**Concrete is the best building material.**  
A BROAD statement—yet literally true. The aim of man from the beginning has been to make his building materials as nearly like natural stone as possible. The great labor required to quarry stone led him to seek various manufactured substitutes.

**Canada Cement**  
A constant of the highest possible quality, which insures the success of their concrete work. The secret of concrete's popularity in Canada lies in the fact that while we have been utilizing the use of concrete, we have also been producing by scientific methods, a cement so uniformly high in quality that the concrete made with it gives the complete satisfaction our advanced people demand.
