M. C. A. has been fortunate enough to secure the services of S. H. Moore, of the Pugsley-Dingman Co., Toronto, to teach the Sheldon course of salesmanship. Mr. Moore is teaching the course in the Toronto Association, and is considered a salesman of pronounced success."

Sunday School Chrysos Fraternize

On Wednesday evening of last week the Young Men's Bible Class of the Baptist Church entertained the Young Ladies' Class at the home of Mr. W. Coles, Elgin Street. During the evening parlor games were indulged in. After a corn feast photographs of the company, which numbered thirty-one, were taken. All present expressed their appreciation of the committee's efforts. The proceedings closed with the National Anthem.

The New Switch Facilitates Handling

Messrs. Beardmore & Co. are already gleaning material advantages from their new railway switches into the tanneries. In the matter of handling tank car cargoes of bark extract alone the convenience and saving of time is great. Formerly a tank car arrived at the station and the extract was drawn off in barrels and teamed to the tannery. Now a car is switched into the tannery late in the afternoon, a pipe is attached, a valve opened and by morning the contents are transferred to a vat, by gravitation, and the car is ready to be returned. Many other conveniences have been secured by the new system.

St. Alban's Harvest Festival

The annual harvest festival services in St. Alban's Church last Sunday were of special interest. The church was skilfully decorated with flowers, fruit, grain and vegetables and was more than ordinarily attractive. The Rev. H. H. Wilkinson, M. A., rector, preached impressive sermons in the morning from Gen. 8: 22 "While the earth remaineth, seedtime and harvest shall not cease," and in the evening from Lam. 5: 22, 23 "It is of the Lord's mercies that we are not consumed because his compassions fail not; they are new every morning." The choir furnished appropriate music. The congregations were large.

A Kindly Farewell Gathering

Mr. and Mrs. Walter Flood, who have been esteemed residents of Acton for between four and five years, left yesterday enroute for a trip to their former home in England. They will sail from Montreal to-morrow by the Corsican. On Monday evening a large number of the young people of St. Alban's Church entertained Mr. and Mrs. Flood in a very enjoyable social manner at the home of Miss Moore, Wilbur Street. At the close of the evening's proceeding kindly words of farewell were spoken and best wishes expressed for a safe and pleasant voyage. Mr. and Mrs. Flood have, during their residence here, won many friends who esteem them highly and regret their removal. They will visit friends in their old homes at Crewe and Tatton Park, Cheshire. They may return to Canada in the spring.

Sunday School Rally Day Services

The Sunday School service in Knox Church last Sunday evening was one of the most interesting and largely attended Sunday School services ever held in the church. The order of service prepared by the General Assembly's Sunday School Committee was observed. The special music, responsive readings and other features were all impressive. Rev. J. C. Wilson, B. A., the superintendent, had charge of the service.....The Rally Day service in the Methodist Sunday School in the afternoon was also highly successful. The special choruses were sung with enthusiasm. The review and responsive services were full of interest, while the unique and informational address on Japan and the boys and girls there by Rev. A. T. Wilkinson, B. A., returned missionary, was most cordially received. The school room was artistically decorated by the lady teachers, and flowers were in evidence in profusion. The attendance was the largest of the year.

"Go Ye Unto all the World"

The missionary anniversary services in the Methodist Church last Sunday were successful, interesting and inspiring. Rev. A. T. Wilkinson, B. A., of Japan, was the preacher of the day. His addresses had much of information and encouragement fresh from the activities of the missionary field. The rehearsal of personal experiences in the missionary enterprises of Japan; the people, their beliefs and evolution from the hoary prejudices and superstitions of the past, their eagerness for new thought in the matter of civilization and religion, was given in unique and unusual terms. New light and far-seeing visions of this energetic and intelligent people were shown. Indications of religious awakening were given, and the need for aggressiveness of Christian effort was emphasized. Unqualified tributes were paid the Woman's Missionary Society for their splendid Christianizing efforts and accomplishments of the past twenty-five years. Rev. Mr. Wilkinson also gave a much-appreciated address at the Rally Day service in the Sunday School.

Burlington Has Burglars Too

Burlington had a visit from bad burglars last week, according to the Gazette. They secured about $75.00 worth of goods from a clothing store and shot at several persons who gave an alarm when they were effecting an entrance to another store.

Halton Teachers' Convention

Halton county teachers will hold their annual convention in Oakville on October 17th and 18th. The local instructors are planning a big programme for the delegates, including a banquet to be served in the high school assembly room.—Oakville Star.

Regards it as Practical Work

Rev. T. Albert Moore, D. D., General Secretary of Temperance and Moral Reform of the Methodist Church, Toronto, says: "In reading last week's FREE PRESS I was delighted more than I can tell you with the practical work of the representatives of the churches in Acton for the winning of the foreigners there to better life."

Sad Fatal Accident at Guelph

Mr. Wm. Bell, the founder of the Bell Organ & Piano Co., of Guelph, was killed and his body terribly mutilated on the G. T. R. tracks about two miles east of the city last Thursday. He is supposed to have become mentally disturbed and wandered upon the tracks.

Song Service for the Foreigners

A special union choir of the Protestant churches in town visited the quarters of the foreigners on Queen Street and Beardmore Crescent on Sunday, afternoon after the regular Sunday School services and held a stirring song service. The foreigners appreciated very fully the kind interest manifested and gave the young people to understand that frequent visits of a similar character will be welcomed.

Bishop of Niagara to visit Acton

His Lordship the Rt. Rev. the Bishop of Niagara, will visit Acton next Sunday. At 11 o'clock he will perform the rite of confirmation in St. Alban's Church. This will be the first visit of the Bishop to St. Alban's at a Sunday service and the congregation will no doubt be swelled to unusual proportions. His Lordship will preach at Rockwood at three in the afternoon and then proceed to Guelph to conduct the evening service in St. George's Church.

The New Electric Road Construction

During the week the construction gang of the new line of the Canadian Northern Electric Railway have been clearing up the timber and underbrush on the right of way from the first line westward. They are now grading the hills which intervene between the first line and the Gore. It is remarkable how level a grade the engineers have succeeded in selecting, comparatively little heavy grading being necessary. The workmen's camp is near the site of the old residence of Mr. William Waldie, who went west twenty years ago.

The Coal Situation

Heads of the large retail coal firms in Toronto make the assertion that there will be no serious shortage of coal this winter. They agree, however, that it may be difficult for the householder to secure the stove size which he likes for his furnace, and he will have to be content with the egg size later in the season. At present, however, even the minor difficulty is not acute: the supply of stove coal in Toronto is sufficient for the immediate demand.

Burlington Pupils out of School

Last Tuesday afternoon Inspector Deacon held a conference with the School Board in Chairman E. H. Cleaver's office to discuss the question of making some provision for the children to attend school until the new building is ready for occupation. All the members were present except Dr. Watson. The Inspector in a short address expressed his views on the matter, and suggested that possibly the town hall or some of the Sunday school rooms could be secured to accommodate the several classes which were not provided for when the summer vacation ended.—Gazette.

Chopping Mill Open in Acton

Mr. B. F. Caldwell has leased the Beardmore mill on Mill Street and will be ready for customers on Saturday. Next week the mill will be open on Tuesday and Wednesday. This re-opening of the mill will be a great convenience to farmers from a wide area who desire to do their trading and milling in Acton. Mr. Caldwell has had experience in the chopping business and will give satisfaction to all who patronize the mill. He hopes to have sufficient business to keep the mill running continuously.

The Oil Excitement About Over

The oil market is very quiet here. So far the only persons operating here have been the Bowlby Oil Syndicate and the Brandon Oil and Gas Company. The Syndicate struck a dry hole at Howden's in Esquesing and last week experienced the same thing on the grounds of the P. L. Robertson Screw Company at Milton. The Brandon Company struck a dry hole in number three well on the J. B. Scott farm. Number four well on the W. N. Scott farm is not yet complete and the indications are reported fairly good. The company have signed a contract with a driller to put down another hole at a distance of some 30 feet from Nos. 1 and 2 wells.—Reformer.

Mr. L. P. Snyder goes to Montreal

The Oakville Star says: "As a result of the merging of the Traders Bank of Canada with the Royal, we also to lose Mr. L. P. Snyder, as he has been assigned a very important position in Montreal in the head office of the amalgamated banks, and will leave for that city on the 7th of October. Mrs. Snyder and family will remain in Oakville until their residence in Tuxedo Park is disposed of. As it is one of the finest properties in town, it will no doubt find a ready buyer. Mr. Snyder has resided in town for the past five years, and in that time has done more for Oakville that any other citizen. It will be remembered how he built up Tuxedo Park and the way he advertised the town. He also served two years in the Council, and this year very ably filled the position of assessment commissioner. It will be hard to find a man in Oakville who will go to as much trouble to boom the town as Mr. Snyder did, and hosts of friends wish him success in his new field."

SOCIAL AND PERSONAL

Miss Mahon spent the week-end at her home in Aberfoyle.

Mr. C. A. G. Matthews, of Toronto, was home over Sunday.

Mr. W. E. Moore, of Hamilton, visited friends here over Sunday.

Mr. Warren Brown left on Tuesday to attend the S. P. S., Toronto.

Miss Bertie Speight, returned from her visit to Detroit on Monday.

Miss F. F. Norris, of Guelph, was a guest of Mr. John Kenney this week.

Mr. and Mrs. M. X. Traynor left on Monday for their home near Owen Sound.

Mr. Alfred Storey, of the Metropolitan Bank, Toronto, was home over Sunday.

Mr. W. G. C. Keaney left on Monday to attend Ontario Veterinary College, Toronto.

Mrs. James L. Brown, of Collingwood, is visiting at the home of Mr. John Brown.

Mr. Ray Watson was home from the College of Pharmacy, Toronto, over the week-end.

Mrs. John Rae and children, of Burlington, spent several days during the week with Acton friends.

Mrs. Elizabeth Maxwell, of Burlington, returned on Tuesday after having spent a month with Acton friends.

Mr. Alex. Robertson, of Waterdown, spent several days this week with his his friend Municipal Officer Harvey.

The Misses Jane and Martha Riley, of Toronto, were guests at the home of Mr. J. L. Warren during the week.

Mrs. Robt. Scott and daughters Lettie and Laura were guests of Mr. Joseph Beaumont last week.—Herald.

Miss Bertie McLam returned home on Monday after a pleasant two weeks' visit with friends at Beginaw and Sarnia.

Miss Esther Hill arrived home from her visit to Ireland on Tuesday. She enjoyed the summer in her old home very much.

Mrs. Hector Johnston returned to Johnstown, N. Y., last week after spending a couple of months in the old home here.

Mr. and Mrs. James Moore, Sr., of Mt. Pleasant Farm, Kramosa, spent a week with their daughters in Acton and vicinity.

Mr. George Murray leaves for a trip to his father's home in Midlothian, Scotland, to-day. He expects to return in a couple of months.

Misses Maud Cook, Etta Lane and Mae Skilling, came up from Toronto with Miss Myrtle Matthews and spent the week-end at "Fernnook."

Miss Jennie Henry, Inglewood, visited Mrs. McEvoy, at the Fish Ponds, and the Misses Chapman, Main Street, a couple of days last week while en route from Fergus.

Mr. Thomas Ebbage, who had a rib fractured and sustained other injuries through a fall a month ago, is able to be about the house again, but is still suffering a good deal.

Mr. Percy Edge, of Toronto, made a pleasant week-end visit here this week. He found many changes since his residence here during his early boyhood's days, twenty years ago.

STUMP

"You call this cake angel food?" said the harsh husband,

"Yes, dear," said the timid wife, "but if the diet doesn't seem exactly what you want here are some deviled crabs."

Sudden Death at Milton

On Saturday morning Miss Kelly left her home on Oak Street to walk to that of Mr. Norris, on Mill Street. She seemed to be quite well and had not complained of illness of any kind. When on Mill Street she staggered from the sidewalk and fell on G. A. Hemstreet's lawn. When she was lifted up, within a few minutes, she was dead. The cause of death was heart disease. Miss Kelly was about 70 years of age and had lived in or near Milton all her life.—Champion.

Ontario Sunday School Convention

The forty-seventh annual provincial convention of the Ontario Sunday School Association will be held in Centenary Methodist Church Hamilton, on October 21-24. This is the largest assemblage of representative religious workers that meets in the province. The association includes all Protestant Sunday Schools that can be included under the term evangelical in faith and teaching. It is the Ontario branch of the International Sunday School Association which is the backbone of the Sunday School movement of the world. Hamilton agrees to entertain 700 delegates on the Harvard plan—lodging and breakfast free. Acton Sunday Schools should send a large delegation to this great convention which assembles at so convenient a point.

Milton's Muddy Main Street

The rains have made Main Street so muddy that its appearance is anything but creditable to the town, and those who drive over it report that holes make it hard on vehicles. But though strangers may not suspect it, it is a stone road, on which an exceptional amount of broken stone has been put. Winter after winter there were many hard labor prisoners in the jail for whom there was trouble in finding labor. Therefore an arrangement was made that if the town supplied stone it would be broken without charge by the prisoners. Roadmaking was not understood then as it is now, and the broken stone was dumped on the street without proper preparation and spread. It was not rolled. It sank deep into the clay mud, which worked up through it. Many loads of mud have been scraped off and carted away, but the supply from below seems inexhaustable. More road-making is needed. Let us hope that when it is done it will be done scientifically.—Champion.

You will notice that we are continually talking about our ability to repair watches and clocks. Well, that is because we have the confidence that we can do it and do it better than most watchmakers. First, because we served our full term of apprenticeship and afterwards worked under the best makers in Toronto, and 40 years experience gives us such an advantage over most others, that we come to you in full confidence that it will be carefully and quickly done.—Pringle, the Jeweler, Guelph.

LORNE

The following is the first report of Lorne School for the fall term:

IV CLASS—Lottie Johnston, Mary Measles, Wesley Measles, Margaret Snyder, Annie Snyder.

III CLASS—Laura McDonald, Edna Johnston, John Watkins, Herbert Dron, Robbie Dunbar.

SR. II CLASS—Isabelle Watkins, Alvin Ryder, Melvin Dunbar, Willie McDonald.

JR. II CLASS—Elmore Johnston, Caroline Ryder, Hugh Brown, Donald McDougall, Effie McEachern, Winston Grace.

SR. I CLASS—Wilmer Watkins, Rolly McEachern.

JR. I CLASS—Jean McDougall, Alex. McDonald.

CLASS A—Pearl McDonald, Gordon Johnstone, Roy Johnston, Jessie Ryder, Angus McEachern.

NELLIE A. JARDINE, Teacher.

CREWSONS CORNERS

The first severe frost of the season occurred on Sunday night.

Harvest Home services will be held in the Methodist Church here about the end of the month.

Mr. John Crewson had a number of sheep badly worried by dogs early Monday morning.

Mrs. Jas. Moore, Sr., visited friends in Acton last week.

Mr. and Mrs. M. Crewson, Milton, spent a few days with friends here.

NO RHEUMATISM THIS WINTER

Thanks to ONE PILLS

DON'T you want to have ONE WINTER free of Rheumatism?

Don't you want to enjoy life as other men enjoy it?

Don't you want to eat and sleep and work as healthy, normal men do, instead of being all crippled up with Rheumatism or Kidney Trouble?

Then take GIN PILLS and conquer your old enemy for good. Mr. Beaudry did, with the help of the GIN PILLS.

397 Panet St., Montreal, P.Q.
March 29th, 1912

"It affords me great pleasure to inform you that I have used GIN PILLS for about six months, and that they have done me a great deal of good. I have had Rheumatism for a couple of years, and this winter I saved myself from it by using GIN PILLS. I highly recommend GIN PILLS to the public."
A. BEAUDRY.

Thousands of boxes of GIN PILLS are sold every year through the influence of those who have been cured, and who recommend GIN PILLS to their friends and neighbors. If you are subject to Rheumatism, Kidney or Bladder Trouble, start in right now on GIN PILLS.

50c. a box, 6 for $2.50. If you want to try them first, write for a free sample to National Drug and Chemical Co. of Canada, Limited, Toronto. 148

The Moral of it

The advertising colums of the Review are an index to the most progressive business houses in Vanleek Hill. People who know recognize that to reach a very large class of the best purchasing public it is necessary to use the Review columns. A very natural deduction is that the merchant who does not use the Review as an advertising medium does not care for the trade of those who can be reached only by the Review. Therefore the moral: Patronize the merchants who think your trade is worth while telling you about their offerings.—*Vanleek Hill Review.*

Patronize Merchants who Invite you

COMFORT SOAP

"IT'S ALL RIGHT"

The Right Way to Begin the Week—With Comfort Soap

POSITIVELY the LARGEST SALE in CANADA

GURNEY-OXFORD

The Three Guardsmen

The Gurney-Oxford Range is fitted with three devices which constantly and uncompromisingly stand on guard to see that the fire is always under perfect control—that the coal bills are sheared down to the lowest figure—that the oven is always evenly and properly heated—that no clinkers obstruct the free burning and proper ventilation of the fire.

The Gurney-Economizer, fitted on the smoke pipe, is the only draft you have to attend to; a small lever put up or down entirely regulates the fire. It saves one ton of coal in six. It carries little heat up the chimney—only the smoke. It feeds the gases which burn to the fire-box, and it cannot be had on any other range than the Gurney-Oxford.

The Gurney-Oxford oven is surrounded by flues that carry an equal amount of heat to all sides. This almost guarantees results in cooking by providing an oven evenly heated, without cold corners or variation.

The Gurney-Oxford Grate is the result of exhaustive tests to find the proper carrying surface for the fire. The fire has abundant air to breathe, and the less amount of coal burned is all consumed. So then, the housewife who has the "Three Guardsmen" watching over her range, will experience security and satisfaction in cooking that is not provided by any other range.
