### THE LORD'S DAY

Interesting and Inspiring Address by Rev. W. G. Hanna, Provincial Secretary

ACTON BRANCH'S NEW OFFICERS The annual meeting of the Actor branch of the Lord's Day Alliance was held in Knox Church School Room on Monday evening.

The annual address was delivered by Rev. W. J. Hanna. M. A., Secre tary for Ontario. It was a most out prehapsive and interesting explanation of the efforts and success of the Alli nce in preserving the Lord's Day as day of rost and securing for many le Canada a day of rest in seven who otherwise would be deprived of this God-given boon. Mr. Hanna pointed out in well understood terms the alm work and methods of the Alliance. Its aim is to secure for every person

in Canada a weekly day of rest, on the Lord's Day, if possible; and to safe guard the Lord's Day against the Intrusion of unnecessary business and labor. In this work it is concerns solely with the question of civil right and obligation.

of Canada, which with modifications was ansoted as the "Lord's Day Act" by the Parliament of Canada, the first on the statute books of the Dominion This law, containing only seven r strictive clauses, but twenty-si clauses permitting works of necessity and mercy to be done on the Lord's Day, is regarded by those competent to value such legislation as the best upon the statute books of any country legal guarantee of a weekly rest day enjoyed by the people of Canada. It is working to secure a fair and with reasonably observance of this law by

all the people of the land. Since March 1st, 1907, the date when the Lord's Day Act came foto force. the following results have been reached : (a) A conservative estimate of the number of tollers in Canada who have gained a weekly rest day places the figure at about 125,000. With the majority it is the Lord's Day. (b) The distribution and sale of American Sunday newspapers which had ricen to 150,000 in Canada has been reduced by over 00%. (c) Many hundred cases of violation of the law have been brought to cease in different parts of Canada, and many places in which the Lord's Day was openly diaregard-
