Rushing Onward, Year by Year, Adding to a Proud Record of Achievement

The Success and Growth of this Store we owe to your Loyalty and our Fair Dealings

E have much pleasure in announcing and thanking you for bringing it about, that, owing to the increase of business in our Millinery and Ready-to-Wear departments, we now find it necessary to enlarge and remodel our second floor for the accommodation of larger stocks and for the better convenience of our customers. Operations are now in force on the enlarging and remodelling of this floor. When complete we shall have the largest, most up to date Women's and Children's Ready-to-Wear and Millinery departments west of Toronto. Sixteen years ago we took possession of "The Lion". We had certain ambitious, certain ideas about storekeeping, and laid out a policy and started in with an honest, carnest cadeavor to make this the best stere that our abilities would allow us to produce. From the start we began to make improvements - added to its helpfulness-made it a more comfortable shopping place and gradually developed our buying power. As year fellowed year we steadily grow, increased our stocks, expanded our quarters, provided more and better values, bettered our fixtures, improved our methods, until we have reached that stage when we can say we are approaching the goal for which we simed. But we are not weary of well-doing, or weary of doing better. To do even better is our aim new.

We're going to make this store more helpful to our friends-going to make it the ideal store, and if our patrons are as loyal to us as they have been during the past 16 years, there will be no question about the result. Again we thank our host of loyal patrons who have contributed to our success and promise that in the future, as we have tried to do in the past, we will show our full appreciation of that loyalty by being loyal to our Remodeling Sale is now in Progress on our Second Floor.
