he said. "I am personally grateful, because it is one of the few things which a man gets in this life which he is not compelled to take home and turn over to his wife." Dr. Stratchan also told a good story of examinations, referring to "those about because we knew said he was one day talking at Queen's about a certain student.

THE TURKISH RACE

ournement at the Brunt House this week. Gunner Gould took his crack Loring P. Jordan, for some time netructor .. in . the .. Robert College.

> The Turkish race has sprung from he pomedic migration of a few adventurers who commenced to force their way into Asia Missor during has shown certain characteristics which were then predominant. At no period has the Turk taken an interest developing trade 'xcept insofar as has been necessary to his existence. After Turkish armies conquered a new province the soldiers look tilling the soil on a small scale, while the leaders assumed the Government

races in their country to conduct all The Turks have no aptitude for heir husiness internets rarely extend sevend small stores. The shipping ndustry is controlled by the Greeks, and the banking by the Armenians and Jews. The great Sultane of Turkey have had Armenian financiers manage their imperial treasury. There are only two outlets for an mbilious Turkish youth, the army r government. syrvice, for a preju-

lice exists among them that commer rial life is degrading. The meanest Turkish peasant has great conten.pt for the Christian saces which his forelathers conquered. The lowest classes impress upon all non-Moslems their feelings of super-

The Turkish people are thoroughly imbued with a belief in fate. It appears in their actions and thoughts They are roady to accept what "God wills" without complaint, whether if e to perials from starvation, as at drianople, or to have the loss of fortune. The war in Macedonia is driving thousands of himeless peasants back into Asia Miner Every Turk is a natural soldier. No other race takes so easily to the rigor of discipline. In Constantinople during the reaction 30,000 soldiers. most of whom had never been in a city, were turned loose every morn-They were told to preserve order nd were fully armed. At no time during a period of several weeks was any complaint heard that these ignorant soldiers committed any set of violence or even made the wlightest disturbance, yet there was no government except the army. No disorders arose from drunkenness, as the Turks

obey the Mahometan precept to abstain from the use of Intoxicants. Recreation is always of the quietest nort. Men of all classes congregate in little coffee shops, drinking coffee and amoking eigarettes. They discuss religious and philosophical questions an are fond of listening to their inimitable story tellers. No Turk over indulges in exercise or sports and he refers meditation to activity. While few attend the five Orthodox daily services in the mosques, there is a constant stream of worshippers go-

ing to and fro. During services the shops around a mosque often will be found vacant. At sunset the proprietor allows customers to remain unattended while he kneels on his prayer rug and lifts his thoughts to his Neither class por color distinction exists in Turkey.
