A local character of note; and the

leading man of business of the community, is Mr. James Oberholt, a doein compensation for their strangous and somewhat dangerous labors,

But this community has a much funeral will take place on Friday after barlier history than the days of the they have done. Kitty-And men tore blast furnace and co-incident activities of that date. Its recorded bletory dates back as far as 1000 when the E Sulpician missionaries Jolliet, La Salle, Galinee and Dollier from Brance exploted this part of our province, when they called our land New France, Galines describes the wild grape of the district as red and sweet and equalling in else and flavor the best French grapes. After exploring this section the missionaries proceeded to Long

Toronto Ang. 23rd to Sept. 8th wrecked their boat and the greater

part of their beggage and provisions were lost. It was near here that John Maynard, brave Krie lake-pilot, lost his life as he beached his passenger

In 1703, when Governor Himone wa traversing this province and had deter mined to make London-then known as Georgina - a great metropolitan city, with navigation up the Thamer. The Committee on Pinance present and the seat of Government for Upper Canada,-Niagara being too exposed to assault, and Toronto not ye thought of -he selected the site for garrison town near the beadland known as Point a la Biche, but which 11.80 be had now named Turkey Point. 2.20 Turkey Point is three-fourths of a mile west of Normandale. This garrison town was to have communication 12.70 with the mastern frontier by a military road, and the whole north shore o Lake Krie was to be colonized with United Empire Loyalists of the mos upcompromising kind. In the midet 14.33 of his military and colonising enterprizes, however, Governor Simcoe was appointed to the West Indies and all his plane fell into disorder and decay Old residents have pride to pointing out the remains of the earth works then constructed, and also to the rebeared of stories of buried cannot \$205.15 and military treasure at this point

during the war of 1812. Dr. Grant says: "There is a loca tradition that Aaron Colver, one of the Norfolk ploneers, whose descendants still reside and prosper here, offered Governor Simons a banket of watermelons on one of ble visits. that his Excellency marked his high official approval of the fruit by bestowing on the donor the best mill site on

The Long Point country still main tains, through fishery laws and thul house regulations, something of its early celebrity for fishing and fowling. Black base, pickerel, perch and stur goon still frequent the waters. Maskilonge are freely taken, but being prohibited from sale for commercial purposes are preserved to the sports men and tourist. The Inland stream still abound with speckled trout.

It was our good fortune to meet if boook Brothers at Turkey Point, three of whom make a good living at craft as flabormen, as their fathers did and in all probability their children will also do. They occupy only cottages under the shelter of Turkey Point. Mr. Lou Snooks informed the writer that the season has been good one. He cited the fact that h and his partner had this sunmer notted three sturgeon, averaging over 150 pounds, and the three had brought them \$156 in cash from the fish buyers. In one of these fisherman's cottages

Professors Zavitz and Graham of th Ontario Agricultural College, Guelph, with their families, have spent the Wellington, Perth and Oxford brought summer for several years. They deem this one of the most attractive points

In driving back to Simoos our route lay through the blow sand plains of Norfolk. Here numerous farms at one surroundings and important manu- time rich and productive are now facturing interests within its borders, covered with sand which drifts like Ohief among the latter is the extensive | snow over fields, fences, orchards and buildings. One farmer's line fence was pany, with its affiliated departments passed where it is alleged the rails are of can making and lithographing. It thirty in height. As the sand drifted Council's is a busy town, clean and tidy, and the rails were continued upward. Home farms have been deserted, but the efforts of the Ontario Government But Simone was not our objective at reforestry, and the plans of the point. A Russian urtist who has so the oughly mustered the English Janguage that all its subtleties are as familiar to him as are those of the language of the rant was telling a few friends about the difficulties he encountered. "You have so many superfluous lotters," be

said, "that when I began to think was becoming a master of your lan guage I succeeded in baying myself laughed at a dozen times a day. I began to learn English in Boston, Its American fortress. One day while walking with a friend I saw a street sign. 'Oh,' I said, 'what a funny hamo for a street! Kneeland street! I pronounced the K. 'You're wrong,' said my friend. 'You pronounce it "Neeland" street. The K is slient' I took the lesson to beart. The next day went into a restaurant. I koked over the bill of fare. Wive me some "ldpays," I said. The servitor looked at me aghast. Finally in desperation polated to the record of what I want ed. 'Ohl Kkineys,' be said. 'Excuse me,' I rejoined haughtly, 'the K is

Gladstone on Disraeli.

G. A. Blurny, A. R. A., recorded touching incident he witnessed at the academy benignet of 1831 when a por truit for which Beaconsfield had ant to Millals shortly before his death was among the exhibits. "This unfalshed work, pale and even ghantly, was in one of the side gulleries. Gladstone, calching sight of the picture, went and stood long in ft at of it . . . No one disturbed him. At the end of the and most feeling tone delivered a pan qualities of the man who, though op posed to him in politics, was in to other souse an opponent. He spoke as only one generous in heart and of broad and great mind could speak of another great man who had passed away. The speech surpassed anything I ever heard."-London Chronicle.

A Park of Glaciera horthern Montans, 200 miles northwest of Yellowstone park in an air line and 447 miles by railroad. It is under the control and supervision of the secretary of the interior, who is represented in the actual administration of the bark by a superintendent, assisted by a number of park rangers who patrol the reservation. The park is bounded on the north by the Canadian line, on the east by the Blackfoot reservation and on the west and south by the Flathead river. It has an area of about DIS,000 acres and derives its name from many glaciers which are scab tered throughout its area. There are eighty glacides between five square miles and a few acres in area. The park is a rugged mountainous region and contains over 250 lakes, which are surrounded by steep and beautifully wooded mountains.

Time in Teheran "Time is a difficult problem in Te herah," says the Baroness d'Hermalle in "Peeps Into Persia." "At approxi-Counck parade ground, but the approximation depends entirely on the fires it when he feels hungry, as it is | Q very erratic. Anybow, when invited, out to dinner we always inquire of our host whether he keeps legation or gun time. Sometimes there is half un. hour's difference. Neither of these times is ordinarily correct. Correct Teheren, is kept by the Indo-European telegraphs, for whom it is telegraphed from London every morning at day break, when the line is clear, so that connection is practically instantane

"Shouting" in Australia. "Treating" is a form of hespitality That is perhaps more common in Aus tralis than anywhere else. There it is known as "shouting." It is a legacy from the "flush times" of the gold Solds-the "roaring Sittles"-when to refuse to drink with a lucky digger meant running a risk of being shot on means to insist on everybody present. triends and strangers alike, drinking at the shouter's expense, and as no one will allow himself to be outdone to this reckless sort of bospitality each quently deplorable consequences."

The Incentive "I have struck a new line of writing," said Scribbler. "I write articles from the point of view of a multimillionatre." "Indeed! How do you manage to get in the right aptrit?"

"Oh, that's easy. I write on the ernoon of pay days."-Exchange.
