BRIEF LOCAL ITEMS

March comes on Saturday. The ice harvest is about over. Prusty fair sleighing again this week. The turpentine crop is still being delivered. Milton Council is preparing a new by-law. Tomorrow will be the last day of February. Yesterday's snow storm improved the sleighing. Saturday's snow storm gave a few days more of sleighing. T. J. Hill, Glensideville, is advertising his hotel for sale. Milton ladies raised \$30 to assist the Free Library, by a bazaar. Spring's coming! The first thunderstorm came last Saturday. It is rumored that the T. Eaton Co., Toronto, will open a factory in Guelph. Guelph Press Association will meet at Milton in annual session tomorrow. Andrew Harvey is a busy man these days. He goes about with his eyes open too. Mr. B. A. Strachan has erected a new veranda in front of his residence on Main Street. Why all her profitable public utilities Guelph faces a 25 mill rate, or higher, this year. Toronto's Chief of Police cleared out last week taking with him \$1,725 of corporation funds. Guelph Junction Railway handled over the city bill \$11,500 as the net profit of the past quarter. A large number of Acton people enjoyed themselves at the soiree at home on Monday evening. George Jervis has an auction sale of poultry, and other goods in the Warren block on Saturday evening. In the hockey match between Acton and Erin, at that village on Monday night, Erin won with a score of 5-1. Mrs. Nelson Gordon returned from Berlin yesterday much improved in health. Mrs. Gordon accompanied him. Twenty-three issues are engaged in handling logs to Henderson's saw mill this week. They take from one to four trips each. It is announced that the 20th Halton Rifles will go to camp at Niagara on the 15th. This will see at least the rumors that the corps had become disorganized. In a few days another section of the side and interesting streets will be lighted by Hydro-Electric. The new street lighting system has arrived and is being installed. The annual banquet of Nelson and Burlington Agricultural Society was held last evening. The principal speakers were Hon. Adam Beck, Hon. James Duff and Dr. Geo. C. Cookman. The railway boys had an unusually merry time this winter in Central Ontario in keeping their tracks free of snow. There has not been a snow plow in commission through here in a year. Mrs. Alfred Soper, of Belmont, Mass., writes that they are having a flea-pit winter with very little snow. The snow has gone down as low as 25 below zero. B. H. Moore and Mrs. Soper are enjoying good health.

The Winnipeg Advance will change hands on the 1st of March. Then, Mr. J. H. McPherson, proprietor and editor of the paper for about fifteen years, has sold it to Geo. Spotton, the well-known principal of the Spotton Business College, who will conduct the business under the name of the Winnipeg Publishing Co. Mr. Spotton, who has family in Guelph, where he will engage in the business of orange growing. That will surely be an agreeable task for Mr. Spotton, who is well known in Guelph. From previous visits to California oranges, Mr. Spotton is well informed.

Some careless or cruel person was the cause of an agonizing death to a poor hound dog, last night last week. The person evidently desired to get rid of the animal and to this end tied a rope about his neck, attached a weight and threw him through a hole in the ice in Orwell's back yard. The dog was found floating in the water, and was taken to the house of Mr. Hall, where he was nursed until he recovered. The dog was found dead in the water.

The original building forming the front of the Station Hotel has been torn down preparatory to the erection of a new brick front. The remodelled building will be a fine structure, and will be extended from the original easterly corner to the westerly boundary of the property, adjoining that of Dr. Lawson. The plan shows rather an imposing brick front. The brick structure will be a fine structure, and will be extended from the original easterly corner to the westerly boundary of the property, adjoining that of Dr. Lawson.

The Provisional prevalence of mild weather is likely to have an effect on lumber prices. A prominent lumber dealer said the other day that he would not be surprised if the price of lumber was to be reduced materially, while the probability that the snow will go out early will make the season a short one and a very material advance may be expected for lumber in the spring.

Superintendent of the Methodist Church Mr. and Mrs. John Watson entertained the members of the Methodist Church and their friends at their home on the 10th inst. This was a delightful social time was spent. The night was merry and propitious. The delightful social time was spent. The night was merry and propitious. The delightful social time was spent. The funeral of Mrs. Ed Snyder was held last Thursday. The service at the home in Toronto was conducted by Rev. Dr. T. Albert Moore, assisted by Rev. J. W. Ferguson, Arriving on the 10th inst. The following relatives and friends attended from a distance: Mr. William Snyder, North Bay; and Mrs. L. P. Snyder and Miss Daisy and Evelyn. Toronto: Mr. and Mrs. William Snyder, Elora; Mr. William Henderson, Milton; Mr. W. D. Fitch, Toronto.

Charles Brown, a Hamiltonian, living on Broadview, Ontario, some fifty years of age, was charged before J. P. Moore, J. P., last Wednesday afternoon with assaulting Bertha, the fourteen-year-old daughter of Peter Gamble, also a resident of the Ottawa. The witness was to prove that Brown used force on the young girl on Sunday afternoon when on her way to the Baptist Sunday School, and grasped her under the arm. Though she repelled him vigorously, he repeated the act several times. Brown was charged with the offense of molesting the girl, and was fined \$100 and costs.

At the meeting of the members of the County Council held last Thursday it was decided to build a new bridge over Gordon's Creek at Moore, Clarridge's and Mann's farms. It will probably be a modern concrete structure.

SILVER PLATING.
An Accident Found the Way to the Original Process.

Mr. Wm. Mason, 475 St. George Street, reported to the FREE PRESS last Thursday that he had been 374 days ago from the 10th of January to the 10th of February. They are Rhoda, Edna and White Lighthouse. This is certainly a profitable record with eggs at 25c a dozen.

HIS ULTIMATUM.
It brought the Erie Directors to Terms, and Underwood Won.

When Underwood was made president of the Erie road, a Wall Street man, certain things were promised. Underwood's ultimatum was that the road should be put in better condition than it was when he was made president. He was to be paid \$100,000 for improvements as a new president, and he was to be paid \$100,000 for improvements as a new president.

SHUN LOOSE SHOES.
They Give the Feet as Much Trouble as the Fishing Kind.

Seven persons out of ten suffer agonizing pain at one time or another with the fishing kind of shoe. The shoe is too loose, and the foot is too big. The shoe is too loose, and the foot is too big. The shoe is too loose, and the foot is too big.

Enthusiasm
in Advertising
TRUTH we must have in advertising. The day of the fakir is short. But enthusiasm is more vital to the success of the advertising man than it is to the seductor or travelling salesman. The salesman has the advantage of the hearty handshake, the ingratiating smile, and the voice—which he can modulate to suit the mood of his prospect.
