> ed by W. H. Smith, that the petition signed by 175 voters requesting that s by-law be submitted to repeal By-law No. 431 to the Municipal electors at the next municipal election, be bereby received and that the Clerk be instructed to prepare such by-law and submit same at next meeting of the Council

Councillor McDonald said be wished It distinctly understood that because be and Councillor Smith moved the resolution that they did not assume al responsibility for it. He wished all the members to be equally responsible.

The Connell then adjourned. EDITORIAL NOTES

THERE is a fine variety in the No ember CANADIAN MAGAZINE. Piret place is taken by a travel skatch amtitled "Windermers to Coniston," by. Newton MacTavish. Of an entirely different character is the article on titled Canalising the Detroit River. in which James Cooks Mills shows how the United States Government has expended ten million dollars in improving navigation in Canadian waters. There is also an important article by C. J. Boylen untitled "Progreeding Ontario," showing what has been accomplished of late to improve the condition of the people of province. Other articles of interest appear in the gurrent pumber,

money is told by a German hunter, in prints showing the route and special issue of Ron Ann Gun in Canana pub! from Limshouse to the Glen Lawson lished by W. J. Taylor, Woodstock. pond. Johnstone, that notice be giveg to all parents of young children in the municipality that hereafter children arriving at the age of five years and desired to begin attending subnol, must outer at the beginning of the school term, at January, Raster or September, and that under no condition will they be received after the onening of the term. - Carried. Board then adjourned.

OBSERVATIONS The conflict thickens. The repeal disnussion has gotten into public print in the form of two rignificant letters that week in apposition to repeal. will be raised in advacacy of repeal. Such a thing is very unusual.

The Esquesing mother's letter is one which probably voices the feelings of nearly every mother in Requesing, and Acton, as well. The safety of the children is the mother's first care, and their hearts droop at the bare possihilly of any opportunity being opened | ton. for the downfall of boybood.

The Esqueeing farmer takes a brush at it in a more breezy, rough and ready manner. His sising-up of "buspees men." who work for repeal benefit their business is something to think about. Farmers are about as good business beads as most of folks and town people generally give them credit for looking out for themselves in the matter of things they have to sell, on If they find any Acton hadness men bolster up prices to earich themselves there are two courses com, either do without some things, or go where they can be got cheaper, and whiskey

ot in the count at all. along the way during the three years, business paper, is away in the lead of Both municipal and provincial law all others when it comes to looking what Local Option could do, and con- farmer it is worth many times the subsiderable railing on the part of its op- scription price.

ponents has been the result. It is a great deal easier to find fault than to perform the work. And many who complain of any laxity have not always been on hand to do their part. And the situation, after all, for a Local Option territory, has been, handled with a firmness and fearingmess and frequency creditable in any communily. And, after all is said and done these observations have to observe that Acton has been better with Local Option, and so observe many others.

BENEFITTED BY LOCAL OPTION

of Agriculture a distribution of superior sorts of grain and potators will be made during the coming winter and Was. Johnstone, Jun. R. Kennedy and apring to Canadian farmers. The samples for general distribution will consist of spring wheat (film.), white oats (4 lbs.), barley (5 lbs.). These WILL DE BARY OUR FROM ORIANS. A dis tribution of potatoes (in 3 lb. samples) will be carried on from several of the 15 to | superimental farms, the Central Farm at Ottewa appolying only the provinces of Ontario and Quebec. All samples

will be sent free, by mail, Applicants must give particulars in regard to the soil on their farms, and some account of their experience with such kinds of grain, (or potatoes,) as they have grown, so that a promising port for their condition may be salest

Each application must be separate and must be signed by the applicant. Only one excepts of grain and one of potatoes can be sent to each farm. Applications on any kind of printed form cannot be accepted. If two or more samples are asked for in the same letter only one will be sent.

As the supply of seed is limited farmers are advised to apply early; but the applications will not necessarily be filled in the exact order in which they are received. Preference will always be given to the most thoughtful and explicit requests. Applications received after the end of January will probably be too late.

All applications should be addressed to the Dominion Cerealist, Central Rxperimental Farm, Ottawa. Such ap plications require no postage. J. A. GRISDALE.

Director, Dominion Experiments Farms.
