BRIEF LOCAL ITEMS

Heavy frosts again this week.

Nassagaweya Fall Fair at Campbellville to-morrow.

Summer picnic with a message, written in woodland style.

A Guelph hen house was raided on Saturday night and 40 chickens stolen.

News, Leads and News from first page on their first page of roadsters at Rockwood Fair.

Contractor Bates is erecting a new cement bridge on the third line over the Michie creek.

The annual Fall and Supper of the Action Fire Brigade will be held on Friday, December 6th.

Joseph Turkington, Guelph, was found dead in a livery stable after a prolonged spree, on Monday.

The Epworth League rally service on Tuesday evening was keenly interesting. The attendance was good.

Mr. J. H. Denny, who had his right leg injured while unloading a load of oats during the harvest, is still very lame.

Hamilton Conference Epworth League Convention will be held in Guelph to-day and to-morrow. Action League will be represented.

Monday morning heavy gales blew down thousands of bushes of splendid varieties of winter apples in orchards in this vicinity.

The weather last Sunday was glorious. It was bright and warm all day, really the finest day of the whole summer, there being no hint of autumn.

The demand for copies of Nassagaweya Fall Fair prize list has been unprecedented. With good weather the success of the fair is assured.

Some of the farmers of the township are pulling their peas this week, while the undergrowth is rank, the peas are in very good condition.

El Second & Sons have been awarded the contract for the new El Second & Sons Building at the Ontario Agricultural College, Guelph, to cost \$40,000.

Rev. Chas. D. Draper preached a powerful sermon on "The Fruitful Seed" in the Methodist Church on Sunday evening. This was the first of a series on this fruitful topic.

Messrs. E. B. Grinyer & Co., electricians, are considering the opening of a branch in Acton to supply electrical fixtures, motors, etc. In view of the Hydro-Electric installation.

The Irish post and heather in the Faux Faux window, brought from County Antrim last week by Miss Gailor Hill have been much admired. The heather with the white bloom is unique, being very rarely found.

A firm of manufacturers has been examining the Storey tannery building this week with a view to supplying a factory there. Hydro-Electric and the new railway seem to be attracting attention to Acton's advantage already.

Work has been commenced on the sewage dam at Glen Williams. The contractors are Archibald & Rudd, of Guelph, and the work is to be completed within a month. The dam will be of concrete and much longer than the former one.—Herald.

Milton Show This Week

The County Fair at Milton was favored with much more propitious weather on their postponed dates—Monday and Tuesday of this week.

The fair was consequently a decided success and equal in nearly all respects to the most creditable years of the past.

Death of Mrs. James Clark

Mrs. Isabella Clark, widow of the late James Clark, of St. Marys, died last Thursday. Her husband died about a year ago. Mrs. Clark came to Acton a bride back in the fifties. She and her husband conducted the old Royal Exchange hotel, which stood on the site of the Metropolitan Bank and Patterson's main office. They removed to St. Marys nearly forty years ago and for a number of years were the host and hostess of the National hotel. This property was afterwards disposed of and Mrs. Clark went into the fax business which she conducted until his retirement from the activities of life. Four sons and three daughters survive. One residence of Acton remains where there was a large family of the Clarks, but the death of Mrs. Clark last week removes the last member of husbands and wives of the family.

Dr. J. H. Denny, who had his right leg injured while unloading a load of oats during the harvest, is still very lame.

Hamilton Conference Epworth League Convention will be held in Guelph to-day and to-morrow. Action League will be represented.

One residence of Acton remains where there was a large family of the Clarks, but the death of Mrs. Clark last week removes the last member of husbands and wives of the family.

NEWS OF LOCAL IMPORT.

Acton Chopping Mill

Business has been booming at the chopping mill which was reopened last Saturday. Mr. H. F. Caldwell has received much encouragement for his enterprise. The service apparatus is very much the same as the one formerly used and every week will see them coming to Acton with their chopping in large amounts.

New Possible Brick House

Contractor Bates is excavating on his vacant lot on Church Street, between Frederick and Elgin, for the foundations of a new double house. It will be of attractive design, of brick and stone. The house will be built this fall and the building completed early in the spring.

David O'Leary Retiring from Farming

Mr. David O'Leary, lot 22, com. 1-K, retiring about three miles south of Acton, has leased his farm to Mr. M. Kelly and announces a dispositive sale on Tuesday, 22nd inst. Mr. O'Leary has decided to remove to Hamilton where three sons are occupying good positions. The house on the farm in the vicinity from his boyhood and himself and family are held in high esteem.

The New Electric Road

Another contractor with a gang of men has arrived in town last week and commenced operations on the line of the new electric road in town from the Mill Pond eastward, through the Harcourt and Watters properties to Church Street. The road will cross the Church Street on a trestle, giving this street an over head crossing. Mill, Willow and Agass Streets will be crossed on the level.

Special Building Site Paid For

Mr. James Matthews received last week through Mr. J. W. Elliott, K. C., Milton, the Government solicitor for the county, a cheque for \$3,750, in payment for the site purchased for the new Post Office and Customs House for Acton. Mr. D. Henderson, M. P., informs the Faux Faux that the Government expert on sites and buildings will shortly visit Acton to inspect the site and upon his report and suggestions the architects will prepare the plans for the new federal building. Mr. Henderson intends that the building shall be a credit to the town.

Visit of His Lordship the Bishop

The Rev. the Bishop of Niagara, conducted confirmation services in St. Alban's Church last Sunday morning. There was a very large congregation. The service was replete with interest. The address of the venerable Bishop was especially impressive and impressive. Seven adult candidates were confirmed, the pastor, Rev. H. H. Wilkinson, M. A. assisting his Lordship. During his stay in town the Bishop was accompanied by Mr. O. A. T. Beaudine, church warden.

A Diversity of Shipments

A walk over the new sidings at the Lanneries on Monday afternoon showed how wide diversity of shipments are already being received. Twenty or thirty cars were standing on the various sidings and belonged to the following railroads: G. T. H., Grand Trunk Pacific, C.P.R., C.N.R., Boston & Maine, Erie, Intercolonial, Erie & Ontario, Great Northern, Baltimore and Ohio, Pennsylvania, Buffalo, Rochester and Pittsburgh, and Chicago, Milwaukee & St. Paul. The commodities being shipped in were lumber, brick, flour, cement, crushed stone, gravel, bark extract, coal, etc. Verily, the tannery premises are busy these days. Building is in progress in all directions.

Waiting for Hydro Street Lighting

Numerous complaints are made, just now, especially by citizens in the east end of the town, of the number of "dead" electric lamps in the circuit covering the east end of Beaver, Willow, Mill and Church Streets. Enquiry from the authorities elicits the information that many of the lamps of the old system are burned out and, owing to the fact that the Hydro-Electric system is expected to be installed in comparatively few weeks, no new supply of the old type of lamps has been ordered. While the committee is perhaps justified under the circumstances in this course, it is really a bad and not without an element of danger that so large a proportion of the population is to be left in darkness for the weeks that will intervene before the Hydro system can possibly be put in operation.

Women's Missionary Convention

The eighteenth annual convention of the Women's Missionary Society of the Methodist Church, for Guelph District will be held at Acton on Thursday, 17th inst. The programme will be one of special interest to missionary workers. In addition to addresses and reports from members of the various auxiliaries, the following: Miss Uberta F. Steele, of Kialing, China, will deliver addresses both afternoon and evening. Solo and duets will be sung by Mrs. (Rev.) T. K. Clarke, Rockwood, Miss Bertie Smith, Acton, Miss Edna Connor, of Guelph and the church choir. Refreshments will be served by the ladies of Acton auxiliary at the close of the morning and afternoon sessions. The ladies of the Methodist societies of the Presbyterian and Baptist Societies have been invited to be present. Mrs. J. R. Guild, Rockwood, is Superintendent, Mrs. Geo. Beattie, Fergus, Asst. Suppl., and Miss H. Mahoney, Guelph, Secretary.

Would Make an Attractive Resort

The new line of the O. N. R. electric road across Fairy Lake and adjacent to the shore is opening up new possibilities and a property which will make a most attractive summer resort. Mr. John Harvey has fifteen acres of beautiful property at the upper end of Fairy Lake which he has named "The Beach." The electric cars will stop within two or three minutes walk of the property. In the front line Fairy Lake with its slight slope of crystal spring waters, and the lower park of fourteen acres forming a very beautiful foreground. In the rear is a splendid wood bush known as "Pike's Peak," which has been found to form the great divide between Lakes Erie and Ontario. Springs on this property, with the big rock of each other, run the one into Lake Erie and the other into Lake Ontario. There are all the natural surroundings for a delightful summer resort, equal to anything within fifty miles. It is very likely to be developed in the near future, too.

Glad to Hear It

The Milton Chamber seems up some encouraging conditions as follows: "Without making a tour of the streets without which his figures could hardly have been complete, a citizen tells the Chamber that he has counted 32 buildings erected or in course of construction this season. Nearly all are dwellings."

Georgetown Wants Better Light

Georgetown people are complaining seriously regarding the street lighting furnished by the electric company. The Herald even goes so far as to characterize the service as "rotten" and proposes a contract with the Hydro-Electric Commission if conditions are not immediately improved. The C. P. R. is Acton.

It is rumored that the very strong probabilities are that the O. P. R. will run its new line through or adjacent to Acton. The line runs north of the town and has been found to be impracticable and abandoned. The people of Nassagaweya are very anxious to have this connection with Acton and present indications are that the line from Hamilton northward will eventually come this way.

Severe of Bogus Bills

Reports have been received about a gang of men who are trying a new game in the way of raising one dollar bills. The idea is to get an American bill of the denomination and raise it to a five. Other bills are treated in a like manner. Owing to the slick manner in which the bogus ten dollar bills were passed off some weeks ago, it is thought the same crew is busy again.

No Long Intermittent Snow

Knox Church, Guelph, whose minister, Rev. R. H. Robinson, preached his farewell sermon on September 15th and whose pulpit was declared vacant on September 22nd, called Rev. Jenkins Burkholder, of Bradford, on September 30th. Mr. Burkholder preached on September 30th and the call followed. The peculiar fact in the case is that the church was without a minister for only one Sunday, which must almost constitute a record.

Reverend Tables To Mrs. Hoodless

A beautiful and impressive ceremony was held at the assembly hall of Macdonald Institute, Guelph, on Friday, when a handsome bronze tablet and portrait of the late Mrs. John Hoodless were unveiled. Mrs. Hoodless was largely instrumental in the organization of Women's Institutes, and the portrait and tablet were presented by the Institutes of Ontario to commemorate her memory. Acton Institute contributed to the memorial. Mrs. Hoodless, of Guelph, was a member of the Women's Institute, was a guest at the unveiling.

Rev. Andrew Arthur's Farewell

The Globe says: "The Rev. T. A. and Mrs. Arthur bade a farewell to their many friends and classmates on Tuesday evening. They propose spending a week in Japan on their way to their future home in China. Mr. Arthur was appointed to Changsha, as representative of Knox Church, Woodstock. A farewell dinner was given at "Klondike," the residence of Mrs. O. F. Barton, who is a sister of Mrs. T. A. Arthur."

Was Made a Life Member

The meeting of Acton auxiliary of the Women's Missionary Society at the home of Mrs. O. O. Speight yesterday afternoon, Mrs. Speight, who is an active member of the auxiliary, was made a life member. On behalf of the society Mrs. Wm. Brown, Treasurer, presented the certificate of membership with suitable words of appreciation of Mrs. Speight's services. The recipient voiced her surprise at the honor conferred, and expressed sincere thanks for the coveted honor conferred. The work of the auxiliary had always been dear to her but it would, naturally have a new interest now.

Hydro-Electric Activities

Matters are now stirring with more manifest activity toward the installation of Hydro-Electric in Acton. The contractors of the transmission line have reached a point east of Queens Corners, and the corporation limits will be reached in a few days. The foundations for the transformer station on Willow Street are completed and the bricklayers are now at work and will reach forward to the building. The transformers, wire and other materials for the local installations have now all been delivered by the various manufacturers and the work will now be rushed to completion with all possible speed.

Sweet Gospel Songs Again

The beautiful October day on Sunday brought out a large number of strollers who eventually took up their position at the bridge and on Queen Street in anticipation of the song service for our stranger citizens. The representatives of the choir arrived and were reinforced by numbers from the gathered crowd and led by concert players assisted by Messrs. J. O. Hill and N. P. Moore, sang a number of gospel songs, to the evident appreciation of those for whose interest they were given. Mr. J. Plank, one of the members of the Union Methodist Society, addressed a few words to the company, explaining the purpose of the agreement and thanking all for the evident interest taken.

Hydro-Electric For Nelson

The Hydro-Electric Commission certainly seems to be taking hold in Halton. Here's a report from the Chamber of a meeting held in the township hall on Monday of last week to discuss the securing of the useful possibilities for its township when the Beers and Council and a large number of farmers were present: "Mr. Leacock, electrical engineer, representative of the Hydro-Electric Commission, gave an interesting address and made a plain explanation of everything connected with the proposal, showing how farmers could use the power, not only for machinery, but lighting, having a twenty-four hour service. The rate, for power, he said, would depend on the amount of power used. He guaranteed a prompt quotation as soon as this was made known to the commission. An immediate canvass, by school sections, will be made and the result reported to the commission as soon as possible. The general feeling was strongly in favor of the scheme, provided the coming quotation be satisfactory. Mr. Leacock said that the application proposed to supply the power via Waterdown.

SOCIAL AND PERSONAL

Mr. Le Roy Brown was home this week.

Mr. John Harvey visited friends in Brampton last week.

Mr. Wm. White was home from West Toronto over Sunday.

Mr. L. P. Boyer, of the Royal Bank, Toronto, was in town on Friday.

Mr. and Mrs. A. T. Brown spent the week-end with friends in Toronto.

Miss Margaret Bennett was home from Clarkson for a week-end visit.

Mr. Eddie Waddell is in town again after his recent unfortunate accident.

Miss Edith Smith is spending a couple of weeks with friends in Toronto.

Mr. R. J. Moore, of Toronto, spent a day or two this week at "Moorecroft," his old home.

Mr. A. F. Brain, of Walkerville, called on his aunt, Mrs. Campbell, Victoria Villa.

Mr. and Mrs. P. J. Dills, of Johnsburg, N. Y., are visiting at the home of Mr. Geo. Dill.

Mr. Ray Watson was home from the College of Pharmacy, Toronto, a couple of days this week.

Mr. J. T. Hemstreet, Toronto, and Mrs. Joe. W. Rowe, Milton, have been here this week visiting their mother.

Word has been received of Mr. J. E. McGarvey's arrival back at his business headquarters at Mexico City, Mexico.

Mr. Samuel J. Clark, who has been in poor health for some time, was taken to the Hospital on Tuesday.

Mr. Harry Sheppard, of Lakeside, is visiting at the home of his aunt, Mrs. Geo. Campbell, Victoria Villa.

Mr. Thomas Gowdy, of Guelph, was here this week visiting at the bedside of his sister, the late Mrs. Wm. Ham street.

Mr. Harold Nicklin was home from the St. P. S. Toronto, over Sunday, his first visit home since he left for Saskatoon last May.

Mr. W. P. Campbell, of Toronto, returned home after spending three or four weeks very pleasantly with friends in Acton and vicinity.

Miss Rachel Hill, of Baltimore, County Anston, Ireland, accompanied by her aunt, Esther Hill, home and will reside with her for the winter.

Mr. and Mrs. James Mackie and Master Stanley have returned from their trip to Scotland. Mr. Mackie is much pleased in the organization of Women's Institutes, and the portrait and tablet were presented by the Institutes of Ontario to commemorate her memory. Acton Institute contributed to the memorial. Mrs. Hoodless, of Guelph, was a member of the Women's Institute, was a guest at the unveiling.

Dr. and Mrs. O. A. McNeil and Miss Valse came in their motor car from Toronto on Sunday to visit at the home of the aunt Mrs. G. Campbell, Victoria Villa.

Mr. and Mrs. J. J. Holland, of Hamilton, visited Acton friends this week. They have retired from the hotel business and are now living privately in the city.

Mr. W. H. Kingston, K. U. of Mount Forest, will succeed the late Mr. A. M. McKinnon as local Master of the High Court of Justice and Registrar for the County of Wellington.

Messrs. A. M. Swales, A. J. Mackintosh, Jno. H. Kennedy, Neil McEbert and J. Bashford motored to Mr. Forest on Monday and attended the big Laurier meeting there.

Mr. and Mrs. J. H. Hoed visited Mrs. Kirtwile, of Hildwood, last week. Four generations met at the home of the old lady, who is in her 90th year. A pleasant afternoon and evening were spent and Mrs. Kirtwile who is in good health especially enjoyed the visit.

Mr. and Mrs. J. H. Hoed visited Mrs. Kirtwile, of Hildwood, last week. Four generations met at the home of the old lady, who is in her 90th year. A pleasant afternoon and evening were spent and Mrs. Kirtwile who is in good health especially enjoyed the visit.

Misses in Touch With the Old Town

The Milton Chamber seems up some encouraging conditions as follows: "Without
