Buse Bali League for Halton We understand there is every likely hood of a strong base ball team being organized in town this year. We are glad to hear this, as something of the kind is needed to keep our young men in good physical trim. From what we have heard there is some first class material in town out of which to form winning team. There should be county league formed, including Acton, Burlington, Georgetown, Milton and Oakville. That many teams would make's most interesting series, and enthusiasts of these places. Here is an Honest Man When returning the roll at meeting of the Municipal Council on Monday evening Tax Collector Harvey remarked that while the roll showed a sum of 57a, uncollected, the aggre gate amount of the taxes levied was really overpaid. During his rounds a citizen had stopped him and saked the rate of the dog tax. -- Mr. Harvey replied that it was \$2.00. "Well," said the man, "I have moved to Acton since the assessment was completed, but I own a dog, and here is the \$2.00." The collector was naturally somewhat overcome, but he tucceeded in writing the receipt and the new citizen went away with the inward consciousness that he had acted the part of an bonest

The Enlarged School Building The excellent engraving on our first page from the architect's elevation of the proposed enlarged school buildings gives a very striking view of the appearance of the building when completed. The plane both for exterior and interior-have been approved by the Education Department. The addition of the three new rooms relieve the growded condition for years. The location of the school is admirably adapted to the town. It is wall isolated and withal is fairly accesalbie to all the scholars from all our homes. There is no doubt that ultimately Alloe Street will be opened up, a bridge constructed over Corporation Pond, and the street continued with a ton. southerly entrance to the school grounds. > A Contrast in Tax Collecting There is a deficit of \$2,500 in Nort Bay's tax department. This is quite a contrast to Tax Collector Harvey's day. record. The roll here was returned on Monday evening with only 57c, the tax on a small non-resident lot, uncol lected. This is certainly a record to be proud of. It says much for Mr Harvey's ability as a efficient collector of taxes and also much for the floancial standing and integrity of Acton's

ratepayers.

Brampton Masons Decleate New Hall The Masons of Brampton and vicinity turned out well to attend the dedication of their new Masonic lodgeroom there is no doubt the games would be which took place this evening. Milton Behool Crowded too Owing to want of room in the primary department of the public school, Instructions were issued some time ago that no pupils of less than alx years of age abould be accepted, but the age limit falls to meet present conditions. Every seat in the department is now occupied and, within a short time, at least twelve children have been turned away, some of them over seven years old. There are 120 pupils in the department, too many for one teacher. A considerable increase in population is expected this year and prompt action to meet the altuation is necessary.

Dakville's Schools Overerowded The Board of Education beld a most interesting meeting in the clerk's office on Thursday evening when the question of an additional room and teacher for the public school was discussed at length. The primary room has sixty pupils which is for in excess of a desirable number. Besides, some twenty-five or thirty pupils are waiting to be admitted. The board decided to at once advertise for a new teacher and the lower room of the new wing will be used. Seats were ordered by tele-James L.
