> Base Ball League for Halton We understand there is every likely bood of a strong base ball team being organized in town this year. We are glad to hear this, as something of the kind is needed to keep our young men In good physical trim. From what we have heard there is some first class material in town out of which to form a winning team. There should be county league formed, including Acton, Burlington, Georgetown, Milton and Oakville. That many teams would spake's most interesting series, and there is no doubt the games would be spleadidly patronised by the base bal enthusiasts of these places. And the ter. Removed to Owen Sound Mr. N. F. Moore, who has been man ager of the business in Acton of I loble, miller, Norval, the past five or six years, left on Tuesday to take position with the J. K. McLauchlan Supply On., Owen Sound. Mr. Moore removal is a distinct loss to Acton He has proven himself a most trustworthy and useful citizen and business man. His interest in the church, choir, orebestra and band has been most belpful and acceptable. Mrv. Moore, John L. and wee Margaret will follow in the course of a few weeks. Mr. lighting the County roads with Hydro James L. Warren, who has filled a position in the business here for sever al years, has succeeded Mr. Moore.

> Hore to an Honest Man When returning the roll at the meeting of the Municipal Council or Monday evening Tax Collector Harvey remarked that while the roll showed a sum of 57c. uncollected, the aggregate amount of the taxes levied was really overpaid. During his rounds citizen had stopped him and saked the rate of the dog tax. Mr. Harvey replied that it was \$2.00. "Well," said 'the man, "I have moved to Acton since the assessment was completed, but own a dog, and here is the \$2.00." The collector was naturally somewhat overcome, but he tucceeded in writing the receipt and the new citizen went away with the laward consciousness that he had acted the part of an honest

The peremony was conducted by Rev. F. G. Burrell, B. A., former peator of the bride. The bride, who was given away by her uncle, Mr. Henry Neal, wore a white silk dress and a coreage bouquet of white rooce. She was attended by ber daughter, Miss Rose Clark and Mrs. S. Taylor. Mr. Chan, Clark acted. as best man. The bridegroom's gift to the bride was a sunburst of pearls. The bride's cake was the gift of the bride's sunt. Mrs. H. Neel. Among the guests were Mrs. H. Durstan and Mr. and Mrs. Foulds, of Guelph : Mr. J. Hilton, Mrs. Fiddler, Mr. and Mrs. H. Schoffeld, Mr. and Mrs. F. Schoffeld. and Mr. R. Dunbam, of Toronto; Mrs. R. Gregory, Mr. and Mrs. E.W. The Enlarged School Building The excellent engraving on our first page from the architect's elevation of the proposed cularged school buildings gives a very striking view of the appeerance of the building when completed. The plans both for exterior and interior have been approved by the Education Department. The ad dition of the three new rooms will relieve the crowded condition years. The location of the school is admirably adapted to the town. It is of Acton, Brampton, Georgetown and well isolated and withal is fairly soose alble to all the scholars from all our homes. A Contrast in Tax Collecting There is a deficit of \$2,500 in North Hay's tax department. This is quite a contrast to Tax Collector Harvey's record. The roll here was returned on Monday evening with only 57c., the tax on a umail non-resident lot, uncol lected. This is certainly a record to be proud of. It says much for Mr Harvey's ability as a efficient collector of taxes and also much for the financial standing and integrity of Acton' ratepayers.

Erampton Masons Decisaje New Hal The Masons of Brampton and vicinity turned out well to attend the dedication of their new Masonio lodgeroom which took place this evening. The Grand Master M. W. Bro. Aubrey White and the officers of the Grand new lodgeroom, it is believed, is one of the finest in the country. Milton Behool Crowded too Owing to want of room in the primary department of the public school, instructions were issued som time ago that no pupils of less than six years of age should be accepted, but the age limit fails to meet present conditions. Kvery seat in the depart ment le now occupied and, within short thme, at least twelve children have been turned away, some of them over seven years old. There are 120 pupils in the department, too many for one teacher. A considerable increase in population is expected this year and prompt action to meet the

situation is necessary. Onkville's Schools Oversrowded The Board of Education held a mos interesting meeting in the clerk's office on Thursday evening when the onestion of an additional room an teacher for the public school was discuseed at length. The primary room has sixty pupils which is far in excess of a desirable number. Besides, some twenty-five orthirty pupils are waiting to be admitted. The board decided to at once advertise for a new teacher and the lower room of the new wing will be used. Heats were ordered by tele phone this morning and the new tea cher is expected to ethet on May lat .-

The New C. P. H. Line The new C. P. R. line from a point near Bolton in a westerly direction through the counties of l'eel and Halton, to a point on the line near Campbellville, was one of the clauses in the O. P. R. Act of 1913, taken up by the Committee of Railways and Canals at Ottawn on Tuesday. This is one of ten new C. P. R. branch lines. The company may leave bonds for \$50,000 a mile for this Ontario Branch, may commence to build in two years, and must complete in five. The Committer passed the bill without amendments, : The line will probably run through or near to Acton.

Cruelty to an Animal Wm. Watson, a drover for James Fallis, stockman, appeared in the Polloe Court and was fined \$1 and \$0 poets for abusing a steer which he was driving loto a local butcher on Monday evening from the west side. Chief Kidd was called by telephone to the scene in Queen Street west where Watson had a fat bullock stalled the road. The animal had probably been stall fed and could not travel The methods Watson was using arous ed the neighborhood and a citizen phoned the Chief. Like most of his kind Watson seems to have no conception of what constituies cruelty to an animal. There are others besides Watson bereabouts guilty of cruelty to animals. There are those fellows who tie the legs of a calf together and throw it belpless into the bottom of wagon. We hope the Chief will get some of them .- Brampton Banuer.

No Liquor Licenses for Brampton The License Commissioners of the County, Mesers, Hare, Jamieson and Barber, met at the Court House last Thursday, Applications from the Queens, Royal and Graham House in Brampton were received but no action was taken. The applications of the last two were accompanied by petitions signed by the required number of ratepayers. Nobody appeared for the Brampton applicants, but the temperance people were represented by Mr. B. F. Justin and Rev. Dr. Long. The License Commissioners of Peel have done what they announced they would-granted on botal licenses in Brampton: From their action in the matter it can unly be concluded that the license law of Ontario no longer applies to Brampton. We are now under department law, the law of Hon, Mr. Hanns, the interpretation of which is dependent on the instrucion of Mr. Samuel Charters, Conservative M. P. P. for Poel. The License Councilsaloners simply carry out the orders of their superiors, and these orders are that no licenses be granted in Brampton-Banner.

New England folks who want the world outside to know about them and their products are using advertising, but there are still a few who are throwing kisses in the dark.
